

## REPUBLIC OF NAMIBIA

### ENVIRONMENTAL QUESTIONNAIRE FOR MINING CLAIMS IN NAMIBIA

#### BEING APPENDIX A TO THE ENVIRONMENTAL CONTRACT

#### 1. BACKGROUND INFORMATION

- 1.1 Companies/Natural persons applying for **MINING CLAIMS** must complete this questionnaire. (Please fill in ALL questions).
- 1.2 The answers provided in this questionnaire shall be regarded as commitments which will become part of the **Environmental Contract** between the Holder and the Government of the Republic of Namibia, duly represented by the Ministry of Environment and Tourism (MET) and the Ministry of Mines and Energy (MME).
- 1.3 Once the Holder has completed this questionnaire MET and MME will either accept/reject/request further information regarding the environmental commitments made therein. MET and MME reserve the right to add further conditions.
- 1.4 Once agreed to by all parties concerned, the completed questionnaire shall form part of the **Environmental Contract**.
- 1.5 Please attach a map of the mining claim area and a copy of the application to register mining claims.

#### 2. Holder details

2.1 Name of Holder	JAKOBUS GANUSEB
2.2 Name of Mining Claim Holder (if different from 2.1)	JAKOBUS GANUSEB
2.3 Telephone, Fax, Cell Phone and/or E-Mail	Tel: <input checked="" type="checkbox"/> Fax: <input checked="" type="checkbox"/> E-Mail: jakobusganuseb@gmail.com Cell: 081 3906358
2.4 Postal Address Residential/Registered Address	P.O. BOX 199 KHORIXAS
2.5 Reference Number	NEPL No: 2625 Expiry: 31 10 2023
2.6 Registered Number(s)	74833
2.7 Location (Farm, District, Region) of mining claim(s)	BANKFONTEIN BOET KANONKES/KHS KHORIXAS
2.8 Group(s) of Mineral(s) to be mined	SEMI PRECIOUS

2.9 How many people will work on your mining claim, and where will they live?

Number of people $\pm$	Where will they live?
$\pm$ 5	They will live in fort.

### 3. Environmental commitments

#### 3.1 Pollution and Waste

3.1.1 What will you do with **normal litter** (e.g. Kitchen spoils, cans, bottles, paper, etc.)?

I will dig a hole and put all litter in it. Because I will not allow wild animals and our animals to eat these things and die.

3.1.2 What **industrial waste** will be generated and what will you do with it (e.g. old machinery, vehicles, building rubble, batteries, paint, thinners, vehicle oil, etc.)?

I shall not have industrial waste, because we are not work with heavy machinery. we just work with Pick Hammer, spade, and hammers. which will not cause much waste.

3.1.3 Describe what type of **toilet facilities** will be provided.

We shall establish temporary pit latrine toilet facilities for us to use these toilet facilities. Every single waste shall be incinerated immediately cleaned.

#### 3.2 Vehicle, earthmoving equipment, drilling and blasting

3.2.1 List the type and quantity of vehicles, earthmoving equipment, drilling equipment, and other machinery likely to be used on your mining claim (e.g. 2 x bakkies; 1 x bulldozer, etc.)

Vehicles:

There are not applicable, because as I mentioned earlier we shall have heavy machinery, we shall only use 3/4 Bakkie.

Earthmoving equipment:

N/A

Drilling equipment:

N/A

Other equipment and/or machinery:

N/A

3.2.2 Describe the environmental damage that is likely to result from the use of vehicles and machinery within the mining claim area (e.g. on the landscape in general, soil, vegetation, noise, dust, etc.).

