## 3 expert tips to boost immunity and improve well-being

**T**he secret to good health lies in making wise choices about the way we live. With our doors and windows closed during winter, it's easy to spread a cold, avoid a workout, or feel low on energy.

But there is good news. Easy changes to your everyday lifestyle can help give your immune system everything it needs to help fight infection and illness so you can stop the germs and bacteria before they get in.

Below, registered dietician Kim Hofmann shares three ways to eat right to maintain good health.

### A balanced diet is key

Among other factors, a balanced diet is essential here. Take the gut, for example, which plays one of the largest roles in protecting our bodies against pathogens. The gut functions in this capacity by playing host to thousands of bacteria, fungi, and other microbes, collectively known as your gut microbiome.

A healthy gut microbiome requires certain nutrients, the most important being fibre, that allow the right sorts of bacteria to grow and proliferate and helps to develop and maintain a strong immune response.

This means more plants and fewer ultra-processed foods, sugars, sweeteners, and preservatives that have been found to reduce the diversity of bacteria in the gut.

Maintaining the right balance of nutrients in the body makes a big difference when your immune system is activated. When a cold or virus-causing pathogen enters the body, our immune response is triggered, demanding a supply of energy. This energy comes from the food that we eat and have eaten, specifically the carbohydrates that the body stores as glycogen in the liver for the body to draw on in these situations to fight off infection.

Keep your diet varied and nutritious. The key to getting the balance of nutrients right is a varied diet. While certain diets are known for their ability to better prepare the body for microbial attacks and excess inflammation, the best approach is one that mixes and matches a variety of foods from all the food groups.

Each stage of the body's immune response relies on many different micronutrients, and certain ones have been found to be critical to the growth and function of immune cells, including vitamin C, vitamin D, zinc, selenium, iron, and protein. These nutrients can be found in fruits, vegetables, lean proteins and fish, whole grains, legumes as well as plant fats such as nuts, seeds, avocado and olives.

Multivitamins containing the required daily amount of these nutrients can also be taken, but this is for an extra boost, not instead of the food.

Focus on holistic health and wellness. Alongside diet, maintaining a year-long healthy immune system requires a holistic approach to health. This includes exercising regularly and getting enough sleep.

In the same way that exercise requires getting into good habits, sleep should be regulated so your body clock, or circadian rhythm, gets used to a certain repetitive cycle. A well-balanced circadian rhythm allows the body to enter a deeper sleep, which should typically last between seven and nine hours.

Immunity is also affected by stress. Managing stress can often be difficult but done in tandem with exercise, regular sleep, and a balanced diet it becomes a lot more manageable.

-iol

### CALL FOR PUBLIC PARTICIPATION

#### ENVIRONMENTAL IMPACT ASSESSMENT FOR PROPOSED MINERAL PROSPECTING AND EXPLORATION

This notice serves to inform interested and affected parties that an application for the environmental clearance certificate will be launched with the environmental commissioner in terms of the Environmental Impact Assessment Management Act (No.7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012) for the proposed activity:

**Project:** Proposed mineral prospecting and exploration activities on EPL 8397.

**Location:** The project is located in Erongo Region, approximately 23 km southwest of the town of Uis. EPL 8397 covers state land and EPL's northern portion covers Okombahe Reserve

**Proponent:** Orange River Exploration and Mining CC

**Project description:** Mineral prospecting and exploration on EPL 8397.

In accordance with Namibia's Environmental Management Act (No. 7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012), all interested and affected parties (I&APs) are invited to register and submit comments, concerns and questions in writing to the emails given below on or before **23/07/2022**.

Moreover, all interested and affected parties (I&APs) are invited for a public meeting.

