

**CALL FOR PUBLIC PARTICIPATION**

**ENVIRONMENTAL IMPACT ASSESSMENT FOR PROPOSED MINERAL PROSPECTING AND EXPLORATION, EPL 8397, ERONGO REGION**

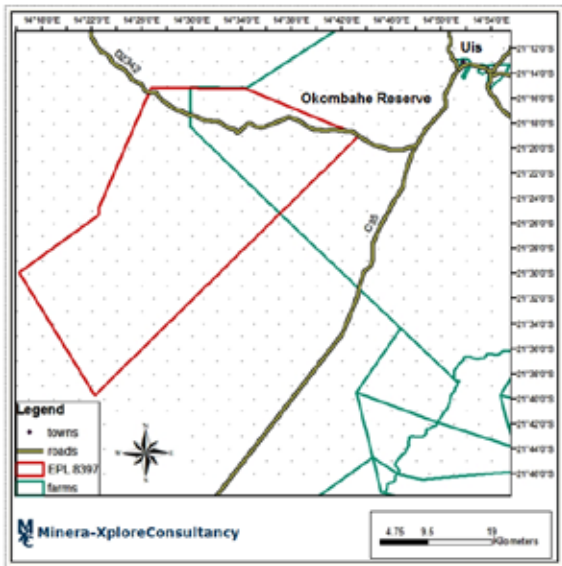

This notice serves to inform interested and affected parties that an application for the environmental clearance certificate will be launched with the environmental commissioner in terms of the Environmental Impact Assessment Management Act (No.7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012) for the proposed activity:

**Project:** Proposed mineral prospecting and exploration activities on EPL 8397.  
**Location:** The project is located in Erongo Region, approximately 23 km southwest of the town of Uis. EPL 8397 covers state land and EPL's northern portion covers Okombabe Reserve.

**Project description:** Mineral prospecting and exploration on EPL 8397.  
**Proponent:** Orange River Exploration and Mining CC  
**Environmental Assessment Practitioner (EAP):** Minera Xplore Consultancy CC

In accordance with Namibia's Environmental Management Act (No. 7 of 2007) and Environmental Regulations (GN 30 of 6 February 2012), all interested and affected parties (I&APs) are invited to register and submit comments, concerns and questions in writing to the emails given below on or before **25/04/2022**.

**Email:** [info@minera-xplore.com](mailto:info@minera-xplore.com) or [frontdesk@minera-xplore.com](mailto:frontdesk@minera-xplore.com)  
**Contact Number:** +264 85 761 4750

**NOTICE FOR PUBLIC PARTICIPATION ENVIRONMENTAL IMPACT ASSESSMENT**

Environam Consultants Trading cc (ECT) hereby gives notice to all potentially Interested and Affected Parties (I&APs) that an application will be made to the Environmental Commissioner in terms of the Environmental Management Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the following:

**PROJECT NAME:** Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58, Walvis Bay, Erongo Region

**PROJECT LOCATION:** Farm 58 Walvis Bay, Erongo Region

**PROJECT DESCRIPTION:** The project entails the following:

- To provide serviced industrial stands
- To provide custom-made industrial superstructures
- To provide rail-linked large industrial sites

**PROPONENT:** !NNFEIZ

**PUBLIC MEETING:** A Public consultation meeting will be held on **14 April 2022 at 11:00 am**. The venue of the meeting will be **Narraville Community Hall**.

**REGISTRATION OF I&APs AND SUBMISSION OF COMMENTS:** All I&APs are hereby invited to register and submit their comments, concerns or questions in writing, kindly contact:

Email: [colin@environam.com](mailto:colin@environam.com)

Fax: 061 258 470 or

Mobile: 081 458 4297 on or before **21 April 2022**.

**Notice of Scoping and Environmental and Social Impact Assessment (ESIA) Process: Invitation to register as an Interested and Affected Party for the proposed Township Establishment on Farm 208 (a portion of portion 65) of the Farm Gobabis No. 114, Omaheke Region-Namibia**

EnviroPlan Consulting cc hereby gives notice to all potential Interested and Affected Parties (I&APs), that an application for Environmental Clearance certificate will be made to the Environmental Commissioner in terms of the Environmental Management Act (No. 7 of 2007) as follows;

**Proponent:** Mr. Frans Murangi  
**Environmental Assessment Practitioner:** EnviroPlan Consulting cc.

**Project Description and Location:**

a.) Proposed Township Establishment On Farm 208 (A Portion Of Portion 65) Of The Farm Townlands Gobabis No. 114

The proposed Farm 208 is located in Gobabis townlands, measuring approximately 21.904 ha. In size. The proposed township will be comprised of residential, offices, business, institutional and public open space erven.

