

Annex 3: Stakeholders Communications for EPL 8157

From: Dr Sindila MWIYA <frontdesk@rbs.com.na>
Sent: Monday, 25 October 2021 7:50 AM
To: 'HW Muller' <prinshoek217@gmail.com>
Subject: RE: Confirmation of Your Registration as an Affected Party for EPL 8157
Importance: High

Attention: HW Muller,

As per your email request below, I hereby confirm your registration as an Affected Party with respect to the application for Environmental Clearance Certificaten (ECC) for the proposed minerals prospecting / exploration activities for the EPL No. 8157 n Re: farm Prinshoek 217. Please find attached to this message the BID for more information with respect to the environmental assessment process to be undertaken in support of the application for ECC for the proposed prospecting activities.

Our study covers general work aimed at supporting the application for ECC for this specific license that will enable the EPL holder to undertake field-based exploration activities if potential targets are delineated during the desktop study phase. Access to private or communal lands to undertake field-based exploration activities by the Proponent may only be undertaken with the consent of the land owner/s or traditional authority respectively and as may be agreed in the Access Agreement to be negotiated as may be applicable.

The EPL allows the Proponent to only conduct exploration/ prospecting activities not mining. If there is a discovery of commercial minerals resources which can take many years to achieve, the Proponent will need to prepare a feasibility study to apply for a Mining License (ML) in order to undertake mining operations. Separate site-specific studies will be required in order to support the ML together with all the other applicable permits from various Ministries. Furthermore, before an ML is granted, an Access Agreement with the land owner or land rights holder is required by the Ministry of Mines and Energy (MME).

Therefore, for now, the EPL is only focused on research / collection of data in order to determine the mineral prospectivity of the license area.

Please, contact me if you require any further clarifications. I will keep you updated on the progress of the ECC application process.

For your information, please follow the link to have a look at all minerals licenses issued by MME in Namibia <https://maps.landfolio.com/Namibia/>

Many thanks,

Dr Sindila Mwiya

Subject: RE: Confirmed Registration as concerned party for environmental clearance EPL 8156,8158, 8157
Importance: High

Good afternoon,

Attention: Marion Ritter,

As per your email request below, I hereby confirm the registration of the people listed below as stakeholders with respect to the application for Environmental Clearance Certificates (ECCs) for the

proposed minerals prospecting / exploration activities for the EPLs Nos. 8156,8158 and 8157. Please find attached to this message the BIDs for more information with respect to the environmental assessment process to be undertaken in support of the applications for ECCs for the proposed prospecting activities.

Our study covers general work aimed at supporting the applications for ECCs that will enable the EPLs holders to undertake field-based exploration activities with the consent of the land owners as may be agreed in the Access Agreement to be negotiated as may be applicable.

The EPLs allows the Proponents to only conduct exploration/ prospecting activities. If there is a discovery of commercial minerals resources which can take many years to achieve, the Proponents will need to prepare feasibility studies to apply for Mining Licenses (MLs) in order to undertake mining operations. Separate site-specific studies will be required in order to support the MLs and all the other applicable permits from various Ministries. Furthermore, before an ML is granted, an Access Agreement with the land owner is required by the Ministry of Mines and Energy.

Therefore, for now, the EPLs are only focused on research/ collection of data in order to determine the mineral prospectivity of the license areas.

Please, contact me if you require any further clarifications. I will keep you updated on the progress of the ECCs application processes.

Many thanks,

Dr Sindila Mwiya

To: Tanja Dahl <nau@nau.com.na>
Subject: RE: Confirmation of Your Registration as a Stakeholder for ECCs Applications
Importance: High

Good afternoon,

I hereby confirm your registration as a stakeholder for the following ECCs applications:

- 7876 & 8075 Erongo Region
- 72287, 72288, 72584 & 72585 Hardap Region
- 8156, 8158 & 8157 Otjozondjupa Region

Please find attached to this message the BIDs for more information with respect to the environmental assessments processes being undertaken in support of the applications for ECCs for the proposed prospecting for all EPLs and prospecting and possible small scale quarrying activities in the MCs.