**Date meeting:** 09/07/2022

**Venue:** Daure Daman Traditional Authority, Community Hall in Okombahe  
**Time:** 10h00

**Tel:** +264 85 761 4750

**Email address:** [info@minera-xplore.com](mailto:info@minera-xplore.com) or [frontdesk@minera-xplore.com](mailto:frontdesk@minera-xplore.com)

**Minera-Xplore Consultancy cc**  
We offer mineral exploration services

Namdeb's alluvial mining operations offer unique challenges for professionals who wish to be part of a world-class operation. With established open-cast, coastal and dredge mining operations as well as a variety of new technology-driven projects, Namdeb offers developmental opportunities unmatched at most other mining operations. We are thus challenging individuals who can think outside the box to join our dynamic team in contributing towards the development and implementation of new generation mining technology.

Applications are invited for the following position :

**CLERK OF WORKS SCM - MINING (CU) - (REF. NO. SCM/2022-003) (RE-ADVERTISED)**

**Closing Date: 05 July 2022**

#### The Challenge

To provide onsite technical supervision and support by monitoring the day to day mining activities, ensuring quality and safety of work and accurate, timeous compliance to plan of various mining sites.

#### The Ideal Applicant

- Grade 12, (20 points over 5 subjects with a E in English, Mathematics and Science)
- Valid Blasting Certificate or Diploma in Surveying or Mining
- Valid Code 08/B/BE driver's license
- Five (5) years experience, with 3 years preferably in a supervisory capacity, combining planning, scheduling and site construction on major projects as a requirement.
- Experience gained in a Mining environment will be an added advantage

#### Job Specific Competencies include:

- Willing to accept flexible working conditions (exposure to remote camps for extended periods)
- Working knowledge of mining processes, practices, regulations and standards
- Exposure to Survey and Exposure to Mine Planning
- Mathematics knowledge and analytical thinking skills
- Able to analyze quality or performance
- Project Management exposure
- Working knowledge of contract management
- Working knowledge of project management reporting techniques
- Preparing/compiling detailed analytical reports
- Proficiency in the use of software relevant to job functions

Preference will be given to fully vaccinated candidate meeting the requirements

Comprehensive packages are negotiable and preference will be given to applicants from designated groups in terms of the Namibian Affirmative Action Act. Interested candidates should forward curriculum vitae with supporting documents to [hr.recruitment@namdeb.com](mailto:hr.recruitment@namdeb.com)

## HEALTH

# Menopause? Men get it too

**H**ave you or your partner ever noticed that you are experiencing hot flashes, gaining weight, or an impaired sexual function?

These are just a few of the symptoms of male menopause, a health condition that doesn't get much attention.

We all know that women have a fixed ovarian reserve, which gradually decreases over time, leading to menopause. Men don't go through menopause, but they face a similar problem as their testosterone levels tend to drop dramatically. And it's called andropause, or just male menopause. As men age, they undergo a number of changes, from greying of hair to loss of muscle mass. The drop in testosterone levels is one of the most dramatic changes men go through. It's not often discussed since there isn't much research on the issue, owing to the fact that you don't die from a decrease in gonadal hormones, and the hormone withdrawal isn't as extreme as in women. When males experience this, there are typically other factors at play, in addition to the decline in hormones, such as workplace stress, marriage stress, life management, and lifestyles," said Dr Anubha Singh, Gynaecologist and IVF Expert from Shantah Fertility Centre, Vasant Vihar, New Delhi.

### What is Andropause exactly?

The reduction in testosterone levels in males is referred to as male menopause.

"Anytime beyond the age of 40, when women's oestrogen levels begin to decline. Low testosterone is a term used by certain doctors to describe it. It is natural to see a decrease in the production of the male hormone testosterone as you become older, but it can also happen when you have diabetes. Late-onset hypogonadism, often known as age-related low testosterone, is a steady decrease in testosterone levels. It is a more gradual menopause than female menopause, in which ovulation stops and hormone production drops over a short period of time," explained Dr Anubha Singh.

