(Registration Number 2004/662)

22 April 2024

The Environmental Commissioner
Ministry of Environment Forestry and Tourism
Private Bag 13346
Windhoek

Dear Sir,

Subject: Updated Environmental Management Plan for ECC Renewal for Mining License (ML-200) located at Farm Lofdai, Kunene Region

Namibia Rare Earths (Pty) Ltd is currently in the process of conducting a comprehensive Environmental Impact Assessment (EIA) amendment process for its Mining License (ML) 200 at Farm Lofdai in the Kunene Region, through the environmental consulting firm, SLR Consulting. One of the anticipated documentation deliverables of the ongoing EIA amendment is a revised Environmental Management Plan.

Although the EIA amendment process is at an advanced stage, it has not reached completion yet. However, Namibia Rare Earths targets to have a timely submission of the Environmental Clearance Certificate (ECC) renewal for ML 200 before the ECC expiration date (11 May 2024), which is fast approaching.

This letter serves to inform your office that due to the current EIA amendment application process, Namibia Rare Earths will only be able to submit the updated EMP once the ongoing EIA amendment is completed. An updated EMP will be submitted to the Department of Environmental Affairs as soon as the documentation for the EIA process is finalised.

Please accept this ECC renewal application submission, as we await an updated EMP from the ongoing amendment EIA process in due course. Should you require any further information, please do not hesitate to contact us.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'R. Ellmies', written in a cursive style.

Dr Rainer Ellmies
