RE: EPL 6448 & Mining Claims

We, Headmen and Members of Marienfluss Conservancy kindly request Minister of Ministry of Mines and Energy, Mining Commissioner and other officers to grant EPL 6448 to “Phoenix Mineral Resources” Pty Ltd.

“Phoenix Mineral Resources” Pty Ltd has been working in Kunene area since 2008; and the owners of the company namely Ms. Elena Repina and Dr. Sergey Paraketsov have built reliable and trustful relationship with the Headmen and Members of local community and of Marienfluss. Together with the community, Elena Repina and “Phoenix Mineral Resources” help to develop our mineral potential while being Exclusive Operation Agents over the mining claims 69857-69859, 70005-70009 (applied), belonging to Johannes Phillipus – for which they have our full consent.

The EPL 6448 covers a part of Marienfluss Conservancy; hence Headmen and Members of Marienfluss Conservancy would like it to be granted to the people whom the Community can trust, and who will develop it to the benefit of the Community.

“Phoenix Mineral Resources” Pty Ltd has already entered in agreement with Marienfluss Community regarding development of Marienfluss Conservancy in case if the EPL 6448 will be granted to “Phoenix Mineral Resources” Pty Ltd. Please see attached.

Headmen and Members of Marienfluss Conservancy will highly appreciate your positive consideration on this matter.

Signed on 9 of April, 2017,

At Marienfluss, Kunene Region