Our study covers general work aimed at supporting the applications for ECCs for this specific licenses that will enable the holders to undertake field-based exploration activities, if potential targets are delineated during the desktop study phases. Access to private or communal lands to undertake field-based exploration activities by the Proponents may only be undertaken with the consents of the land owner/s or traditional authority respectively and as may be agreed in the Access Agreements to be negotiated as may be applicable.

The EPL allows the Proponent to only conduct exploration/ prospecting activities. The MCs allows the holder to undertake prospecting and small scale mining activities in an event of a commercial discovery. If there is a discovery of commercial minerals resources which can take many years to achieve, the Proponents will need to prepare feasibility studies to apply for a Mining Licenses (MLs) in order to undertake large-scale commercial mining operations. Separate site-specific studies such as EIA, EMP, social, fauna, flora, water and other linear infrastructure needs will be required as part of the feasibility study in order to support the ML applications. Furthermore, before an ML is granted, an Access Agreement with the land owner or land rights holders is required by the Ministry of Mines and Energy.

Therefore, for now, the EPLs and MCs are only focused on research / collection of data in order to determine the mineral prospectivity of the license areas covered. The probability of any EPL to advance to a mining project is 0.001 or equal to zero and that means most EPLs just expires. It is only the Government that always makes the money inform of subsurface minerals rights rentals.

Minerals exploration activities are highly important sources of critical data sets that keeps on enriching our geological subsurface national knowledge-base and highly critical in the ongoing search and management of other subsurface resources such as water and energy sources and all vital for our socioeconomic development, environmental protection and management balanced spheres.

Your inputs are important to us and please, contact me if you require any further clarifications. I will keep you updated on the progress of the ECCs applications processes.

Many thanks,

Dr Sindila Mwiya

PUBLIC NOTICE

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (EECs) FOR MINERALS PROSPECTING ACTIVITIES BY GMA MINING CC EPL 7876 AND BLUESTATE INVESTMENTS (Pty) Ltd EPL 8075, OMARURU DISTRICT, ERONGO REGION

GMA Mining CC and Bluestate Investments (Pty) Ltd (the Proponents) have applied for minerals rights under the EPLs Nos. 7876 and 8075 respectively, situated in the communal land west of Otjivero and northwest of Omatjetje settlements. The Proponents intend to conduct prospecting activities for base and rare metals, dimension stone, industrial minerals and precious metals, starting with desktop studies, followed by regional field-based reconnaissance work and if the results are positive, implement detailed site-specific field-based activities such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory tests for feasibility reporting. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without Environmental Clearance Certificates (EECs). In fulfillment of the environmental requirements, the Proponents have appointed Risk-Based Solutions CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the applications for EECs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

REGISTER BY EMAIL: frontdesk@rbs.com.na or for more Information contact **Dr Sindila Mwiya (EAP/ International Resources Technical Specialist Consultant, Email: smwiya@rbs.com.na, Mobile: 0811413229**
DEADLINE FOR WRITTEN SUBMISSIONS IS: FRIDAY 5th NOVEMBER 2021

PUBLIC NOTICE

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE FOR MINERALS PROSPECTING / QUARRYING ACTIVITIES BY JOINTMEN INVESTMENTS CC FOR MINING CLAIMS Nos. 72287, 72288, 72584 AND 72585, REHOBOTH DISTRICT, HARDAP REGION

Jointmen Investments CC (the Proponent) has applied for dimension stone minerals rights under the Mining Claims (MCs) Nos. 72287, 72288, 72584 and 72585 falling within the EPL 4721. The MCs falls within Farms Neuras and Kamasis, south of Swartmodder Mine near Rehoboth. The Proponent intends to conduct prospecting and possible mining activities in the MCs starting with desktop studies, followed by regional field-based reconnaissance work, geological mapping, drilling, and sampling for laboratory tests for feasibility assessments leading to possible small-scale quarrying operations if the results are positive. The proposed prospecting and possible mining activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfillment of the environmental requirements, the Proponent has appointed Risk-Based Solutions (RBS) CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities and possible mining activities. PUBLIC NOTICE

