Dear Sir/Madam

**RE: Permission granted to conduct an Environmental Impact Assessment for Municipality  
Dumpsite/Landfill site.**

The letter is to inform that the Excel Dynamic Solutions was granted permission to conduct an EIA for Grootfontein Municipal proposed dumpsite/landfill site.

Grootfontein Municipality for the past year has experienced difficulties in conducting the EIA, and this has become a challenge to our environment and the surroundings. As a Local Authority, we have to adhere to the rules and regulation as stipulates in the **Environmental Management act of 2007** and to comply with all required guidelines and procedures.

Please accept the assurance of my highest consideration

Chief Environmental Practitioner