**Public participation process:** Interested and Affected Parties (I&APs) are hereby notified of the on-going public participation process. A public meeting will be conducted if sufficient I&APs comment. The meeting date and venue will be communicated to all registered I&APs **The participation and commenting period is effective until 31 April 2022.**

To register or request for documents submit your details in writing to the Environmental Consultant or alternatively fill the online form, link and contact details given; <https://forms.gle/PhfCoqbnQPXu8qqi6>

**Milano Steenkamp (25)**, appeared on a charge of assault with intent to do grievous bodily harm. The matter was postponed to 27 April for plea. The accused remains in custody.

**Simon Ninyando (33)**, appeared on a charge of assault with intent to do grievous bodily harm. The matter was postponed to 23 May for further investigations. The accused remains in custody.

# Suicide by hanging

**Johny Sam (37)**, was found hanging from the roof of his place of residence by his housemate on Saturday afternoon, 27 March. According to police reports, no suicide note was found and no foul play is suspected. The deceased's next of kin were informed. Police investigations continue.

# Noble shocked when he saw drugs in container

Grant Noble and Dinath Azhar

**Grant Noble who stands accused of smuggling a record quantity of cocaine into Namibia four years ago said in the Windhoek High Court this week he was shocked and couldn't believe what he was seeing.**

Noble said the container was supposed to have been filled with A4-size printing paper, which a Close Corporation, Zeeki Trading CC, of which he is the sole member, ordered from Brazil.

However, when customs officials, police officers and a police sniffer dog searched the container, they found boxes containing compressed blocks of cocaine among the boxes of paper inside.

Noble and Azhar were arrested on 15 June 2018 after a container they imported was found loaded with 412kg of cocaine worth an estimated N\$206 million.

Noble (40), and a fellow Walvis Bay resident, Dinath Azhar (65), are charged with dealing in 412kg of cocaine, alternatively possessing the cocaine and also face a count of money laundering. Noble told the court that Azhar asked him for help to set up a corporate entity which he could use to do business as he, (Azhar) did not want to do that in his own name, as he had unpaid debts and had been blacklisted, and he could not open a bank account in his own name.

Noble said, "I registered Zeeki Trading CC to assist Azhar, and while he was the sole member of the Close Corporation, Zeeki Trading was actually a business vehicle of Azhar."

He said Azhar never spoke to him about anything illegal or illicit and that the container with A4 paper which Zeeki Trading imported from Brazil was the first business the close corporation had conducted.

Azhar, told the judge while doing research about products he could import and sell in Namibia, he came across a company in Brazil that sold paper, and after doing his calculations, he realised he could make a good profit from sourcing A4 paper from that company and selling it in Namibia. "Noble and I never discussed the importation of cocaine. It wasn't even in our vocabulary" Azhar said.

He further told the court, he and Noble did not know there was something wrong with the contents of the container shipped from Brazil until it was opened by the police and cocaine was found inside.

Defence Lawyer, Sis Namandje, had introduced the statements as evidence after prosecution did not call witnesses. Paul Ndephilile and Linekela Hilundwa, who had made statements to the police before the arrest of suspects Noble and Azhar.

The two statements make mention of Ndephilile who is a clearing agent in Walvis Bay being visited by "white men" who wanted him to clear a container that had a customs stop order attached to it.

Ndephilile further said he then contacted Hilundwa, who is attached to the Port Security and asked him to join them during their next meeting and pretend that he did not understand. During the subsequent meeting, Ndephilile said, the "white men" asked him to clear the container and offered him N\$500 000 which he increased to N\$2 million.

He further said he refused as the container was stopped by customs and it would be too risky to open it. The men further told him that the container contained drugs, which was situated at the third pallets and that there was also another seal which they can use to reseal the container after removing the drugs.

Hilundwa made a confirmatory statement and also said he informed his superiors at the port and that they informed the police.

Noble has during his testimony questioned why the court was not made aware of the information by the State. Prosecutor Timo Itula said the State did not deem it necessary as Noble and Azhar were the importers of the container and it was their drugs.

After the defence closed their case, Windhoek High Court Judge Orben Sibeya ordered that Ndephilile and Hilundwa who made statements to the police be summoned to testify. The case is been postponed to 25 and 26 April for their testimonies.

