RE: COUNCIL RESOLUTION ON THE CONSTRUCTION OF EARTH DAMS IN OSHANA REGION

- 1. Constituency Development Committees (CDCs Food and rainwater facilities and piped water/project proposals.**

The Development Planning division requested for approval to utilize the allocated budget in MTEF book by the region on water related projects. Hon Councillor were requested to resubmit 3 earth dams or water harvested related projects in their respective constituencies.

The Council resolved that:

- All Oshana Region's Development/Capital Projects as reflected in the current (2020/21 NPC Development Programmes Book) should be fully implemented within this Financial Year, and there should be physical and financial commitments progress on these capital projects before the next Budget review session.
- All regional identified and proposed flood, rain water and piped water facilities/ projects should be funded by the combined budget of all Water Capital Projects under Vote 38 of the Ministry of Agriculture, Water and Land Reform - as reflected in the current MTEF Book and this process of soliciting this fund from the Ministry of Agriculture should be spearheaded by the Office of our Regional Governor.

[RESOLUTION NO: ONARC 04TH /18.08.20/004]

RE: COUNCIL RESOLUTION ON THE CONSTRUCTION OF EARTH DAMS IN OSHANA REGION

2. RESOLUTION OF THE 08TH SPECIAL COUNCIL MEETING HELD ON THURSDAY, 13 OCTOBER 2022 AT 09H00 IN THE COUNCIL CHAMBER

Item: Regional High-Level Consultation on water projects.

The Council resolved:

- **To construct two earth dams per constituency, that will be funded in the current Financial Year (As per the attached list of Earth Dams).**
- Short water pipe lines to be funded and installed in the current Financial Year.
- The project for the construction of earth dams be implemented in a normal way like other Council projects. The Directorate of Development Planning to spearhead and ensure fast implementation of the earth dam projects.

[RESOLUTION NO : [SPECIAL COUNCIL RESOLUTION NO : ONARC 08TH /13.10.22/003].