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE (ECC) FOR MINERALS PROSPECTING ACTIVITIES BY PRIMARY RESOURCES NAMIBIA CC, EPL 8220, KARIBIB / OKAHANDJA DISTRICTS ERONGO / OTJOZONDJUPA REGIONS

Primary Resources Namibia CC (the Proponent) has applied for minerals rights under the EPL No. 8220. The 64995 Ha area covers Farms: Ombujomaere Sud, Okanapehuri, Bergweihler, Otjiundu, Okongwekuppe, Okombahe, Okaimpuro, Okatjiho, Otjombakata, Amatozu-ohumbunguru, Omusera Komba, Okamongongua, Orutjiva, Ongombombero, Ozombanda, and Okaukondou Nord. The Proponent intends to conduct prospecting activities for base, and rare metals, dimension stones, industrial minerals, nuclear fuels, precious metals, and precious stones. The prospecting activities will initially focus on desktop studies and interpretation of existing Government owned high resolution airborne geophysical data sets, followed by regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfillment of the environmental requirements, the Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

PUBLIC NOTICE

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (EECs) FOR MINERALS PROSPECTING ACTIVITIES BY RISK-BASED SOLUTIONS (RBS) CC EPLs 8221 AND 8223, REHOBOTH DISTRICT, HARDAP REGION

Risk-Based Solutions (RBS) CC (the Proponent) has applied for minerals rights under the EPLs Nos. 8221 and 8223. The 97168 Ha area of the EPL 8221 covers Farms: Diergaard Aub, Groendraai, Nakaeis, Nakaeis Suid, Farm 682, Witkop Suid, Farm No. 673, Naris, Tsumis, Gous, Izaaksrus, Kurunap, Geluksoord, Te-Laas, Karagab, Jacobsdal, Waterval, Vredesrus, Vrede, Soutrivier, Vlakplaat, Langverwad, Moeilikheid, Goabgous, Gauchas, Steenkop, Samaubs, Oas, Vulkaan, Good Hope and Siverbron. The 84265 Ha area of the EPL 8223 covers Farms: Nagenoeg, Robertson, Aubgous, Omamas, Vulkaan, Oas, Erwina, Kakoes, Stofpan, Mon Repos, Denksrus, Voigtskub, Gras, Gras-Sud, Farm No. 890, Arurueis, and Schlipmunding. The Proponent intends to conduct prospecting activities for base, and rare metals, dimension stones, industrial minerals, non-nuclear fuels, nuclear fuels, precious metals, and precious stones. The prospecting activities will initially focus on desktop studies and interpretation of existing high resolution airborne geophysical data sets and regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities cannot be undertaken without EECs. The Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the applications for EECs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A BID is available upon registration.

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (EECs) FOR MINERALS PROSPECTING ACTIVITIES BY RISK-BASED SOLUTIONS (RBS) CC, EPLs 8225 AND 8226, MARIENTAL DISTRICT, HARDAP REGION

Risk-Based Solutions (RBS) CC (the Proponent) has applied for minerals rights under the EPLs Nos. 8225 and 8226. The 76444 Ha area of the EPL 8225 covers Farms: Friedabrunn, Ostland, Farm No. 673, Farm No.671, Farm No. 672, Gaitsabis, Kosis, Kachas, Keikanachab West, Orab and Alt Arab. The 99871 Ha area of the EPL 8226 covers Farms: Voigtgrund, Farm No. 670, Karlquelle, Gaitsabis, Dickdorn, Doornhof, Rosenhof, Hatzium, Zubgaus, Rietkuil, Ganaus, Ubiams, Freyvel, Kamagams and Uibis. The southern portion of the EPL 8226 area covers part of the Huibes Conservancy. The Proponent intends to conduct prospecting activities for base, and rare metals, dimension stones, industrial minerals, non-nuclear fuels, nuclear fuels, precious metals, and precious stones. The prospecting activities will initially focus on desktop studies and interpretation of existing high resolution airborne geophysical data sets, followed by regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities cannot be undertaken without Environmental Clearance Certificates (EECs). In fulfillment of the environmental requirements, the Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the application for EECs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