### NOTICE

#### CONSENT USES, ERECTION OF BUILDING AND USE OF LAND IN TERMS OF TOWN PLANNING SCHEME REGULATIONS

Notice is hereby given in terms of Clause 6 of the Swakopmund Town Planning Scheme Regulations that the Municipal Council considers the following consent use, erection of buildings and use of land, details of which are obtainable from the General Manager: Engineering Services.

Namibia Leak Detection & Visual Rodding here-with intends to apply to the Municipality of Swakopmund for special consent to operate an Administrative Office on the premises of Erf 2285, (6 Ametis Street), Swakopmund Ext 8.

Any person having any objection against such application should lodge such objection/s in writing, and within 14 days of the last publication to the Swakopmund Municipality and the applicant, during normal business hours.

Closing date for objections or comments is **19 April 2022**.

# CRAN Imposes Temporary Stand Still Period On The Award Of Class Telecommunications And Broadcasting Service Licences

The Communications Regulatory Authority of Namibia (CRAN) subsequent to various stakeholder consultations in 2021, was implored to conduct a market study for the telecommunication and broadcasting sectors. The aim of the research is to determine the current market level of competition, market saturation, and any existing barriers to entry.

“CRAN conducted preliminary research by studying the preceding Sector Review Reports and international best practice. Through this investigation, it was determined that the envisaged market study on the telecommunication and broadcasting markets must be based on a fixed data set, particularly the number of Telecommunications and Broadcasting Service Licensees currently in the market. Therefore, it is apposite that CRAN maintain a still market, in terms of market players, while conducting the study,” states Emilia Nghikembua, Chief Executive Officer, CRAN.

CRAN therefore resolved, to temporarily suspend the award of new telecommunication and Broadcasting Service Licences for the period 1 October until 30 September 2023. In order to mitigate the potential impact of the temporary postponement, and cognizant of the provisions of the Communications Act (No. 8 of 2009), from 1 April, CRAN will accept new applications for Telecommunications and Broadcasting Service Licences, and consider such applications before 30 September. These applications must be submitted to the Authority before 30 June.

“CRAN will not accept or consider new applications for Telecommunications and Broadcasting Service Licences from 1 October until 30 September 2023. CRAN will, however, consider applications for amendment, withdrawal, transfer, and cession of existing Telecommunications or Broadcasting Service Licences when practically possible, and if such shall not result in a change of the data-set,” added Nghikembua.

During the duration of the market study, CRAN will accept and consider applications for Spectrum Licences from existing service licensees only, and will also accept Spectrum applications for bands that are service licence exempt.

The market study research will include public stakeholder consultations, and the final report and recommendations will be submitted to the Minister of Information and Communications Technology (MICT) Honourable Dr Peya Mushelenga as per the provisions of the Communications Act. In consultation with the Honourable Minister CRAN will adopt and implement the conclusions of the Market Study in order to achieve a competitive market and eliminate barriers to market entry.

“While the temporary postponement of the award of new Telecommunication and Broadcasting Service Licences will impact the business plans of prospective providers or Telecommunication and Broadcasting services, it is paramount that CRAN continuously intervene in the market dynamics to ensure fair competition, and remove barriers to market entry for the benefit of consumers,” concluded Nghikembua.

Media Emilia Nghikembua CEO CRAN

# 291 Mass Houses un-occupied in Swakopmund

Sharlien Tjambari

During his visit to the coast on Thursday, 31 March, Vice President of Namibia, Nangolo Mbumba visited Swakopmund's Mass Housing site. The construction of 291 mass houses in Swakopmund was put on hold, because the main contractor failed to pay the sub-contractor.

In the first phase of the Swakopmund Mass Housing project, 133 houses were completed, and are all currently occupied. Speaking to the media during the site visit, Chief Executive Officer (CEO) of the Swakopmund Municipality, Alfeus Archie Benjamin said the remaining three sites/phases could not be completed because of the main contractor failed to pay the sub-contractor. The matter has been in court for the past seven years. According to Benjamin, some of the 291 unoccupied houses are ready for occupation and can be reconstructed. Benjamin said the Mass Housing Project is a very important project, because 22 000 people in Swakopmund are in need of housing. “We hope that with the Vice President's visit, this matter can be taken up, and can be addressed at national executive level as soon as possible. Going forward, once the issue is resolved, council is forever ready to see what we can do to get the houses occupied so that people can move in.” Benjamin explained.

