

REPUBLIC OF NAMIBIA

ENVIRONMENTAL QUESTIONNAIRE FOR MINING CLAIMS IN NAMIBIA

BEING APPENDIX A TO THE ENVIRONMENTAL CONTRACT

1. BACKGROUND INFORMATION

- 1.1 Companies/Natural persons applying for **MINING CLAIMS** must complete this questionnaire. (Please fill in ALL questions).
- 1.2 The answers provided in this questionnaire shall be regarded as commitments which will become part of the **Environmental Contract** between the Holder and the Government of the Republic of Namibia, duly represented by the Ministry of Environment and Tourism (MET) and the Ministry of Mines and Energy (MME).
- 1.3 Once the Holder has completed this questionnaire MET and MME will either accept/reject/request further information regarding the environmental commitments made therein. MET and MME reserve the right to add further conditions.
- 1.4 Once agreed to by all parties concerned, the completed questionnaire shall form part of the **Environmental Contract**.
- 1.5 Please attach a map of the mining claim area and a copy of the application to register mining claims.

2. Holder details

2.1 Name of Holder	Ronaldius. Clereus. Adams
2.2 Name of Mining Claim Holder (if different from 2.1)	
2.3 Telephone, Fax, Cell Phone and/or E-Mail	Tel: 067/30004 Fax: E-Mail: adamsclereus@gmail.com Cell: 0815528954 ✓
2.4 Postal Address Residential/Registered Address	PO BOX 4 Kamanjab Erf 360 extension 2 Kamanjab
2.5 Reference Number	NEPL No: 9520 Expiry:
2.6 Registered Number(s)	# 74183
2.7 Location (Farm, District, Region) of mining claim(s)	Farm Zendrag Pos, Outjo district Kunene Region
2.8 Group(s) of Mineral(s) to be mined	Semi Precious Stones

(Handwritten signature)

2.9 How many people will work on your mining claim, and where will they live?

Number of people	Where will they live?
05	At farm Eendrag Pos

3. Environmental commitments

3.1 Pollution and Waste

3.1.1 What will you do with **normal litter** (e.g. Kitchen spoils, cans, bottles, paper, etc.)?

I will make sure to keep all the litter together and take it to Kamanjab Dumping site which is +-70km and through it there

3.1.2 What **industrial waste** will be generated and what will you do with it (e.g. old machinery, vehicles, building rubble, batteries, paint, thinners, vehicle oil, etc.)?

Old machinery, vehicles, Batteries, Building rubble and vehicle oil, i will take it to the dumping site or to the scrape yards once its no more usefull

3.1.3 Describe what type of **toilet facilities** will be provided.

Tip Toilet Facilities will be provided at the mine

3.2 Vehicle, earthmoving equipment, drilling and blasting

3.2.1 List the type and quantity of vehicles, earthmoving equipment, drilling equipment, and other machinery likely to be used on your mining claim (e.g. 2 x bakkies; 1 x bulldozer, etc.)

Vehicles:

3 X Bakkies

Earthmoving equipment:

NONE

Drilling equipment:

NONE

Other equipment and/or machinery:

Hand Tools

3.2.2 Describe the environmental damage that is likely to result from the use of vehicles and machinery within the mining claim area (e.g. on the landscape in general, soil, vegetation, noise, dust, etc.).

The only damage for now will be soil whereby we will make another road from the one which is already existing to the mining claim, at this current moment with we will use hand tools and there will be no noise and dust because we will not use any machinery for now.

3.2.3 How will you control the movement of vehicles and machinery in order to minimise environmental damage?

I will make sure that only the roads which is existing to the mining claim must be used in order to minimise environmental damage

3.2.4 Which routes will be used by vehicles to get to your mining claim and state whether you intend making new roads or tracks (both to your mining claim and within your mining claim)?

The only route that will be used is the one we create from the route which is already existing on the farm for the vehicles to use and for the tracks is already there from the farm to my mining claim and i will not allow new tracks to be created for proper maintenance (control)

3.4 Relations with neighbouring communities and/or the general public

3.4.1 Are there any people living in or near your mining claim?

Yes: No: Unsure:

3.4.2 If "yes", explain where these people live and describe their economic activities.

There are two Homes (family) at my farm Eendragpos, and there is no other source of economic activities

3.4.3 If "yes" in 3.4.1, explain what you will do to maintain a good relationship with such people.

All of us are from the same family and our relationship is good as always and i already inform them about the project

3.4.4 Will the activities on your mining claim restrict the movement of other people in the area (e.g. the general public, tourists, farmers, local people, etc.)?

Yes: No: Unsure:

3.4.5 If "yes" for 3.4.4, please explain why their movements or access will be restricted.

3.5 Protection of plants and wildlife

3.5.1 How will you ensure that your activities will not cause unnecessary damage to **plants and wildlife** in or near your mining claim) e.g. hunting, plant collecting, fishing, etc.)?

I will cotton off my Mining Hectors and Make sure that no hunting or Debushing take place on my Mining Hectors, i will also make sure that one or two people remain at the mine to control the area while others go for off days.

3.6 Historical, archaeological and cultural heritage (e.g. rock art, graves, monuments, fossils, sacred sites, historical buildings, etc.)

3.6.1 Are there any historical, archaeological or culturally important sites within your mining claim area?

Yes: No: Unsure:

3.6.2 If "yes", please describe briefly.

3.6.3 If such sites are known, how will you avoid damaging them?

3.6.4 If such sites are discovered after you have started working your mining claim, would you accept new conditions to this contract so that they can be properly protected?

Yes: No: Unsure:

3.7 Rehabilitation

3.7.1 When will you rehabilitate the environmental damage done during prospecting? (Tick the appropriate box)

I have no intention of rehabilitating any damage
On a continuous basis (i.e. simultaneous with prospecting)
Only after all prospecting has finally been completed
I don't know

3.7.2 Describe the programme of mining from the start and the methods to rehabilitate damage.

We will start ~~digging~~ Digging at the place where we notice it. Where potential for prospecting, and after prospecting ~~and~~ the method to rehabilitate damage will be done on a continuous basis.

4. Existing Damage

Describe what environmental damage exists in your mining claim area now, in other words, damage caused by someone else before you began working on the mining claim. Where possible, provide evidence such as photos, statements, etc.

None Existance because it's still an flat area.

I hereby declare that the information provided in this questionnaire, is to the best of my knowledge, accurate and correct, and that I'm prepared to keep to the commitments stated therein.