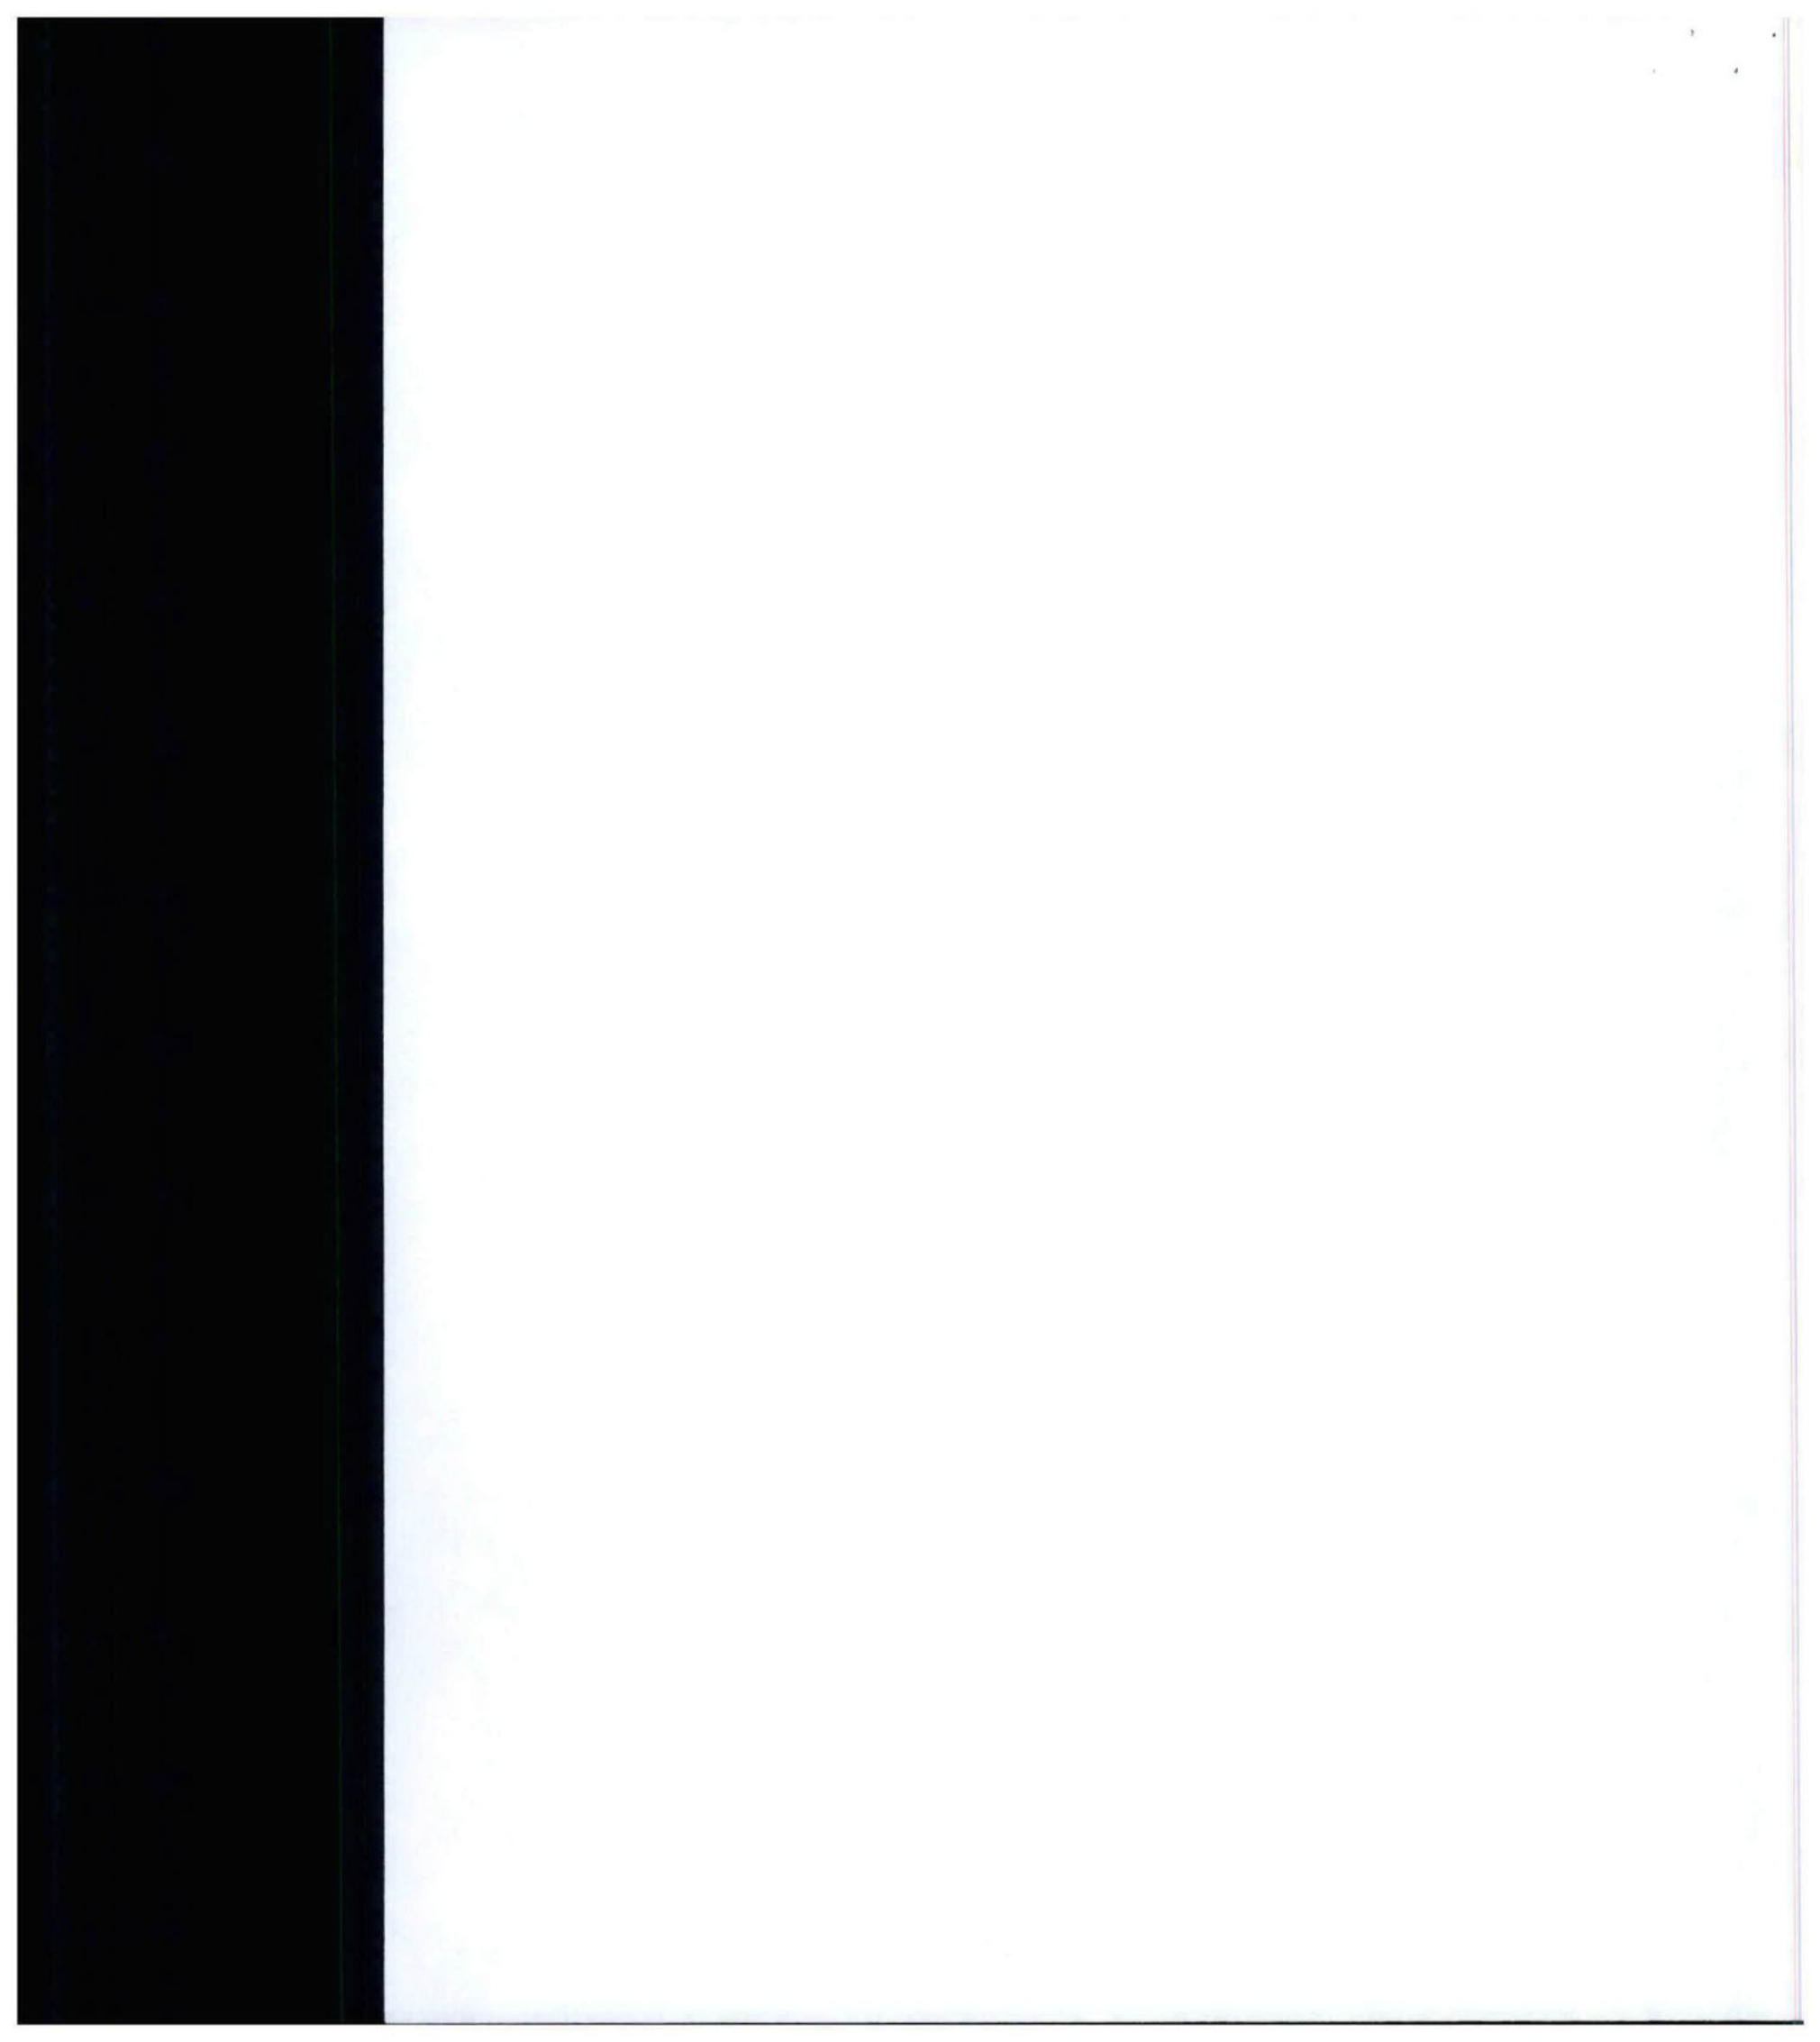

Luckily, There is a road moving Bid close to that claim. so we shall only <sup>make</sup> very short detour road from the main road to where we will work. As I also a bonafide farmer of Bankfontein - Post more than 40 years, And also a person who knows GRN Rules etc. I shall not tolerate someone to try to damage any flora, ~~etc~~ even the wild animals, that person shall be punished accordingly. So No noise or well shall hinder anyone. As usual, we shall look after our Land.

