

# **PUBLIC CONSULTATION MEETING MINUTES**

**05 December 2021**

**PUBLIC CONSULTATION MEETING MINUTES:**

**ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENSE (EPL) NO. 8137 LOACTED NORTHWEST OF KHORIXAS TOWN IN THE KUNENE REGION, NAMIBIA**

**Date:** Sunday, 05 December 2021

**Time:** 12h30

**Venue:** Under a tree, on Mooirivier Farm 738 and at |Gaiodaman Traditional Authority Head Office in Anker Village

The Public Consultation Meeting was attended by over twenty (20) people on Mooirivier Farm 738. Thereafter, Mr. Nerson Tjelos ('Consultant' hereafter) visited the |Gaiodaman Traditional Authority Head Office in Anker Village where three (3) representatives were notified of the project, updated on the outcome of the public meeting and engaged to share their concerns and input. **Please refer to the attached attendance register.**

**COVID-19 REGULATIONS ADHERENCE**

The Consultant reminded the gathering of the COVID-19 health regulations. Social distancing was observed at the meeting on the Farm. The Traditional Authority office has hand sanitation facilities that were availed to meeting attendees. The boardroom chairs were set up in a way that social distancing between attendees was observed.

**TRANSLATION OR INTERPRETATIONS OF LANGUAGES (ENGLISH AND DAMARA)**

Given the fact that some of the meeting attendees were elders from the area who only spoke Damara and Afrikaans language and to ensure transparency and effective communication in the meeting, Mr. Ismael Richter translated for the elders (from English to Damara) and provided translation to the Consultant from Damara to English to make sure that all comments and other inputs presented in the local language were recorded in the minutes for consideration in the ESA Report.

## **INTRODUCTION AND WELCOMING REMARKS**

### FARM MOOIRIVIER

The meeting was opened with a prayer and welcoming remarks by the Traditional Authority Senior Leader Mr Ismael Richter. He then handed over the floor to the Consultant who expressed gratitude to everyone in attendance for making time to attend the meeting and briefly introduced himself and the consulting company to the community members and explained to the attendees what the meeting was all about and why they were invited.

The meeting attendance register was circulated for the attendees to write down their names, contact details and sign so that they could be added to the existing list of interested and affected parties (I&APs) and receive further information on the ESA process.

### IGAIODAMAN TRADITIONAL AUTHORITY HEAD OFFICE

The meeting was opened with welcoming remarks by the Secretary of the Traditional Authority Mr Manfred Katjoko, followed by the introduction of the Senior Traditional Leader Ms Monica Uwites and Mr Ismael Huiseb. The Secretary requested the Consultant to brief the Traditional Authority on the project and to share the required support from the Traditional Authority. The Consultant expressed gratitude for the opportunity granted and briefly introduced himself and the consulting company.

## **MEETING AGENDA AND PRESENTATION**

The consultant presented the agenda of the meeting which included the following main points:

### **2.1 Brief Description of the Project**

A brief description of the project activities was presented to the attendees. The Consultant gave a background of the Proponent (Mr Sebulon Orrrens Huiseb) highlighting his interests as the EPL holder including exploration and development activities for exploitation of Base and Rare Metals (i.e., Copper) on the EPL area and the brief presentation of the activities and resources anticipated for the project.

The Consultant further explained the EIA process to the community members (at Farm Mooirivier) and to the Traditional Authority and outlined the competent authorities for the project and what their roles are in the proposed project. He further explained that the proposed exploration activities are one of the listed

**Excel Dynamic Solutions (Pty) Ltd**

**Web:** [www.edsnamibia.com](http://www.edsnamibia.com)

activities that cannot be undertaken without an environmental clearance certificate (ECC) from the Environmental Commissioner; and what the ECC entails and its purpose in line with the proposed project.

### **2.3 Presentation of Potential Project Impacts**

The Consultant presented the pre-identified potential positive (i.e., creation of employment opportunities, boosting of local economy etc.,) and negative environmental (disturbance of farming land, impact on biodiversity, surface scars, occupational health and safety etc.) and social impacts to the attendees, this was done to ensure that the affected parties understand both sides of the activities on the proposed project.