Second Vice President of Namibia, Nangolo Mbumba also visited the Swakopmund Urban Agricultural Project on Friday, 1 April.

## NOTICE

### CONSENT USES, ERECTION OF BUILDINGS AND USE OF LAND IN TERMS OF SWAKOPMUND TOWN PLANNING SCHEME REGULATIONS

Notice is hereby given in terms of Clause 6 of the Swakopmund Town Planning Scheme Regulations that the Town Council considers the following consent uses, erection of buildings and use of land, details of which are obtainable from the General Manager: Engineering and Planning Services.

Onkudhu Micro-Finance herewith intends to apply to the Municipality of Swakopmund for special consent to operate an Administrative Office on the premises of erf 1632, (Omulondo Street) Mondesa Proper.

Any person having any objections against such application should lodge such objection/s in writing and within 14 days of the last publication to the Swakopmund Municipality and the applicant, during normal business hours.

Closing date for objections or comments is **5 May 2022**.

## NOTICE

### CONSENT USES, ERECTION OF BUILDING AND USE OF LAND IN TERMS OF SWAKOPMUND ZONING SCHEME REGULATIONS

Notice is hereby given in terms of Clause 6 of the Swakopmund Zoning Scheme Regulations that the Town Council considers the following consent uses, erection of buildings and use of land, details of which are obtainable from the General Manager: Engineering and Planning Services.

The owner of General Residential erven 875 & 876, (Bernard Esau Street), Tamariskia Swakopmund, herewith intends to apply to the Municipality of Swakopmund for special permission for Building Height Relaxation from 10m to 14m.

Contact person: Mr Conrad Scheffer (Architect) Tel 064 203125 and or Mr. J. Heita (Manager: Town Planning) Tel: +264 (64) 4104403.

Any person having any objections to the proposed steps may lodge such objections, duly motivated in writing, with the Chief Executive Officer until 22 April 2022.

### NOTICE FOR PUBLIC PARTICIPATION ENVIRONMENTAL IMPACT ASSESSMENT

Environam Consultants Trading cc (ECT) hereby gives notice to all potentially Interested and Affected Parties (I&APs) that an application will be made to the Environmental Commissioner in terms of the Environmental Management Act (No 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 of 6 February 2012) for the following:

**PROJECT NAME:** Proposed Development of Inara Namib Special Economic Zone on a Portion of Farm 58, Walvis Bay, Erongo Region

**PROJECT LOCATION:** Farm 58 Walvis Bay, Erongo Region

**PROJECT DESCRIPTION:** The project entails the following:

- To provide serviced industrial stands
- To provide custom-made industrial superstructures
- To provide rail-linked large industrial sites

**PROPOSER:** !N!NFEIZ

**PUBLIC MEETING:** A Public consultation meeting will be held on 14 April 2022 at 11:00 am. The venue of the meeting will be Narraville Community Hall.

**REGISTRATION OF I&APs AND SUBMISSION OF COMMENTS:**

All I&APs are hereby invited to register and submit their comments, concerns or questions in writing, kindly contact:

Email: [colin@environam.com](mailto:colin@environam.com) Fax: 061 258 470 or Mobile: 081 458 4297 on or before 21 April 2022.

Dear Potential Interested and Affected Party

Environam Consultants Trading is a wholly Namibian owned environmental management consultancy providing an array of environmental services to our clients including: Strategic Environmental Assessments; Environmental Assessments; Strategic Environmental Management Plans; Environmental Management Plans; Environmental Management Systems; Environmental Auditing, Monitoring and Evaluation; Solid Waste Management; and Project Management. Our daily activities are underpinned by excellent environmental outcomes aimed at achieving a symbiotic relationship between development and the environment.

We have been appointed by !Nara Namib Free Economic Industrial Zone (PTY) Ltd to undertake the environmental scoping exercise and apply for an environmental clearance certificate from the Environmental Commissioner for the project below:

**Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58, Walvis Bay, Erongo Region.**

The construction of - oil, water, gas and petrochemical and other bulk supply pipelines; the construction of - public roads; the construction of - railways and harbours; and the route determination of roads and design of associated physical infrastructure where - it is a public road are listed activities as per the *List of Activities requiring Environmental Clearance* (Government Notice 29 of 6 February 2012) and accordingly require an Environmental Impact Assessment (EIA) to be conducted.

