PART B: SCOPE OF THE ENVIRONMENTAL CLEARANCE CERTIFICATE**1. The environmental clearance certificate is for:**

The Brick Making Operation of Zhen Hua Construction Material CC on Portion 9 of the Farm Block V No.656, Kombat Area, Otjozondjupa Region, Namibia

Activity 3: Mining and Quarrying

3.2 Other forms of mining or extraction of any natural resources whether regulated by law or not.

3.3 Resource extraction, manipulation, conservation and related activities

Activity 8: Water Resource Developments

8.1 The abstraction of ground or surface water for industrial or commercial purposes

8.2 Abstraction of groundwater at a volume exceeding the threshold authorised in terms of a law relating to water resources

Activity 9: Hazardous Substance Treatment, Handling and Storage

9.1 The storage and handling of dangerous goods including petrol, diesel, liquid petroleum gas or paraffin, in a containers with a combined capacity of more than 30 cubic meters at any one location;

9.5 Construction of filling stations or any other facility for the underground and aboveground storage of dangerous goods, including petrol, diesel, petroleum, gas or paraffin.”

2. Details of the activity(s) covered by the environmental clearance certificate:

[Note: Please attach plans to show the location and scope of the designated activity(s), and use additional sheets if necessary:

Title of Activity: Existing Brick Making Project of Zhen Hua Construction Material CC, on Portion 9 of the Farm Block V No.656, Kombat Area, Otjozondjupa Region, Namibia

Nature of Activity: The existing Brick Making Operation involves mining of clay soil from an existing pit from which clay material has been extracted, since commencement of this operation in 2009. Other associated activities include groundwater abstraction for domestic use and industrial use as well as storage and usage of diesel from above storage facility

Location of Activity: The existing brick making operation is situated on Portion 9 of the Farm Block V No.656 along the B8 road, outside Kombat and about +35 from Otavi

Scale and Scope of Activity: The whole brick making operation is within a 40 ha Farm Block V No.656, of which only about 16 ha of the farm land has been cleared for the establishment and setting up of the operation infrastructure. However, since 2009, only the actual clay pit (mining footprint) is currently cover about 2 ha in size and with varying depths of which maximum depth is up to 6 meters. The activity also extends to include other associated activities such as water abstraction, storage of diesel as well as handling of domestic waste.

Note: Updated Environmental Management Plan is attached

PART C: DECLARATION BY APPLICANT

I hereby certify that the particulars given above are correct and true to the best of my knowledge and belief. I understand the environmental clearance certificate may be suspended, amended or cancelled if any information given above is false, misleading, wrong or incomplete.