### **2.4 Public Open Discussion (Interactive Session)**

The meeting attendees were then presented with an opportunity to raise their concerns/issues and or comment on the proposed project activities.

The issues and comments recorded are presented in **Table 1** below.

**Table 1: Comments and issues raised during the public meeting on Farm Moorivier and at |Gaidaman Traditional Authority Head Office.**

Comment/ issue No.	Issue / comment / question	Response and name of responder:
1.	In the past we relied on farming but drought has made farming difficult. We lost our livestock. Therefore, exploration activities are welcome so community members can get employed	<b>Consultant:</b> The concern is noted. Recommendations will be made to the Proponent in the ESA report and in the Management Plan under Decommissioning Section.
2.	What stage is the exploration project	<b>Consultant:</b> The Proponent has been issued an 'Intention to grant the EPL' by the Ministry of Mines and Energy pending the Environmental Clearance Certificate from the Ministry of Environment, Forestry and Tourism. Exploration work will only commence once the Mineral Licence Certificate is issued which is subjected to the outcomes of the Environmental Impact Assessment study we are conducting and the recommendations thereof, to allow him to be issued an Environmental Clearance Certificate.

Comment/ issue No.	Issue / comment / question	Response and name of responder:
3.	Environmental Clearance Certificate is issued based on what?	<b>Consultant:</b> The decision to issue a Clearance Certificate is based on the findings of the Environmental Scoping Assessment (ESA) study, public/stakeholders input, and the recommendations made in the Reports (ESA, and Environmental Management Plan)
4.	What is the target commodity?	<b>Consultant:</b> Primary target is Base Metals (i.e., Copper)
5.	Community members should be prioritized when the company is hiring. The area has a high unemployment rate especially of youth	<b>Consultant:</b> The concern is noted. beginning of the hiring process. Recommendations will be made to the Proponent in the ESA report

Comment/ issue No.	Issue / comment / question	Response and name of responder:
6.	We support the proposed project. Mining is the only economic activity that can help our communities. Farming is no longer viable with unpredictable climatic conditions.	<b>Consultant:</b> Comment is noted.
7.	The EPL area is within a conservancy, and the conservancy has sensitive zones. What plans are in place to make sure sensitive areas are not affected?	<b>Consultant:</b> The assessment will establish the possible impacts of exploring for minerals within a conservancy area. The sensitive zones will be identified/ mapped and mitigations measures will be proposed by the study, including complete avoidance of some areas within the EPL if need be. More details will be made available in the ESA report.
8.	Exploration phase is targeting 10 people for employment. Will this number increase at mining phase?	<b>Consultant:</b> If a viable and minable deposit is discovered, another environmental and socio-economic assessment study will be undertaken. Such a study will highlight the mining benefits including the number of job opportunities to be created. From experience, mining phase has a high number of employment opportunities compared to exploration.
9.	Who is the contractor the Proponent plans to use for exploration?	<b>Consultant:</b> This information is not shared with the Consultant. The same question will be posed to the Proponent for a response
10.	How many farms are covered/affected by the EPL work	<b>Consultant:</b> The consultant will share the map with all farms covered.

Comment/ issue No.	Issue / comment / question	Response and name of responder:
11	The Traditional Authority will sit to assess and discuss the project before the issuing of a Consent letter	<b>Consultant:</b> Noted. The consultant will follow up after a week.

## **FINAL REMARKS AND CONCLUSION OF THE MEETING**

The Consultant thanked the attendees at both meetings for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns and inputs had been noted down for consideration and addressing in the ESA Report.

Furthermore, the Consultant informed the attendees that they will have an opportunity to review the meeting minutes meeting and to submit further questions/ comments for incorporation into the draft ESA Report which will also be shared with the public for their review. The EMP and associated documents will be shared with the public for review and further comments prior to finalizing the ESA Report and its submission to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for consideration of an ECC. He also informed them that the period for submission of comments will be open for another 2-3 weeks, after which if there are still concerns and comments they can do so directly to the Ministry of Environment, Forestry and Tourism.

The Senior Traditional Authority Leader concluded the meeting by thanking the attendees for making time for the meeting and with a closing prayer.

The first meeting was adjourned at 14h30 (Farm Mooirivier)

The second meeting was adjourned at 16h40 (Traditional Authority Office in Anker)