In line with Regulation 21(2) of the mentioned EIA Regulations, a Background Information Document (BID) is distributed to pre-identified Interested and Affected Parties as part of the public consultation process for this Environmental Impact Assessment.

An Environmental assessment will be undertaken to determine the potential impact of the development on the environment and to determine all safety, health and social impacts associated with the proposed development activities.

Dear Interested and Affected Party

We have the pleasure to inform you that the draft Environmental Scoping Report (DESR) and draft Environmental Management Plan (EMP) for the abovementioned project have been completed. We herewith notify all registered Interested and Affected Parties that the document is available for public comment from **10 May 2022 to 24 May 2022**. Kindly provide your written comments and input to Environam Consultants Trading on or before **24 May 2022**, using any of the following methods:

P. O. Box 24213, Windhoek  
Email: [colin@environam.com](mailto:colin@environam.com)  
Cell: +264 814 584 297  
Fax: +264 61 258 470

Input received during the comment period will be incorporated into the Final Environmental Scoping Report that will be submitted to the Office of the Environmental Commissioner in the Ministry of Environment, Forestry and Tourism for consideration and decision making.

Kindly feel free to contact us for any further information.

Regards,

**MINUTES OF THE PUBLIC MEETING HELD ON TUESDAY, 14 APRIL 2022  
REGARDING THE ENVIRONMENTAL ASSESSMENT FOR THE: PROPOSED  
DEVELOPMENT OF !NARA NAMIB FREE ECONOMIC INDUSTRIAL ZONE ON  
PORTIONS 2, 3 AND 4 OF FARM 58, WALVIS BAY, ERONGO REGION.**

**VENUE: NARRAVILLE COMMUNITY HALL, WALVIS BAY**

**TIME: 11H00**

**PRESENT:**

C.P. Namene – Environam Consultants Trading (ECT)

C. Ita – Environam Consultants Trading

BP Talasi – Namibian Navy

A. Burger – Municipality of Walvis Bay

D. Uushona – Municipality of Walvis Bay

N Amutenya-Amatsi - Municipality of Walvis Bay

**INTRODUCTION**

In terms of Section 21 of the EIA Regulations a call for open consultation with all I&APs at defined stages of the EIA process is required. This entails participatory consultation with members of the public by providing an opportunity to comment on the proposed project. A public meeting was convened for this purpose and was attended by representatives of the Municipality of Walvis Bay and the Namibian Navy in addition to the proponent's and consultant's team, with a low or no-show from the general public.

**WELCOMING**

Mr. Namene welcomed everyone to the meeting and introduced the ECT team.

**ENVIRONMENTAL ASSESSMENT**

Mr. Namene provided a background on the proposed !Nara Namib Free Economic Industrial Zone on Portions 2, 3 And 4 of Farm 58, and that an environmental clearance is required before such a development can proceed. He further explained the environmental assessment (EA) process and the reasons why EAs are carried out.

The public was also informed about the public participation process that has taken place so far, including newspaper advertisements, public notices on site, and communication to other pre-identified Interested and Affected Parties. Information was given on the components of the development touching on aspects such as the locality, engineering services and access.

Potential environmental concerns were provided to the community, while urging them to contribute any other impacts that they foresee this development will have on the environment. After the presentation the floor was opened for questions and input from the community.

## **INPUT**

As indicated the meeting was open for the general public but was attended by two organisations only. Most input given came from the Municipality of Walvis Bay officials present. Below is a summary of the input from the Walvis Bay Municipality officials:

### **Mr Andre Burger - General Manager: Roads and Building Control**

Mr Burger raised a few pertinent issues related to the water and sewer infrastructure; roads, previous studies, and alternative sites.

- Given that the proponent is considering tapping into the existing Namwater pipeline for water supply to the development, It is advised to engage Namwater and the municipality as there has been challenges experienced with water pressures from that pipeline before, and the nearest borehole is approximately 20km away from the development site.
- The Municipality also has plans to provide infrastructure service in the area including sewerage works. The proponent's design team is encouraged to consult the municipality's engineering department to consider cost-sharing opportunities.
- While the proponent is looking at the development of Portions 2,3 and 4, perhaps consideration should also be given to look at the bigger picture in terms of providing water and sewer infrastructure servicing.
- A rail and road servitude has been provided for along the northern border of Portion 3 of Farm 58, as well as another one further north along Portion 8 of Farm 58. These will make it possible for long term access to this and other developments in Farm 58 once the road work on the New Walvis Bay interchange is completed.
- Since the proponent is in partnership with NIDA on this development, the proponent may want to consider other industrial properties that already belong to NIDA and are more ready than the proposed sites. An example is the Peugeot Plant and Extension 14.
- With the previous EIA exercise done for Xaris, whose allocated property is adjacent to the study area some issues were raised regarding the impact on tourism in respect of Dune 7 in the vicinity. Concern was raised on the visual intrusion and potential emissions.

