PROOF OF CONSULTATION - THIS INFORMATION IS TAKEN FROM THE EIA REPORT

Table 1: Consultation process with IAPs.

TASK	DESCRIPTION	DATE		
Notification - reg	julatory authorities and IAPs			
IAP identification	See Error! Reference source not found. and the comprehensive list in Appendix C	August / September 2022		
Newspaper Advertisements	Block advertisements were placed as follows: Allgemeine Zeitung Republikein Namibian Sun Copies of the advertisements are attached in Appendix D.	06 & 13 September 2022		
Distribution of background information document (BID)	BIDs were emailed to I&APs listed in Error! Reference source not found. on 06 September 2022. The purpose of the BID was to inform IAPs about the proposed temporary water pipeline from the Roessing take-off to the Etango Project site, the EIA (Scoping) process being followed, potential environmental impacts identified by the Environmental Team and means of providing input to the EIA (Scoping) process. Attached to the BID was a registration and response form, which provided IAPs with an opportunity to submit their names, contact details and comments on the project. A copy of the BID is attached in Appendix B .	06 September 2022		
Site notices	A site notice was placed at Goanikontes in September 2022 (Appendix D).	September 2022		
IAP Study Focus Group Meetings	A site visit with the Chief Warden of the Dorob National Park (Mr. Riaan Salomon) was conducted on 25 August 2022. Mr. Masen (Chief Warden of the Namib Naukluft National Park) advised that he does not have time to come to Swakopmund for a site visit. The BID was mailed to him and enquiries were made, if anyone else from his department could assist Bannerman. On 13 October 2022 Bannerman received an email that Mr. Mason does not see any need for a site visit, as he knows the area well and does not foresee and environmental issues with the construction of a temporary pipeline. See Appendix E for the communication with Mr. Masen. During the following week Focus Group Meetings with key stakeholders (farmers and tourism) were held. Details are provided in Section 4.3 .	August / September 2022		

TASK	DESCRIPTION	DATE					
Comments							
Comments and Responses	See Table 3	August / September 2022					
Review of draft S	Review of draft Scoping (including Impact Assessment) Report and EMP						
IAPs and authorities (excluding MEFT) review of Scoping Report and EMP	The EIA Scoping / Assessment Report (with EMP) has been distributed to all IAPs that are registered on the IAP database via e-mail. Authorities and IAPs had 21 working days to review the EIA documents and submit comments in writing to ASEC or Bannerman. The closing date for comments was 17 November 2022. No comments had been received from any IAP.	19 October 2022					
MEFT review of Scoping Report and EMP	A copy of the final Scoping / Assessment Report, including authority and IAP review comments, was delivered to MAWLR and MEFT on completion of the public review process, for their review and decision.	Mid November 2022					

4.3 Focus group meetings

Focus group meetings were scheduled from end of August to September 2022. **Table 2** lists the meetings. Correspondence can be found in **Appendix E**.

Table 2: List of Focus Group Meetings.

Organization / Date	Comment				
Site visit with the Chief Warden of the Dorob National Park (Mr. Riaan Salomon) / 25 August 2022.	Mr. Salomon did not raise any concern, especially, as the section from the Roessing pipeline take-off to farm Weizenberg is following the existing pipeline to the farms and this section will be buried. Also no concerns were mentioned for the aboveground section from Goanikontes to the Etango Project, as the pipe will be removed after the permanent one has been commissioned.				
Coastal Tourism Association of Namibia (CTAN) (Peter Baron van Ginkel) / 22 August 2022	9,				
Charly's Desert Tours (Gerald Kolb) / 22 August 2022	He was also satisfied with the route but requested a map that he can just visualize where exactly the pipeline will be located. (This was provided) Furthermore he				

	requested that he be informed once construction starts.
Farm Goanikontes (Mr. Baard) / 22 August 2022	He said that he thinks this can only be a positive thing for them and they will support us with the pipeline going through their property. He also indicated that he does not see a need for a meeting.
Farm Goanikontes East (Mr. Livingstone) / 22 August 2022	He has no issue with the pipeline going on his side of the Swakop River as well; did not see a need for a meeting
Farm Weizenberg (Mr. Winni Metzger) / 24 August 2022	He indicated that 'all if fine' and that he gives his consent that the pipeline goes through his property. Also indicated that this would be a positive outcome for the farms in the Swakop River
Farm Brock (Mrs. Bianca Blatt) / 25 August 2022	She had no issues with the pipeline going along her property.
	However, on 06 October 2022 (see Appendix E) Mrs. Blatt informed Mr. W. Ewald (Bannerman) that Bannerman should 'clarify in a written confirmation that the pipeline will not be crossing the boundaries of her property'.

