Dear Mr. J. Zandberg

**RE: PROVISINOAL CONCENT LETTER**

Following our engagements and consensus reached on mining claim, claim number 68945, and that the said claim lies outside the breeding area and far from human settlements, the conservancy leadership resolves as follows:

1. That provisional consent be granted to Omavi Environmental Consultants to continue with the environmental assessment studies,
2. That upon completion of the Environmental Impact Assessment Process and granting of the Environmental Clearance Certificate, the project proponent must engage the leadership of the Conservancy and of the Traditional Authority to discuss business operational terms and conditions and requirements,

3. And to discuss and agree how the broader community and conservancy's interest will be represented in the operations of the envisioned operations. We look forward to hearing from your esteemed office.

Kind Regards,

.....  
Annalize Streidwolf

SECRETARY: #Gaingu CONSERVANCY