### What are a few of the signs and symptoms?

Fatigue, poor libido, and difficulties concentrating are just a few of the symptoms that might occur as a result of this reduction. Apart from these following are other signs and symptoms:

- . Diminished mental acuity (poor concentration, depressed mood)
- . Loss of strength and energy
- . Gaining weight, losing muscle, and gaining fat
- . Depressed moods and/or a lack of zeal and enthusiasm
- . Irritability
- . Muscle aches and pains (feeling stiffness)
- . Sweats or hot flashes
- . Hands and feet that are cold
- . Itching
- . Sexual dysfunction

. Loss of height

### What causes Andropause?

Testosterone is responsible for a variety of important functions in men. For example, it regulates libido, sperm production, and muscle mass. Dr Shobha Gupta, Medical Director and IVF Specialist from Mother's Lap IVF Centre, Pitampura, New Delhi, explained: "Testosterone is important for bone health and blood production. It is produced in the testes and adrenal glands. As men tend to grow old, testosterone levels tend to drop, along with the ability to produce sperm. This leads to a condition called andropause".

### When do men experience Andropause?

Andropause can begin around the age of 40, but it can begin earlier and continue till 70. There has been increasing discussions about andropause, but not all doctors and psychologists agree that there is male menopause because not all men experience it, and for those who do, they often do not express it. Their feelings are like freely as women.

### Diagnosing and treatment

"If you feel the above mentioned symptom, then that's your sign otherwise, your doctor will likely do a blood test to measure your testosterone levels. If they are low, hormone replacement therapy (HRT) may be prescribed. You may be advised to change your lifestyle, such as get more exercise and eat a healthier diet," further explained Dr Shobha Gupta.

### How can you help your body and mind cope with andropause?

**Eat a good diet:** A healthy diet which includes a balance of vegetables, fruits, meats, fish and dairy product.

**Be active:** Engage in regular exercise, including aerobic, muscular and flexibility exercises.

**Regular health Check-ups:** Get regular health check-ups, including cardiovascular, prostate and testicular cancer.

**Hormones:** Check hormone levels as you get older. Generally, between 40 and 55 several important hormones in a man's body begin to decline.

**Reduce stress:** Exercise and relaxation help to reduce stress, as does talking to your partner, friends and family about your problems.

**Intimacy:** Although sex is still important as you go through male menopause, you will start to view sex as a part of a loving relationship which includes friendship, intimacy and sharing.

### Sleep:

Get plenty of sleep. Men cope differently with menopause. It depends a lot on their personality. Unlike menopause in women, Dr Shobha Gupta believes "more research is needed on andropause, or male menopause, to fully understand it and determine what can be done to help men at this stage in their lives."-iol

## CALL FOR PUBLIC PARTICIPATION

### ENVIRONMENTAL IMPACT ASSESSMENT FOR PROPOSED MINERAL PROSPECTING AND EXPLORATION

This notice serves to inform interested and affected parties that an application for the environmental clearance certificate will be launched with the environmental commissioner in terms of the Environmental Impact Assessment Management Act (No.7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012) for the proposed activity:

**Project:** Proposed mineral prospecting and exploration activities on EPL 8397.

**Location:** The project is located in Erongo Region, approximately 23 km southwest of the town of Uis. EPL 8397 covers state land and EPL's northern portion covers Okombahe Reserve

**Proponent:** Orange River Exploration and Mining CC

**Project description:** Mineral prospecting and exploration on EPL 8397.

## SPORTS

# Four-time PSL winner Hunt reunites with SuperSport

**D**Stv Premiership club SuperSport United welcomed back an old friend on Thursday with confirmation of Gavin Hunt's appointment as the new coach.

Hunt is one of the most experienced coaches in the Premier Soccer League (PSL) and was at the helm of SuperSport United when they won three consecutive PSL championships from 2007/08 to 2009/10, and a Nedbank Cup trophy. He was also twice named South Africa's Coach of the Year while at Matsatsantsa.

He later left the club, in 2013, for Bidvest Wits and won the league title and MTN 8 trophy in the 2016/17 season as well as the Telkom Knock-Out trophy in the 2017/18 season.

Highly regarded across South Africa, the former right-back has a sharp eye for talent and has a knack for bringing the best out of his players.