4.4 Summary of issues raised

Table 3 below summaries the comments received (through e-mails) and during the Focus Group and the responses.

Table 3: Issues and comments received after the newspaper advertisements.

Issues / Comments	Raised by	Responses
There won't be any significant impacts from the pipeline.	Muller Sandra (ORANO)	Noted
As this is a relatively small (16 cm diameter) and temporary pipeline, I see little environmental risk. The only thing I would ask you to think about is the impact of the pipe on the movement of small animals such as reptiles (e.g. tortoises, chameleons) and small mammals. You say that the pipe will be above ground from point 18 to 30. Perhaps consideration could be given to having gaps under the pipe to allow small animals to get from one side to the other. This could be easily done during construction.		This will be addressed in the assessment and EMP.

Issues / Comments	Raised by	Responses
The temporary pipeline should not cross her property (Farm Brock).	Mrs. Blatt, owner of Farm Brock	Noted and the alignment of the temporary pipeline has been changed accordingly.

THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT (USAID)

Has the following vacancy as detailed below: -

Please note that applications must be submitted electronically via the Electronic Recruitment Application (ERA) system, by midnight Monday September 19, 2022, to be considered.

Interested applicants should visit the USAID Namibia Website at

http://na.usembassy.gov/embassy/jobs/ to apply for this vacancy

Project Management Specialist – Health N\$ 752,325 – N\$1,052,274 (FSN – 12)

Basic Functions of the Job

The USAID Project Management Specialist (Health) fills a key technical and management role. The position will act as a Deputy and support the USAID Health Office Director or acting Director in managing all aspects of the Health Office portfolio, provide coverage support for the Director as needed, assist in supporting the team in preparing HIV and health security deliverables, and serve as the point person for identifying, tracking and coordinating emerging risks to the health system (drought, COVID-19, food insecurity). In the absence of the Health Office Director, the Specialist will provide guidance and mentoring of the entire Health Office Staff.

Under the leadership of the USAID Project Management Specialist (Health), USAID/PEPFAR will ensure continued, meaningful engagement with the government of Namibia and other stakeholders throughout the development and implementation of risk responses to health security threats. The Specialist will help ensure that the USAID Namibia programs are effectively prepared to respond quickly to emerging risks and that program activities and resources are used to maximum benefit for the people of Namibia while ensuring that all other USAID programs are maintained.

Working collaboratively with the USAID/Namibia team and the PEPFAR interagency team, the USAID Project Management Specialist (Health) will also take the lead (for USAID) in developing funding proposals related to identified risks to sustaining HIV epidemic control such as drought, food insecurity, and other emerging health security threats like COVID-19. The USAID Project Management Specialist (Health) will play an important interagency role in ensuring communication and coordination in identifying, tracking, preventing, and evaluating health security risks that could jeopardize the gains made toward HIV/AIDS epidemic control.

FOR FURTHER INFORMATION: The complete position description listing all the duties and and application requirements may responsibilities

EQUAL EMPLOYMENTOPPORTUNITY: USAID Namibia provides equal opportunity and fair and equitable treatment in employment to all people without regard to race, color, religion, sex, national origin, age, disability, political affiliation, marital status, or sexual orientation. The Department of State also strives to achieve equal employment opportunity in all personnel operations through continuing diversity enhancement programs.

The EEO complaint procedure is available to individuals who believe they have been denied equal opportunity based upon the listed EEO complaints. Individuals with such complaints should avail themselves of the appropriate grievance procedures, remedies for prohibited personnel practices, and/or courts for relief.

