OFFICE OF THE ENVIRONMENTAL COMMISSIONER

The Chief Executive Officer  
Engen Namibia (Pty) Ltd  
P O Box 201  
Windhoek  
Namibia

Dear Sir /Madam

**SUBJECT: ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE OPERATION AND DECOMMISSIONING OF EXISTING OSHAKATI ENGEN SERVICE STATION, OSHAKATI, OSHANA REGION**

The Environmental Management Plan submitted is sufficient as it made provisions of the environmental management concerning the project's activities. From this perspective regular environmental monitoring and evaluations on environmental performance should be conducted. Targets for improvements should be established and monitored throughout this process.

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project. From this perspective, I issue this clearance with the following conditions: (a) relevant permitting authority involved must be properly consulted and written consent obtained from them; and (b) the spill containment slab with oil/water interceptors and oil/water separator should be installed before the renewal date of this certificate to mitigate possible groundwater pollution.

On the basis of the above, this letter serves as an environmental clearance for the project to commence. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project's activities. Instead, full accountability rests with Engen Namibia (Pty) Ltd and its consultants.

This environmental clearance is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

  
Teofilus Nghitila  
ENVIRONMENTAL COMMISSIONER
