Dear Sir/Madam

SUBJECT: ENVIRONMENTAL CLEARANCE FOR THE PROPOSED EXPLORATION ACTIVITIES FOR SODALITE ON MINING CLAIMS: 66888, 66887&66921, KUNENE REGION

The Environmental Scoping Assessment and Environmental Management Plan submitted are sufficient as it made provisions of the environmental management concerning the project's activities. From this perspective regular environmental monitoring and evaluations on environmental performance should be conducted. Targets for improvements should be established and monitored from time to time.

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project.

On the basis of the above, this letter serves as an environmental clearance for the project. However, this clearance letter does not in any way hold the Ministry of Environment and Tourism accountable for misleading information, nor any adverse effects that may arise from this project's activities. Instead, full accountability rests with Best Cheer Investment Namibia (Pty) Ltd and their consultants.

This environmental clearance is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office.

Yours sincerely,

2015-07-03
