Received
Department of Mines

Dear Mr. Shivolo

Subject: Environmental Impact Assessment for Mr. Frans Wesdraadt's Proposed Mining Activities on 10 Mining Claims (MC 71785 - &1794), Located near Kamanjab, Kunene Region.

This letter serves to request the Ministry of Mines and Energy (MME), as the competent authority, to kindly provide comments/input/consent to the Ministry of Environment, Forestry and Tourism (MEFT), for the above-mentioned project.

I.N.K Enviro Consultants cc (I.N.K), an independent firm of environmental consultants, was appointed by Mr. Frans Ernst Wesdraadt to undertake the Environmental Impact Assessment Process for the proposed mining activities.

Attached to this letter, is the Scoping and EMP reports which have already been submitted to MEFT. However, upon submission, it was indicated to I.N.K that comments/consent from MME as the competent authority is required prior to MEFT making a decision regarding the issuing of the Environmental Clearance Certificate, hence this request letter.

I hope the above is in order. Please do not hesitate to contact us should you require any further information.

Yours Sincerely,

Immanuel N. Katali
Lead Practitioner and Project Manager
