Environmental & Social Impact Assessment for the Exploration Activities of Base and Rare Metals, Dimension Stone and Precious Metals on Exclusive Prospecting License (EPL) 7125, Outjo District, Kunene Region

	Name	Organization/Company	Email	Phone
1.	Mr Kreiner Huberfus	Ekongo Farm	ekongo@unynas	067 350000 0812280444
2.	Mr. Nkie Thomas	TRUST SWARTS	N/A	081 7222 432 081 29399 74
3.	Mr BACH von H	Farmer Owner	svonbach@unynas	081280929
4.	Heimstadt Detlef	Farmer Owner/Manager	not available	081280929
5.				
6.				
7.				
8.				

Mr Kreiner Huberfus, farm owner (149 Kamanjab)

Comment 1: *I am aware of the exploration and in the past, there has been a lot of geologists exploring in the area. They used to take soil samples and the impact on the environment was very low. If the same technique is used then I believe the impact on the environment will be low. If heavy machinery is to be deployed, I am worried because it will disturb the ground and hunting will be difficult and hunters may get the trophy they do not want. I believe crime will increase because a lot of people will be in the area.*

Response 1: Vehicles that will be used for exploration activities are the drill rig truck, excavator, light delivery vehicles (LDVs). Where it is required, Calculus Commodities Pty Ltd shall main the road conditions on regular basis. Calculus Commodities (Pty) Ltd will ensure compliance with the mitigation measures regarding soil and wildlife disturbance as summarised by the EMP, which provides good practice measures.

Mr Heimstadt Detlef, farm owner (Weissbrunn)

Comment 2: *I want to know about the project and why on these farms?*

Response 2: This is an exploration project by Calculus Commodities, a private company that was granted permission to explore for minerals and commodities by the Ministry of Mines and Energy under

its license No.7125. The exploration activities involve geological mapping, ground-truthing, sample collection, where is needed. This might have a negative and positive impact on the environment and our report needs to highlight these impacts. The licence granted looks mostly underground and it covers all these farms. The decision to allocate an EPL on more than one farm was made by the Government of Namibia. These farms show the potential of the minerals that Calculus Commodities has an interest in.

Mr Bach von H, farm owner (Farm Benlah)

Comment 3: *I am not against any development; however, all activities have to be done according to the laws of the owner of the farm. Should be in my farm these activities were going on, I will allow it only if they are accompanied by one of my workers who then have to be paid by them. There be no fire made in the farm, no camping, no car servicing and roads in the farm has to pay for to be used. After excavation of the topsoil or cutting down of trees, the consultant or the owner of the EPL has to cover and replant the trees.*

Response 3: An agreement with the landowner shall be in place before the work commence on their property. The agreement will have all terms and conditions that shall be agreed upon by both parties. All other matters have been cover in the environmental scoping report and EMP.

Oniipa CEO disputes legality of suspension

... says he is not going anywhere

■ Obrein Simasiku

The CEO of Oniipa Town Council, Junias Jakob, has refused to budge despite being suspended by council late Tuesday afternoon, arguing that the meeting at which he was relieved of duties was illegal and unprocedural.

Jakob said he will not go anywhere and as it stands, according to him, he still remains the legitimate CEO, further saying his alleged removal is just a plot. His suspension was confirmed by mayor David Kambonde as well as management committee (MC) chairperson Jafet August, who Jakob has accused of a witch-hunt.

Jakob, who has been the CEO of Oniipa since 2016, was suspended indefinitely with all benefits to pave way for an investigation into allegations of corruption relating to an electrical servicing tender that was awarded in 2020.

"Council through its special meeting resolved to suspend the CEO because the allegations levelled against him are very serious. Even though he was refusing the suspension claiming that it is being done unprocedurally. But we informed him that when he signed and agreed to enter into the electrical tender agreement, it was done unprocedural, as council was not aware. The same applies when he breached the agreement to which he committed himself," said MC chairperson August.