PUBLIC NOTICE

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (ECCs) FOR MINERALS PROSPECTING ACTIVITIES BY GMA MINING CC EPL 7876 AND BLUESTATE INVESTMENTS (Pty) Ltd EPL 8075, OMARURU DISTRICT, ERONGO REGION

GMA Mining CC and Bluestate Investments (Pty) Ltd (the Proponents) have applied for minerals rights under the EPLs Nos. 7876 and 8075 respectively, situated in the communal land west of Otjivero and northwest of Omatjetje settlements. The Proponents intend to conduct prospecting activities for base and rare metals, dimension stone, industrial minerals and precious metals, starting with desktop studies, followed by regional field-based reconnaissance work and if the results are positive, implement detailed site-specific field-based activities such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory tests for feasibility reporting. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without Environmental Clearance Certificates (ECCs). In fulfilment of the environmental requirements, the Proponents have appointed Risk-Based Solutions CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the applications for ECCs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

PUBLIC NOTICE

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE FOR MINERALS PROSPECTING / QUARRYING ACTIVITIES BY JOINTMEN INVESTMENTS CC FOR MINING CLAIMS Nos. 72287, 72288, 72584 AND 72585, REHOBOTH DISTRICT, HARDAP REGION

Jointmen Investments CC (the Proponent) has applied for dimension stone minerals rights under the Mining Claims (MCs) Nos. 72287, 72288, 72584 and 72585 falling within the EPL 4721. The MCs falls within Farms Neuras and Kamasis, south of Swartmodder Mine near Rehoboth. The Proponent intends to conduct prospecting and possible mining activities in the MCs starting with desktop studies, followed by regional field-based reconnaissance work, geological mapping, drilling, and sampling for laboratory tests for feasibility assessments leading to possible small-scale quarrying operations if the results are positive. The proposed prospecting and possible mining activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfilment of the environmental requirements, the Proponent has appointed Risk-Based Solutions (RBS) CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities and possible mining activities. A Background Information Document (BID) is available upon registration.

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE FOR MINERALS PROSPECTING / QUARRYING ACTIVITIES BY JOINTMEN INVESTMENTS CC FOR MINING CLAIMS Nos. 72287, 72288, 72584 AND 72585, REHOBOTH DISTRICT, HARDAP REGION

Jointmen Investments CC (the Proponent) has applied for dimension stone minerals rights under the Mining Claims (MCs) Nos. 72287, 72288, 72584 and 72585 falling within the EPL 4721. The MCs falls within Farms Neuras and Kamasis, south of Swartmodder Mine near Rehoboth. The Proponent intends to conduct prospecting and possible mining activities in the MCs starting with desktop studies, followed by regional field-based reconnaissance work, geological mapping, drilling, and sampling for laboratory tests for feasibility assessments leading to possible small-scale quarrying operations if the results are positive. The proposed prospecting and possible mining activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfillment of the environmental requirements, the Proponent has appointed Risk-Based Solutions (RBS) CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities and possible mining activities. A Background Information Document (BID) is available upon registration.

