 RE: EPL 8167 PUBLIC CONSULTATION MEETING.  
 To: 'sebecca@iway.na'

Good afternoon Mr. Sebastian,  
 Hope this email finds you well.

We are an environment consultant company, consulted by Mr. Jeffry to conduct an EIA report so he obtain an environmental clearance certificate for mining exploration purposes.

An essential and important step in the process of obtaining an environmental clearance certificate, is a public consultation meeting with interested and affected parties. This step of the process is very delicate as people have to be informed and have to give suggestions, comments and grant consent on this exploration activities happening within their surrounding area.

With this email I sincerely seek for assistance for public awareness just to notify and make the community and relative parties/authorities aware for the public meeting that is scheduled to take place in your community. The date and venue for the meeting have not been set yet as our logistic team is still busy with them, but it is projected to take place within next week or the first week of October. As soon as the date and venue have been confirmed I will communicate with you.

Thanks in advance.