"So, he is suspended with all benefits pending the finalisation of the investigations. Once we are done, the suspension will be lifted but we have informed the minister accordingly in this regard," he added.

However, the CEO hit back. "The mayor indicated that the council was indeed bulldozed by the management committee and he could not do anything about it. The mayor and his present councillors were questioned on the legality of their meeting and whether the MC has legitimate power to suspend

Going nowhere... Suspended Oniipa CEO Junias Jakob.

Photo: Contributed

the CEO but could not answer. The mayor could also not answer apparently the question whether the suspension was consented by the minister," Jakob countered.

The tender to provide electrical services was awarded to West Trading CC, which sought financial assistance from Namibia Procurement Fund (NamPro Fund).

However, NamPro Fund had a cessation agreement with West Trading relating to a financing scheme, which was awarded to the contractor as start-up capital. This deal has since gone sour after Oniipa Town Council, under the stewardship of Jakob, breached such a contract and paid monies directly to the contractor, in contrast to NamPro Fund as initially agreed.

Part of the condition was that Oniipa Town Council pays all dues to NamPro Fund's account, which will then advance whatever remains to West Trading.

It is alleged that it is the breach of that specific clause that landed Jakob in hot water as he approved

funds to be paid to West Trading. NamPro Fund is now suing West Trading and its director, while Oniipa Town Council is listed as a defendant.

The breach amounted to N\$448 149.24 on 18 November 2020, as well as another amount of N\$200 000 advanced into West Trading account on 28 November. While the initial tender was for over N\$1 million.

In his defence, through a 1 800-word letter provided to the media, Jakob said allegations levelled against him are baseless.

Instead, he accused August of spearheading a witch-hunt and trying to taint his professional image.

"This is an internal administrative issue that through his political immaturity went to the extent of politicising and publicising it in the public domain – a conduct which is in contravention with the Code of Conduct of Members of Local Authority Councils of April 2015.

"The council was advised to wait until the legal route of the case is exhausted by the court, but the MC chairperson decided to bulldoze other councillors to peruse an investigation in the project of West Trading CC. I will leave council when it's the right time. I was appointed by council with prior approval of the minister and not by the MC chairperson," he stressed.

Jakob revealed their long standing difference stems from clashes when he refused to allow councillors to use council vehicles to attend Swapo meetings, also for refusing to concede to directives of employing people from outside before according the opportunities internally.

Others, include the extension of an internship programme, as well as matters related to procurement, including issues of land compensation and the interference into administrative operations.

Ithete calls for speedy realisation of SEZs

■ Staff Reporter

Swapo parliamentarian Natangwe Ithete has called for speedy implementation of special economic zones.

He said once implemented, Namibia will become independent from other economies and achieve its aspirations of industrialisation, economic diversification, and development.

Ithete made this call in parliament on Tuesday while contributing to the mid-term budget review tabled by finance minister Ipumbu Shiimi earlier this month where he announced N\$2.2 billion has been made available for reallocation.

Ithete said the medium-term budgetary review does not only facilitate the monitoring by providing a benchmark against budgetary developments over time but it also helps ensure fiscal discipline by making more apparent the impact of policies on the government balance in the coming years.

"I welcome the review because although the country has experienced its worst economic downturn, we continue to thrive and grow with limited revenue," he said.

He said the reallocations of funds to the health ministry to boost the country's Covid response and to the anti-poaching activities as well as support the operations of Namibia Wildlife Resorts (NWR) is crucial.

He said these reallocations are crucial to the recovery of the economy

and ensure that Namibia is ready in case another wave of Covid-19 is to come. He said during the first and second quarters of 2021, Namibia's economic environment was confronted by numerous macroeconomic shocks as well as the Covid-19 pandemic that inflicted the entire global economy.

Besides the loss of lives, Ithete said the pandemic destabilised the economy through disruptions in trade, tourism, production, productivity, supply chains, and other various integration mechanisms.

Additionally, he said the real GDP has also contracted in the first and second quarters of 2021.

With regard to the domestic economy, Ithete said the impact of the pandemic has transmitted through trade and tourism restrictions, low commodity demand, and international commodity prices.