"Bringing Gavin back is like welcoming a family member home," said SuperSport United chief executive Stan Matthews.

"He has a great history with our club and his coaching record speaks for itself. We have some fantastic young talent that will benefit from Gavin's vast experience and coaching ability, and we look forward to him blending our youth with the experienced players we already have and new players who will be joining us in the weeks ahead. His technical team includes Andre Arendse, Thabo September, Roscoe Krieling and Grant Johnson."

Welcome back to family, Gavin, and happy 58th birthday on Monday!

"I am really excited and looking forward to the challenge ahead, especially to work with the younger players at the club and build the team to ensure the club is successful and competitive in the PSL. I am looking forward to this challenge," said Hunt, who signed a two-year deal with Matsatsantsa.

**PUBLIC ACCOUNTANTS' AND AUDITORS' BOARD**

**HOW TO LODGE A COMPLAINT AGAINST AN AUDITOR**

Should you wish to lodge a complaint against a Registered Auditor, please contact the PAAB investigations department on – [investigations@paab.com.na](mailto:investigations@paab.com.na) or log on to our website at: [www.paab.com.na](http://www.paab.com.na) or call: 061285 8467 or 0612858425 for additional information on how to lodge a complaint.

**INSPIRING CONFIDENCE IN NAMIBIA'S AUDIT PROFESSION**

Any member of the public, an association or an organisation may lodge a complaint against an auditor who is registered with the Public Accountants' and Auditors' Board (PAAB) if they have reasons to believe that the auditor has committed an improper conduct.

Externally originated complaints are lodged by a member of the public, or are matters referred by a court, professional body or other regulator. Internally originated complaints are raised by the PAAB itself, such as those arising out of the inspection process, or matters where investigations are initiated by the PAAB as a result of information which comes to its attention. Complaints lodged with the PAAB are required (by the Disciplinary Rules) to be on affidavit. An affidavit is a sworn statement signed in the presence of a Commissioner of

Oaths (for example, a lawyer, a police officer) Defamation It is important that members of the public understand that derogative offensive statements as well as subjective unsubstantiated allegations can be considered defamatory by the registered auditor against whom such statements are made. To make a defamatory statement simply means to make a statement which is slanderous in nature and can be considered as damaging to a person's reputation and good name. In order to avoid your affidavit being considered defamatory, you should restrict yourself to the objective facts of the matter and try not to include any emotional unsupported allegations. It is preferable that the facts of the matter be stated simply, truthfully and without unnecessary elaboration and supported only by relevant documentation.

*Disclosure: On furnishing the PAAB with an affidavit, it is prudent to confirm that you have no objection to your affidavit being forwarded to the respondent registered auditor. Also remember to include all your current contact details (for example, postal address, land line, cell phone and e-mail address).*

**CALL FOR PUBLIC PARTICIPATION**

**ENVIRONMENTAL IMPACT ASSESSMENT FOR PROPOSED MINERAL PROSPECTING AND EXPLORATION**

This notice serves to inform interested and affected parties that an application for the environmental clearance certificate will be launched with the environmental commissioner in terms of the Environmental Impact Assessment Management Act (No.7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012) for the proposed activity:

**Project:** Proposed mineral prospecting and exploration activities on EPL 8397.  
**Location:** The project is located in Erongo Region, approximately 23 km southwest of the town of Uis. EPL 8397 covers state land and EPL's northern portion covers Okombahe Reserve

**Proponent:** Orange River Exploration and Mining CC  
**Project description:** Mineral prospecting and exploration on EPL 8397.

In accordance with Namibia's Environmental Management Act (No. 7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012), all interested and affected parties (I&APs) are invited to register and submit comments, concerns and questions in writing to the emails given below on or before **23/07/2022**.