PUBLIC NOTICE

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE (ECC) FOR MINERALS PROSPECTING ACTIVITIES BY PRIMARY RESOURCES NAMIBIA CC, EPL 8220, KARIBIB / OKAHANDJA DISTRICTS ERONGO / OTJOZONDJUPA REGIONS

Primary Resources Namibia CC (the Proponent) has applied for minerals rights under the EPL No. 8220. The 64995 Ha area covers Farms: Ombujomaere Sud, Okanapehuri, Bergweiherr, Otjiundu, Okongwekuppe, Okombahe, Okaimpuro, Okatjiho, Otjombakata, Amatozu-ohumbunguru, Omusera Komba, Okamongongua, Orutjiva, Ongombombero, Ozombanda, and Okauakundu Nord. The Proponent intends to conduct prospecting activities for base, and rare metals, dimension stones, industrial minerals, nuclear fuels, precious metals, and precious stones. The prospecting activities will initially focus on desktop studies and interpretation of existing Government owned high resolution airborne geophysical data sets, followed by regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfillment of the environmental requirements, the Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

PUBLIC NOTICE

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (ECCs) FOR MINERALS PROSPECTING ACTIVITIES BY GMA MINING CC EPL 7876 AND BLUESTATE INVESTMENTS (Pty) Ltd EPL 8075, OMARURU DISTRICT, ERONGO REGION

GMA Mining CC and Bluestate Investments (Pty) Ltd (the Proponents) have applied for minerals rights under the EPLs Nos. 7876 and 8075 respectively, situated in the communal land west of Otjivero and northwest of Omatjette settlements. The Proponents intend to conduct prospecting activities for base and rare metals, dimension stone, industrial minerals and precious metals, starting with desktop studies, followed by regional field-based reconnaissance work and if the results are positive, implement detailed site-specific field-based activities such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory tests for feasibility reporting. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without Environmental Clearance Certificates (ECCs). In fulfillment of the environmental requirements, the Proponents have appointed Risk-Based Solutions CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the applications for ECCs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

The prospecting activities will initially focus on desktop studies and interpretation of existing Government owned high resolution airborne geophysical data sets, followed by regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfillment of the environmental requirements, the Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (ECCs) FOR MINERALS PROSPECTING ACTIVITIES BY RISK-BASED SOLUTIONS (RBS) CC EPLs 8221 AND 8223, REHOBOTH DISTRICT, HARDAP REGION

Risk-Based Solutions (RBS) CC (the Proponent) has applied for minerals rights under the EPLs Nos. 8221 and 8223. The 97168 Ha area of the EPL 8221 covers Farms: Diergaard Aub, Groendraai, Nakaeis, Nakaeis Suid, Farm 682, Witkop Suid, Farm No. 673, Naris, Tsumis, Gous, Izaakrus, Kurunap, Geluksoord, Te-Laai, Karagab, Jacobsdal, Waterval, Vredesrus, Vrede, Soutrivier, Vlakplaat, Langverwad, Moeilikheid, Goabgous, Gauchas, Steenkop, Samaubs, Oas, Vulkaan, Good Hope and Siverbron. The 84265 Ha area of the EPL 8223 covers Farms: Nagenoeg, Robertson, Aubgous, Omamas, Vulkaan, Oas, Erwina, Kakoes, Stofpan, Mon Repos, Denksrus, Voigtskub, Gras, Gras-Sud, Farm No. 890, Arurueis, and Schlipmundung. The Proponent intends to conduct prospecting activities for base, and rare metals, dimension stones, industrial minerals, non-nuclear fuels, nuclear fuels, precious metals, and precious stones. The prospecting activities will initially focus on desktop studies and interpretation of existing high resolution airborne geophysical data sets and regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities cannot be undertaken without ECCs. The Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the applications for ECCs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A BID is available upon registration.

