Attention: Mr. Timoteus Mufeti

Dear Sir,

RE: NATIONAL HERITAGE COUNCIL CONSENT LETTER FOR THE PROPOSED PROSPECTING AND EXPLORATION ACTIVITIES (OF DIMENSION STONE) ON EXCLUSIVE PROSPECTING LICENSE (EPL) 7233 NEAR OMATJETE IN THE ERONGO REGION – ECC APPLICATION NO. 003204

Loudima Resources (Pty) Ltd, independent Environmental Consultant would like to notify your office that the Environmental Scoping Assessment Study has been completed and the Report with its Draft Environmental Management Plan (EMP) compiled for the proposed prospecting and exploration activities of Dimension Stone on Exclusive Prospecting License (EPL) 7233 on behalf of Otombawe Mining CC (The Project Proponent).

Please note that the Archaeological & Heritage Impact Assessment (AHIA) for EPL7233 was undertaken during the site visit conducted on the 28th of October 2021. The AHIA Report was compiled by a Specialist (appended to the ESA Report) and submitted to the National Heritage Council (NHC) on the 17th of November 2021 with the Consent Application for Heritage Consent Letter.

A Collective NHC Site verification was scheduled in the Omatjete area early 2022 for all other EPLs application in the surrounding areas. As standard procedure for NHC Consent Applications, the Proponent was requested to make payments for the NHC Site Verification, which was done early December 2021. However, the Proponent did not send the Proof of Payment (POP) with the NHC Technical Department, and as a result, the Verification of EPL 7233 was not included in the Verification Trip. It was only early in April 2022 that when Loudima Resources followed up on the Status of the Consent that we were informed that NHC Technical Department did not receive the POP, hence exclusion of the EPL 7233 in the Collective

Site Verification Trip made early 2022. The proof of payment was reshared with the NHC Technical personnel to include EPL7233 in the next Verification in the Omatjete area scheduled for early May 2022.

Due to this set back, we had indicated to the NHC that the EPL' Rights at the Ministry of Mines and Energy are expiring on the 13th of May 2022, and we would need to submit the Environmental Assessment Documents before that, however, the Consent is still missing. The NHC Regional Heritage Officer, Ms. Agnes Shiningayamwe (Tel: 061 301 903, rho1@nhc-nam.org or shiningayamweagnes@gmail.com) then advised us to upload the Site Verification Response issued to us in December 2021 while NHC completes the Verification and issue the Consent for submission to the Ministry of Environment, Forestry and Tourism (MEFT) once verification is done in May 2022.

Yours Sincerely,

.....

Ms. Fredrika Shagama: Environmental Assessment Practitioner

Dear Sir/Madam,

**RE: APPLICATION FOR CONSENT FOR MINERAL EXPLORATION ACTIVITIES
ON EPL 7233 AT OMATJETE SETTLEMENT**

NHC hereby acknowledge receipt of your application for consent and HIA report titled **HERITAGE IMPACT ASSESSMENT FOR MINERAL EXPLORATION ACTIVITIES ON EPL7233** which we have reviewed and would like to bring the following to your attention.

Upon the review of the Heritage Impact Assessment the Council took a decision that information provided in the HIA should be verified before issuance of the consent. The primary task of the verification for Heritage Impact Assessment is to identify sensitive heritage resources that could be affected by the proposed exploration activities with the view to preserve and safeguard heritage resources. The verification is fundamental part of the HIA process and forms basis of recommended management actions to avoid or reduce negative impacts. The process is in line with legal requirement of section 55 (5) (b) of the National Heritage Act, Act no. 27 of 2004.

Against this background NHC hereby informs you that the verification trip for this application will take place during the period 6th December 2021 – 13th December 2021. As per section 55 (5) (d) of the National Heritage Act (Act.No.27 of 2004). The cost of such verification shall be borne by the proponent. Please find the invoice attached, which we request you to settle before work commences.

We look forward hearing from you.

Yours in Heritage Conservation and Management,

.....
Mrs. Erica Ndalikokule

Director

National Heritage Council of Namibia