He said the contraction in the economy was observed across all sectors. Furthermore, he said, Covid-19 did not only affect the domestic economy but also the trade balance, as the country continues to experience a trade deficit although the total trade has improved over the two quarters.

"It is imperative that even during these trying times, we remain resilient and continue with the implementation of development policies and strategies to ensure that not only the GDP of the country improves but also increase the productivity and government earnings," he said.

Key... Swapo MP Natangwe Ithete.

PUBLIC NOTICE FOR ENVIRONMENTAL IMPACT ASSESSMENT & CALL FOR PUBLIC PARTICIPATION

SM Dynamic Environmental Consultants hereby gives notice to all potentially Interested and Affected Parties (I&APs) that an application will be made to the Environmental Commissioner in terms of the Environmental Management Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the following activity:

PROJECT DESCRIPTION: New Proposed Landfill Site.

PROJECT LOCATION: Tsumeb Town

PROPOSER: Tsumeb Municipality

Public Meeting:

Date: 30 November 2021

Time: 15:00

Venue: Nomtsoub Community Hall

Environmental Assessment Practitioner (EAP): SM Dynamic Environmental Consultants

REGISTRATION OF I&APs AND SUBMISSION OF COMMENTS:

All Interested & Affected Parties are hereby invited to register and submit their comments, concerns or questions in writing or request for Background Information Document via Email: mkluivert@gmail.com, or info@smdynamic.org 085 1443800 on or before 3rd December 2021.

NOTICE TO ALL INTERESTED AND AFFECTED PARTIES

ENVIRONMENTAL & SOCIAL IMPACT ASSESSMENT FOR THE EXPLORATION ACTIVITIES OF BASE AND RARE METALS, DIMENSION STONE AND PRECIOUS METALS ON EXCLUSIVE PROSPECTING LICENSE (EPL) 7125, OUTJO, KUNENE REGION.

Notice is hereby served to inform all potentially Interested and/or Affected Parties that an application will be made to the Environmental Commissioner in terms of Environmental Management Act (No. 7 of 2007) and the Environmental Assessment Regulations (2012) for the following intended activity:

Proponent: Calculus Commodities (Pty) Ltd

Project Name: Exploration activities of base and rare metals, dimension stone and precious metals on EPL 7125, Outjo, Kunene region.

Project Location: EPL 7125, Outjo, Kunene region

Environmental Consultant: Green Team Consultants has been appointed by Calculus Commodities (Pty) Ltd as an independent environmental practitioner to conduct an Environmental Impact Assessment for the exploration activities of base and rare metals, dimension stone and precious metals on EPL 7125, Outjo, Kunene region. **Schedule of public meeting is as follows:**

Date: 27th November 2021

Time: 10:30 AM

Venue: Gelbingen Lodge, Kamanjab

All Interested and Affected Parties (I&APs) are encouraged to register with this study. Submit all issues, comments and opinions before 30th November 2021.

NOTICE

Take notice that **HARMONIC TOWN PLANNING CONSULTANTS CC, TOWN AND REGIONAL PLANNERS**, on behalf of the owner of the respective Erf, intends to apply to the **Divundu Village Council and the Urban and Regional Planning Board** for the:

- **Amendment of Title Conditions of Erf 509 from "Industrial" to "Business".**

Erf No. 509 Extension 2, Divundu measures approximately ± 4 631 m² in extent. The owners of Erf No. 509 Extension 2, Divundu intend to change the title conditions of their Erf for the purposes of a shopping mall development. Additionally, parking to the development will be provided in accordance with the requirements of the Divundu Village Council.

Further take notice that the plan of the Erf lies for inspection on the town planning notice board at the **Divundu Village Council** and at **Harmonic Town Planning Offices, 76B Pasteur Street, Windhoek West**.

Further take notice that any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the **Divundu Village Council** and with the Applicant in writing within 14 days of the last publication of this notice (**final date for objections is Friday, 03 December 2021**).