Moreover, all interested and affected parties (I&APs) are invited for a public meeting.  
**Date meeting:** 09/07/2022  
Venue: Daure Daman Traditional Authority, Community Hall in Okombahe  
Time: 10h00

Tel: +264 85 761 4750

# Kipchoge to make return at Berlin Marathon

**K**enyan world record holder Eliud Kipchoge will make his next competitive appearance at the 2022 Berlin Marathon on September 25, his NN Running Team announced on Friday.

Kipchoge, who won back-to-back Olympic golds at the Rio and Tokyo Games, will be chasing a fourth Berlin Marathon title in the hope of matching Ethiopian great Haile Gebrselassie.

“Berlin is the fastest course, it’s where a human being can showcase its potential to push the limits,” said the Kenyan who set the world record of 2:01:39 in his last appearance in the German capital four years.

Kipchoge, 37, boasts an unmatched record over the marathon, having won 14 of his 16 career outings over the event, including not only his two Olympic triumphs but also nine World Marathon Majors victories.

Kenya will be represented by Lawrence Cherono, Geoffrey Kamworor and Barnabas Kiptum at next week’s World Athletics Championships in Eugene, Oregon.

**NOTICE OF ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT AND PUBLIC PARTICIPATION PROCESS FOR THE UPGRADE OF THE OHANGWENA II WELLFIELD WATER SUPPLY SCHEME**

Outrun Consultants cc hereby gives notice to all potential Interested and Affected Parties (I&APs), that an application for Environmental Clearance certificate will be made to the Environmental Commissioner in terms of the Environmental Management Act (No. 7 of 2007) as follows:

**Proponent:** Namwater  
**Financier:** African Development Bank  
**Project reference:** P-NA-E00-005  
**Environmental Assessment Practitioner:** Outrun Consultants cc

**Project Description:** Namwater intends to upgrade the water supply network within the Central Northern Water Supply Area (CNWSA). The Ohangwena aquifer is a largely unexploited aquifer with huge potential of supplying potable groundwater to the North of Namibia. This upgrade will oversee the following:

- Omafo-Eenhana Extension
- Omakango – Onambutu-Eenhana Scheme Upgrade

In accordance to the requirements of the Environmental Management Act (No. 7 of 2007) and the Environmental Assessment Regulations No. 12 of 2012, Namwater has appointed Outrun Consultants cc as an Independent Environmental Assessment Practitioner to undertake a detailed Environmental and Social Impact Assessment (ESIA) and to obtain an Environmental Clearance Certificate (ECC) for the envisaged development project.

**Project Location:** The Project is located in Ohangwena Region (Map is provided in the BID).

**Public participation process:** Interested and affected parties are hereby notified that public participation meetings will be held as follows:

Date and Time	Activity	Venue/Place
26 July 2022 - 1000hrs	Consultative Meeting	Oshandi (Ondobe Constituency Office Hall)
26 July 2022 - 1430hrs	Consultative Meeting	Ondobe Grant Payout Hall
27 July 2022 - 1000hrs	Consultative Meeting	Onambutu Community Hall
27 July 2022 - 1430hrs	Consultative Meeting	Ohangwena Regional Council

The participation and commenting period is effective until 14 August 2022

**NOTICE OF ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT AND PUBLIC PARTICIPATION PROCESS FOR THE UPGRADE OF THE OHANGWENA II WELLFIELD WATER SUPPLY SCHEME**

Outrun Consultants cc hereby gives notice to all potential Interested and Affected Parties (I&APs), that an application for Environmental Clearance certificate will be made to the Environmental Commissioner in terms of the Environmental Management Act (No. 7 of 2007) as follows:

**Proponent:** Namwater  
**Financier:** African Development Bank  
**Project reference:** P-NA-E00-005  
**Environmental Assessment Practitioner:** Outrun Consultants cc

**Project Description:** Namwater intends to upgrade the water supply network within the Central Northern Water Supply Area (CNWSA). The Ohangwena aquifer is a largely unexploited aquifer with huge potential of supplying potable groundwater to the North of Namibia. This upgrade will oversee the following:

- Omafo-Eenhana Extension
- Omakango – Onambutu-Eenhana Scheme Upgrade

In accordance to the requirements of the Environmental Management Act (No. 7 of 2007) and the Environmental Assessment Regulations No. 12 of 2012, Namwater has appointed Outrun Consultants cc as an Independent Environmental Assessment Practitioner to undertake a detailed Environmental and Social Impact Assessment (ESIA) and to obtain an Environmental Clearance Certificate (ECC) for the envisaged development project.