CAREER OPPORTUNITYAT NEDBANK

As a leading Namibian Financial Institution, our success depends on the calibre of people we invite to join our professional and highly skilled team. For more than 40 years, we have focused on building an environment where motivated people flourish. If you can make a contribution to

Suitably qualified and highly motivated candidates are invited to apply for the following position:

Compliance Officer

Closing Date: 16 September 2022

Interested candidates should forward their updated Curriculum Vitae (CV) and cover letter, alternatively, via Email.

FaithCL@Nedbank.com.na / Recruitment@Nedbank.com.na or Interested candidates should apply via the below link http://nedbanknam.jb.skillsmapafrica.co

Please note that only shortlisted candidates will be contact (Affirmative Action Candidates are encouraged to apply)

BANNERMAN

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS

ENVIRONMENTAL IMPACT ASSESSMENT (SCOPING REPORT AND EIA & EMP) FOR THE ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE TEMPORARY WATER PIPELINE FROM THE RÖSSING PIPELINE VIA GOANIKONTES TO THE ETANGO MINE SITE DURING CONSTRUCTION

Bannerman Mining Resources (Namibia) (Pty) Ltd herewith gives notice in terms of the Environmental Management Act, 7 of 2007 and Regulation 21 of the Environmental Impact Assessment (EIA) Regulations (January 2012), of their proposed construction of a temporary water pipeline from the Rössing pipeline to the Etango Project site area during construction (see map below)

Prior to implementing the proposed Project, an EIA process will be conducted. An application for environmental clearance certificate (ECC) will be submitted to the relevant Component Authority (Ministry of Agriculture, Water and Land Reform) who will review and forward the application to the Ministry of Environment, Forestry and Tourism (Environmental Commissioner) in terms of the above-mentioned regulations. This advertisement forms part of the EIA public participation process

Applicant:

Bannerman Mining Resources (Namibia) (Pty) Ltd

Nature and location of the proposed activity:

Permanent water supply for the Etango Project will come from NamWater in the form of desalinated water for the processing and domestic requirements. However, during the construction phase of the Etango Project, water will be sourced temporarily from the Rössing pipeline for approximately 2 years. The section from the Rössing pipeline to Farm Weizenberg will be buried and left to replace the existing aging current pipeline to the farms in the Swakop River. The remaining part will be above-ground and be removed after the permanent pipeline

The adjacent figure shows the location of the temporary

The pipeline will be made of high-density polyethylene (or HDPE) plastic and will have a 160mm outside diameter. The total length of the temporary water pipeline will be approximate

Independent Environmental Assessment Practitioner:

A. Speiser Environmental Consultants CC (ASEC) has been appointed by Bannerman as the independent Environmental Assessment Practitioner to undertake the EIA process for the proposed project. Werner Ewald

Contact Person: Alexandra Speiser

amspeiser@yahoo.com or

Tel: 064 416 200

Registration to receive notifications / information and opportunity to comment:

To register as an interested and affected party for the proposed Project, please submit your name and contact details to ASEC by e-mail, or by contacting Werner Ewald. A Background Information Document (BID) is available for a review and comment period from 06th September to 06th October 2022. Electronic copies of the BID are available on request from ASEC as per above details. Focus group meetings with I&APs have already started, but further meetings will be scheduled on request.

If you would like your comments to be addressed in the EIA Report please submit them to ASEC by no later than 06th October 2022.

The Road Fund Administration (RFA) invites suitably qualified, competent and experienced Travel Management Service providers to submit bids for:

OVER A 3-YEAR PERIOD

Procurement Reference No: SC/RP/RFA-12/2022

Potential bidders must register their interest to bid at the following email address: procurement@rfanam.com.na, along with the full business name and the full name of the business representative, in order to get the RFA bid document emailed to the bidder at no cost. Closing date and time: Monday, 3 October 2022 at 11am (local time)

NOTICE OF AN ENVIRONMENTAL ASSESSMENT FOR THE PROPOSED CONSTRUCTION AND OPERATION OF OSONA II - 36 MW SOLAR PHOTOVOLTAIC POWER PLANT NEAR OKAHANDJA, OTJOZONDJUPA REGION, NAMIBIA.