### **Ms Nangula Amutenya-Amatsi - Environmental Coordinator**

- There are other stakeholders such as the investors who have also been allocated land on adjacent portions in Farm 58. It is imperative that these parties are also consulted and informed of the proposed development. The list of those allocations can be obtained from the town planning division of the Municipality of Walvis Bay.

## **CONCLUSION**

After the interactive session information on the way forward was shared with the attendees, in terms of the timeframe left for additional input before the comment period ends. The contact details of Environam Consultants Trading (ECT) was shared with the public.

The meeting was closed off and officially adjourned at 12:00

**Subject:** RE: Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58, Walvis Bay, Erongo Region

Dear Nangula,

Herewith are the comments:

- Specify the Portion Numbers instead of just mentioning the "Portion of Farm 58".
- All Portions of Farm 58 are owned by Council.
- Not all portions were allocated to NIDA

Dear Nangula,

Herewith are the comments:

- Specify the Portion Numbers instead of just mentioning the "Portion of Farm 58".
- All Portions of Farm 58 are owned by Council.
- Not all portions were allocated to NIDA.
- Only Portions 2 and 3 of Farm 58 (measuring 403,1456 Ha in extent) have been allocated to NIDA by Council.
- Council only granted approval to "reserve" Portion 4 of Farm 58 for NIDA.

**Subject:** Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58,

Walvis Bay, Erongo Region

Good day Colin

A concern was raised regarding the portions presented in the BID. Do all them belong to NIDA? I hear some of them were allocated to other clients and the BID is now creating an impression that all of them belongs to NIDA.

Kristy to correct me

Regards

Nangula

**Sent:** Wednesday, 6 April 2022 8:49 PM

**To:** Environment <[environment@walvisbaycc.org.na](mailto:environment@walvisbaycc.org.na)>

**Subject:** Proposed Establishment of an Organic Fertiliser Plant on Portion 59 (a Portion of Portion 8) of the Consolidated Farm Okahandja Townlands No. 277, Okahandja, Otjozondjupa Region

Dear Colleagues

We trust that you have received the notice and Background Information Document on the above proposed project. As indicated we have a public consultation meeting planned for 14 April 2022 at 11:00. We would also like to make use of our presence in Walvis Bay to have an engagement meeting with your relevant officials on the same day with a proposed time of 15:00. Kindly confirm if the date and time suits you and propose an alternative in the case that it doesn't work for you.

Kindly feel free to contact us for any further information.

Regards,

**Colin P Namene**

RE: FW: Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58, Walvis Bay, Erongo Region.

To 'Simon Elwen'; 'namibian dolphin'; 'Namibian Dolphin Project Education'

Good day Dr Elwen

Thank you for the email. We take note of your area of interest and will keep it in consideration during the assessment phase.

Regards,

Colin

**Subject:** Fwd: FW: Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58, Walvis Bay, Erongo Region.

Dear Colin,

Please see attached IAP form for this project. We run the Namibian Dolphin Project which is part of Sea Search Research and Conservation.

Our interests lie mainly in the impacts on the marine environment and marine mammals specifically. Our group is well positioned to assist in providing specialist reports and guidance on these subjects to assist in reducing impacts and guiding mitigation processes.

Regards  
Dr Simon Elwen

RE: Proposed Development of !Nara Namib Free Economic Industrial Zone on a Portion of Farm 58, Walvis Bay, Erongo Region.

To 'lumbue@ra.org.na'

Dear Ms Lumbu

Access is planned to initially be obtained from the road towards the Walvis Bay International Airport in the short term. A rail and road servitude has been provided for along the northern border of Portion 3 of Farm 58, as well as another one further north along Portion 8 of Farm 58. These will make it possible for long term access to this and other developments in Farm 58 once the road interchange is completed. The red arrows in the attached image indicates the short-term access into portion 4 of Farm 58 from the Walvis Bay International Airport road and the long-term access north of Portions 3 and 8 of Farm 58.

We trust that you find this in order.

Regards,

Colin