**Project Location:** The Project is located in Ohangwena Region (Map is provided in the BID).

**Public participation process:** Interested and affected parties are hereby notified that public participation meetings will be held as follows:

Date and Time	Activity	Venue/Place
26 July 2022 - 1000hrs	Consultative Meeting	Oshandi (Ondobe Constituency Office Hall)
26 July 2022 - 1430hrs	Consultative Meeting	Ondobe Grant Payout Hall
27 July 2022 - 1000hrs	Consultative Meeting	Onambutu Community Hall
27 July 2022 - 1430hrs	Consultative Meeting	Ohangwena Regional Council

The participation and commenting period is effective until 14 August 2022

To register or request for documents submit your details in writing to the Environmental Consultant or alternatively fill the online form, link and contact details given; <https://forms.gle/wdrs7mc4unbk2wFH6>

**CALL FOR PUBLIC PARTICIPATION**

**ENVIRONMENTAL IMPACT ASSESSMENT FOR PROPOSED ESTABLISHMENT OF LITHIUM MINING OPERATIONS**

This notice serves to inform interested and affected parties that an application for the environmental clearance certificate will be launched with the environmental commissioner in terms of the Environmental Impact Assessment Management Act (No.7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012) for the proposed activity:

**Project:** Environmental Impact assessment for the proposed establishment of lithium mining operations on mining claims 73409 to 73418.  
**Location:** The project is located in Erongo Region, approximately 50 km southwest of the town of Uis. The mining claims are situated on state land.

**Proponent:** Long Fire Investment (Pty) Ltd.  
**Project description:** Establishment of lithium mining operations on mining claims 73409 to 73418.

In accordance with Namibia's Environmental Management Act (No. 7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012), all interested and affected parties (I&APs) are invited to register and submit comments, concerns and questions in writing to the emails given below on or before 30/07/2022. The date of the meeting to be communicated to registered parties.

**Tel:** +264 85 761 4750  
**Email address:** [info@minera-xplore.com](mailto:info@minera-xplore.com) or [frontdesk@minera-xplore.com](mailto:frontdesk@minera-xplore.com)

**CALL FOR PUBLIC PARTICIPATION**

**ENVIRONMENTAL IMPACT ASSESSMENT FOR PROPOSED MINERAL PROSPECTING AND EXPLORATION**

This notice serves to inform interested and affected parties that an application for the environmental clearance certificate will be launched with the environmental commissioner in terms of the Environmental Impact Assessment Management Act (No.7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012) for the proposed activity:

**Project:** Proposed mineral prospecting and exploration activities on EPL 8397.  
**Location:** The project is located in Erongo Region, approximately 23 km southwest of the town of Uis. EPL 8397 covers state land and EPL's northern portion covers Okombahe Reserve

**Proponent:** Orange River Exploration and Mining CC  
**Project description:** Mineral prospecting and exploration on EPL 8397.

In accordance with Namibia's Environmental Management Act (No. 7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012), all interested and affected parties (I&APs) are invited to register and submit comments, concerns and questions in writing to the emails given below on or before 23/07/2022.

Moreover, all interested and affected parties (I&APs) are invited for a public meeting.  
**Date meeting:** 09/07/2022  
**Venue:** Daure Daman Traditional Authority, Community Hall in Okombahe  
**Time:** 10h00

**Tel:** +264 85 761 4750  
**Email address:** [info@minera-xplore.com](mailto:info@minera-xplore.com) or [frontdesk@minera-xplore.com](mailto:frontdesk@minera-xplore.com)