Environmental Compliance Consultancy CC (ECC) provides this notice to the public that an application for an environmental clearance certificate in terms of the Environmental Management Act, No. 7 of 2007 will be made for the proposed 36 MW solar PV power plant. Members of the public are invited to register as an Interested and Affected Party (IAP), are invited to provide input into the environmental clearance certificate application process.

Applicant: Environmental Assessment Practitioner (EAP): Location:

InnoSun Energy Holding (Pty) Ltd Environmental Compliance Consultancy Otjozondjupa Region, Namibia

Project: Proposed construction and operation of Osona II – 36 MW solar photovoltaic power plant near Okahandja, Otjozondjupa Region, Namibia.

Proposed **Activities:** Energy Proponent, InnoSun Holding (Pty) Ltd intends to construct and operate a megawatts (MW) solar 36 photovoltaic (PV) power plant on farm Osona Commonage No. 65 portion 82, which will be linked to a nearby NamPower substation. The solar plant and associated infrastructure will cover an area of approximately 120 ha.

Purpose of the review and registration period: The purpose of the review and registration

period is to introduce the proposed Project and to allow registered Interested and Affected Parties (I&APs) to comment on the Background Information Document (BID) to ensure that all issues and concerns are brought forward, captured and considered further in the assessment.

The registration period is effective from 13 September to 27 September 2022. I&APs and stakeholders are required to register for the Project at: https://eccenvironmental.com/download/the-proposed-osona-ii-36mw-solar-pv-power-plant-near-okahandja-otjozondjupa-region-namibia/

The team at ECC will then maintain contact with all registered I&APs to keep them informed and engaged as the ESIA process develops, ECC will also provide registered I&APs relevant documents to review during the assessment process.

BANNERMAN

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS

ENVIRONMENTAL IMPACT ASSESSMENT (SCOPING REPORT AND EIA & EMP) FOR THE ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE TEMPORARY WATER PIPELINE FROM THE RÖSSING PIPELINE VIA GOANIKONTES TO THE ETANGO MINE SITE DURING CONSTRUCTION

Bannerman Mining Resources (Namibia) (Pty) Ltd herewith gives notice in terms of the Environmental Management Act, 7 of 2007 and Regulation 21 of the Environmental Impact Assessment (EIA) Regulations (January 2012), of their proposed construction of a temporary water pipeline from the Rössing pipeline to the Etango Project site area during construction (see map below)

Prior to implementing the proposed Project, an EIA process will be conducted. An application for environmental clearance certificate (ECC) will be submitted to the relevant Component Authority (Ministry of Agriculture, Water and Land Reform) who will review and forward the application to the Ministry of Environment, Forestry and Tourism (Environmental Commissioner) in terms of the above-mentioned regulations. This advertisement forms part of the EIA public participation process.

Applicant:

Bannerman Mining Resources (Namibia) (Pty) Ltd

Nature and location of the proposed activity:

Permanent water supply for the Etango Project will come from NamWater in the form of desalinated water for the processing and domestic requirements. However, during the construction phase of the Etango Project, water will be sourced temporarily from the Rössing pipeline for approximately 2 years. The section from the Rössing pipeline to Farm Weizenberg will be buried and left to replace the existing aging current pipeline to the farms in the Swakop River. The remaining part will be above-ground and be removed after the permanent pipeline has been commissioned.

The adjacent figure shows the location of the temporary pipeline.

The pipeline will be made of high-density polyethylene (or HDPE) plastic and will have a 160mm outside diameter. The total length of the temporary water pipeline will be approximate

Independent Environmental Assessment Practitioner:

amspeiser@yahoo.com or

A. Speiser Environmental Consultants CC (ASEC) has been appointed by Bannerman as the independent Environmental Assessment Practitioner to undertake the EIA process for the proposed project.

Contact Person: Alexandra Speiser or Werner Ewald

Tel: 064 416 200

Registration to receive notifications / information and opportunity to comment:

To register as an interested and affected party for the proposed Project, please submit your name and contact details to ASEC by e-mail, or by contacting Werner Ewald. A Background Information Document (BID) is available for a review and comment period from 06th September to 06th October 2022. Electronic copies of the BID are available on request from ASEC as per above details. Focus group meetings with I&APs have already started, but further meetings will be scheduled on request.