3.2.3 How will you control the movement of vehicles and machinery in order to minimise environmental damage?

Our vehicle, shall move once and to be parked and only move when we seeking some ~~work~~ so there shall be no daily movement of the Car. As I mentioned earlier, there shall No ~~be~~ heavy machinery move.

3.2.4 Which routes will be used by vehicles to get to your mining claim and state whether you intend making new roads or tracks (both to your mining claim and within your mining claim)?

As I mentioned above we shall drive ~~are~~ with existing road and turn in the new road I 2-3 Km From where we turn from existing road to the place where sit up the mine. As I said I am a responsible person, so we shall control every things in order.

3.2.5 Will you do any blasting on your mining claim?

Yes: \_\_\_\_\_ No: \_\_\_\_\_ Unsure: \_\_\_\_\_

3.2.6 If "yes" above, explain how you intend minimising environmental impacts, including the safety of humans, livestock and wildlife?

N/A.

### 3.3 Water

3.3.1 How much water do you intend using for various activities (e.g. human use, washing of equipment, washing sand/stones, dust control, gardens, etc.) and state how you intend saving water within each category of use.

Activity or category of use	Quantity of water needed per month (litres)	Water saving methods
We shall wash,		As I were sure the
looking food, drinking	3000 Liter	Supervisor of Rural water
As I said earlier,		Supply, I know how
I tentatively to only		to use water on
use 100 L.T. p/day		Sustainable manner.
		So, we shall cope.

3.3.2 Where will you get your water (e.g. river, own borehole, Water Affairs connection, etc.)?

We shall communicate with our Community of the farm and get water from them. I am also a farmer they will help each other.

3.3.3 Explain how you will minimise or completely avoid polluting any water source, including underground water.

As I said earlier, I was working for Rural water Supply in 1985. Those are the things I were trained people, community, about of CBM Policy.

3.4 Relations with neighbouring communities and/or the general public

3.4.1 Are there any people living in or near your mining claim?

Yes:  No:  Unsure:

3.4.2 If "yes", explain where these people live and describe their economic activities.

People are the farmer of Bardfonten. living there.  
Our economic things were farming, but draught deflected  
animals. No we sit with nothing. That why try Mining activities to live.

3.4.3 If "yes" in 3.4.1, explain what you will do to maintain a good relationship with such people.

As I a same in laws of them. We are together  
More 40 Year. We have good relationship  
Among us.

3.4.4 Will the activities on your mining claim restrict the movement of other people in the area (e.g. the general public, tourists, farmers, local people, etc.)?

Yes:  No:  Unsure:

3.4.5 If "yes" for 3.4.4, please explain why their movements or access will be restricted.

No As the Places lies little bit on high place,  
like Mountain there is no one moving that  
Places. so, it won't restrict any person.

3.5 Protection of plants and wildlife

3.5.1 How will you ensure that your activities will not cause unnecessary damage to plants and wildlife in or near your mining claim) e.g. hunting, plant collecting, fishing, etc.)?

As I mention Above there shall <sup>no</sup> Plant or  
harvesting of any unesecony thing occurs, because  
We already, Conserve the Area together with our  
Concomancies. We work Part and Parcel,  
So dont be Afraid about it.

3.6 Historical, archaeological and cultural heritage (e.g. rock art, graves, monuments, fossils, sacred sites, historical buildings, etc.)

3.6.1 Are there any historical, archaeological or culturally important sites within your mining claim area?

Yes:  No:  Unsure:

3.6.2 If "yes", please describe briefly.
