

# Dunedin Petroleum

## Company Profile

### Overview

Dunedin Petroleum is a backer of modern fuel sales and transportation services since January 2020. We offer a full range of liquid fuel transportation and logistic services to meet all the needs of oil industries. As a dynamic up-to-the-minute petroleum company with a strategic location based in Windhoek, Namibia and extend network affiliates in SADC, we can quickly and efficiently move any truckload across Southern and partly Western and Central Africa. That's why we are at the brink of becoming the leading player in the fuel and energy market. We know how important consistency is to our clientele. That's why we take great pride in providing a superior product and delivery service, as well as keeping our prices steady, and always being on time. A drop for a drop, our speedy delivery of up to 42 000 litres from Walvis Bay Port within 72 hours of payment inside our region – south of Sahara Desert is unmatched. With our versatile and dynamic fleet of Heavy-Duty straight trucks, our professional drivers and staff are visible reminders to our commitment of providing an excellence and dependable services of truckload shipments. We, Dunedin Petroleum have strong understanding of the fast-paced nature of shipping and distribution as a logistic demonstration of the highest level of personalized customer services to provide the cost-effective and feasible decisions for your business. We can provide you with a clear view of your supply chain to make sure every shipment is executed within the most efficient and concise manner possible. With Dunedin Petroleum, you will have a single point of contact to help simplify the process and find the most cost-effective mode of fuel distribution every time.