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (ECCs) FOR MINERALS PROSPECTING ACTIVITIES BY RISK-BASED SOLUTIONS (RBS) CC, EPLs 8225 AND 8226, MARIENTAL DISTRICT, HARDAP REGION

Risk-Based Solutions (RBS) CC (the Proponent) has applied for minerals rights under the EPLs Nos. 8225 and 8226. The 76444 Ha area of the EPL 8225 covers Farms: Friedabrunn, Ostland, Farm No. 673, Farm No. 671, Farm No. 672, Gaitzabis, Kosis, Kachas, Keikanachab West, Orab and Alt Arab. The 99871 Ha area of the EPL 8226 covers Farms: Voigtsgrund, Farm No. 670, Karquelle, Gaitzabis, Dickdorn, Doornhof, Rosenhof, Hatzium, Zubgaus, Rietkuil, Ganaus, Ubiam, Freyveld, Kamagams and Uibis. The southern portion of the EPL 8226 area covers part of the Huibes Conservancy. The Proponent intends to conduct prospecting activities for base, and rare metals, dimension stones, industrial minerals, non-nuclear fuels, nuclear fuels, precious metals, and precious stones. The prospecting activities will initially focus on desktop studies and interpretation of existing high resolution airborne geophysical data sets, followed by regional field-based reconnaissance work. If the results of the desktop work prove positive, regional, and local field-based activities such as geological mapping, trenching, drilling, sampling, and testing for feasibility reporting and assessments may be conducted. The proposed prospecting activities cannot be undertaken without Environmental Clearance Certificates (ECCs). In fulfillment of the environmental requirements, the Proponent has appointed Ms. Emerita Ashipala as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the application for ECCs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. PUBLIC NOTICE

APPLICATIONS FOR ENVIRONMENTAL CLEARANCE CERTIFICATES (ECCs) FOR MINERALS PROSPECTING ACTIVITIES BY GMA MINING CC EPL 7876 AND BLUESTATE INVESTMENTS (Pty) Ltd EPL 8075, OMARURU DISTRICT, ERONGO REGION

GMA Mining CC and Bluestate Investments (Pty) Ltd (the Proponents) have applied for minerals rights under the EPLs Nos. 7876 and 8075 respectively, situated in the communal land west of Otjivero and northwest of Omatjette settlements. The Proponents intend to conduct prospecting activities for base and rare metals, dimension stone, industrial minerals and precious metals, starting with desktop studies, followed by regional field-based reconnaissance work and if the results are positive, implement detailed site-specific field-based activities such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory tests for feasibility reporting. The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without Environmental Clearance Certificates (ECCs). In fulfillment of the environmental requirements, the Proponents have appointed Risk-Based Solutions CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare the Environmental Assessment and Management Reports to support the applications for ECCs. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities. A Background Information Document (BID) is available upon registration.

DEADLINE FOR WRITTEN SUBMISSIONS IS: FRIDAY 5th NOVEMBER 2021

PUBLIC NOTICE

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE FOR MINERALS PROSPECTING / QUARRYING ACTIVITIES BY JOINTMEN INVESTMENTS CC FOR MINING CLAIMS Nos. 72287, 72288, 72584 AND 72585, REHOBOTH DISTRICT, HARDAP REGION

Jointmen Investments CC (the Proponent) has applied for dimension stone minerals rights under the Mining Claims (MCs) Nos. 72287, 72288, 72584 and 72585 falling within the EPL 4721. The MCs falls within Farms Neuras and Kamasis, south of Swartmodder Mine near Rehoboth. The Proponent intends to conduct prospecting and possible mining activities in the MCs starting with desktop studies, followed by regional field-based reconnaissance work, geological mapping, drilling, and sampling for laboratory tests for feasibility assessments leading to possible small-scale quarrying operations if the results are positive. The proposed prospecting and possible mining activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfillment of the environmental requirements, the Proponent has appointed Risk-Based Solutions (RBS) CC as the Environmental Consultant, led by Dr Sindila Mwiya as the Environmental Assessment Practitioner (EAP) to prepare Environmental Assessment and Management Reports to support the application for ECC. Interested and Affected Parties (I&APs) are hereby invited to register and submit written comments / objections / inputs with respect to the proposed prospecting activities and possible mining activities. A Background Information Document (BID) is available upon registration.
