PUBLIC NOTICE ENVIRONMENTAL IMPACT ASSESSMENT

Stubenrauch Planning Consultants (SPC) hereby give notice to all potentially Interested and Affected Parties (I&APs) that an application will be made to the Environmental Commissioner in terms of the **Environmental Management** Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the following:
PROJECT DETAILS:

- Subdivision of Farm Neuweiler No. 525 into Portions A to G and
- Remainder, Windhoek; Registration of a 20m wide Right of Way Servitude over the Remainder of Farm Neuweiler No. 525 in favour of Portions A to G of Farm Neuweiler No. 525:

Rezoning of Portions A to G of Farm Neuweiler No. 525, Windhoek from "Agriculture" to "Single Residential"

The proponent intends to subdivide Farm Neuweiler No. 525 into seven portions and the Remainder. Portion A to G will be rezoned to Single Residential purposes in order to sell the portions to the current residents of the dwelling units on the Farm. The remaining extent of Farm Neuweiler No. 525 will remain zoned for Agricultural Purposes The Proponent: Fabienne

Environmental Assessment Practitioner (EAP): Stubenrauch Planning Consultants (SPC)

REGISTRATION OF I&APS AND SUBMISSION OF COMMENTS: In line with Namibia's

Environmental Management Act (No. 7 of 2007) and EIA regulations (GN 30 of 6 February 2012), all I&APs are hereby invited to register and submit their comments, concerns or questions in writing via

Email: bronwynn@spc.com.na; Fax: 061 25 21 57 or Tel: 061 25 11 89 on or before 13 September 2022

PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED MINERAL EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENSE (EPL) NO. 8086 LOCATED WEST OF OTAVI

IN THE OTJOZONDJUPA REGION, NAMIBIA

Date: Wednesday, 21 September 2022

Time: 12h30 – 14H30

Venue: Otavi Community Hall

The public consultation meeting was attended by nine (9) people, including: An Economic Consultant, a GIS technician, an Archaeologist; all from Excel Dynamic Solutions (Pty) Ltd (EDS), and farmers affected

by the EPL.

1. INTRODUCTION AND WELCOMING REMARKS

Mr. Stefanus Johannes (a GIS technician) officially opened the meeting with welcoming remarks. Mr. Stefanus Johannes (a GIS technician / Consultant) introduced himself and his colleagues. Mr. Stefanus expressed gratitude to everyone in attendance for making time to attend the meeting. He briefly explained to the attendees what the meeting was all about and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA)

Regulations on Public Consultations).

The meeting attendance register was then circulated for the attendees to write down their names and contact details and sign so that they could be added to the list of interested and affected parties (I&APs)

and receive further information on the ESA process.

2 MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following:

2.1 Brief Description of the Project

Mr. Stefanus Johannes provided a short description of the planned project and its associated activities, the Environmental Scoping Assessment (ESA) process, and the reason why the proponent appointed EDS, as an independent environmental consultant to carry out the EIA and Environmental Clearance Certificate

(ECC).

1

2.2 Presentation of Potential Project Impacts:

To ensure transparency and provide clarity to the attendees, the Environmental Consultants also presented the potential pre-identified positive, negative environmental, and social impacts.

2.3 Public Open Discussion (Interactive Session):

Mr. Stefanus Johannes provided the meeting attendees the opportunity to raise their concerns or issues and or comment on the proposed project activities. The issues and comments are presented in **Table 1** below.

Table 1: Comments and issues raised during the consultation meeting, 21 September 2022

Comment or	Commenter name and issue or comment or question	Response and name of responder:
issue No.		
1.	Ms. B. Ritzdorf: Will there be an agreement between the	Mr. Stefanus Johannes: Yes, an agreement between the proponent
	farmers and the proponent in terms on how the prospecting	and the farmer must be in place to ensure that proponent does not
	operation will take on the land?	misuse the farmer's land or disturb the usual operation of the farm, and
		also to ensure that the farmer provides access rights for the prospecting
		operation to take place.
2.	Mr. Diemer: Communication and control must be key	Mr. Stefanus Johannes: Noted with thanks.
	components between farmers and the proponent to ensure	
	that farmers are aware of what is happening on their farms.	
3.	Mr. Diemer: We as farmers are highly concerned about	Mr. Stefanus Johannes: Noted with thanks.
	poachers.	
	If the proponent happens to employ local people from the	
	surrounding, these people gather information about what is in	
	the farms and go spread it in the community making the	
	farmers' animals and property vulnerable for theft and	
	poaching.	
	We as farmers think that the proponent must employ people	
	from other towns far for our safety.	
	TIOTH OTHER TOWNS THE TOLLOW SHELY.	

Comment or issue No.	Commenter name and issue or comment or question	Response and name of responder:
4.	Ms. B. Ritzdorf: From where is the proponent going to get the water indicated in the BID for prospecting operation?	Mr. Stefanus Johannes: Usually the proponent will drill a borehole for water supply which is later handed over to the farm owner after prospecting, or they would transport water in vehicle-drown water tanks filled elsewhere not on the farm. This can also be one of the things to be discussed in the agreement between the farmer and the proponent, on how to get water from the host farm.
5.	Mr. Müseler: How long will the prospecting take place?	Mr. Stefanus Johannes : An EPL license last for a period of three years but the proponent can wish to renew his license if the three years where not enough to prospect for the desired minerals.
6.	Mr. Joseph: Is the farmer allowed to denier the proponent access to his farm?	Mr. Stefanus Johannes: No, but it's best the proponent and the farmer be in good communication to avoid such circumstances.

FINAL REMARKS AND CONCLUSION OF THE MEETING

In absence of further questions and comments, Mr. Stefanus Johannes thanked the attendees for their inputs. He indicated to them that all the comments and concerns have been noted down for consideration and will be addressed and incorporated in the draft of ESA report and the Environmental Management Plan (EMP).

Furthermore, they were informed that the meeting minutes, the ESA report, and the EMP drafts will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register. Once the review of the ESA report and the EMP drafts is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting was adjourned at 14h30.