If you would like your comments to be addressed in the EIA Report please submit them to ASEC by **no later than 06**th **October 2022**.

scheduled on re

THE DUTCH REFORMED CHURCH OUTJO, NAMIBIA

VACANCY: MINISTER

N.G.Kerk Outjo is located in northwest Namibia. This is a rural town with many challenges but has the potential to grow steadily, with approximately 387 confirmed and 102 baptized members as well as visitors. The community makes their living mainly from agriculture, various businesses, hunting and tourism. The oldest private school in Namibia is also based here in Outjo. We as a community pray and trust in our Lord to send us a dedicated child of God who will lead our congregation.

The following are the most important to us as a community

Relationships - we have active cell groups, care groups, farm districts, outreach and youth ministries. Within our community we are fortunate enough to have various ministries who work fulltime within the impoverished and needy areas.

Worship & Outside Services - these are valued as extremely important functions within our community.

Compensation - we trust in the Lord that we will operate and negotiate within the guidelines of the heat office of the church.

Applications - we hereby invite any qualified minister from our church body who may feel drawn to join our team here in Outjo to send us a CV of a maximum of three (3) pages and three (3) contactable references to ngoutjo@iway.na before **20 September 2022.**

Only shortlisted candidates will be contacted.

For more information – Lukas Holtzhausen (Chariman) + 264 81 127 2571 or the church office phone/Faks nr + 264 67 313 152, Sell nr +264 81 876 8717

The church holds the right to not appoint an applicant

THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT (USAID)

Has the following vacancy as detailed below: -

Please note that applications must be submitted electronically via the **Electronic Recruitment Application (ERA)** system, by **midnight Monday September 19, 2022,** to be considered.

Interested applicants should visit the USAID Namibia Website at

http://na.usembassy.gov/embassy/jobs/ to apply for this vacancy

Project Management Specialist – Health N\$ 752,325 – N\$1,052,274 (FSN – 12)

Basic Functions of the Job

The USAID Project Management Specialist (Health) fills a key technical and management role. The position will act as a Deputy and support the USAID Health Office Director or acting Director in managing all aspects of the Health Office portfolio, provide coverage support for the Director as needed, assist in supporting the team in preparing HIV and health security deliverables, and serve as the point person for identifying, tracking and coordinating emerging risks to the health system (drought, COVID-19, food insecurity). In the absence of the Health Office Director, the Specialist will provide guidance and mentoring of the entire Health Office Staff.

Under the leadership of the USAID Project Management Specialist (Health), USAID/PEPFAR will ensure continued, meaningful engagement with the government of Namibia and other stakeholders throughout the development and implementation of risk responses to health security threats. The Specialist will help ensure that the USAID Namibia programs are effectively prepared to respond quickly to emerging risks and that program activities and resources are used to maximum benefit for the people of Namibia while ensuring that all other USAID programs are maintained.

Working collaboratively with the USAID/Namibia team and the PEPFAR interagency team, the USAID Project Management Specialist (Health) will also take the lead (for USAID) in developing funding proposals related to identified risks to sustaining HIV epidemic control such as drought, food insecurity, and other emerging health security threats like COVID-19. The USAID Project Management Specialist (Health) will play an important interagency role in ensuring communication and coordination in identifying, tracking, preventing, and evaluating health security risks that could jeopardize the gains made toward HIV/AIDS epidemic control.

FOR FURTHER INFORMATION: The complete position description listing all the duties and responsibilities and application requirements may be obtained on our website: https://na.usembassy.gov/embassy/jobs/)

EQUAL EMPLOYMENTOPPORTUNITY: USAID Namibia provides equal opportunity and fair and equitable treatment in employment to all people without regard to race, color, religion, sex, national origin, age, disability, political affiliation, marital status, or sexual orientation. The Department of State also strives to achieve equal employment opportunity in all personnel operations through continuing diversity enhancement programs.

The EEO complaint procedure is available to individuals who believe they have been denied equal opportunity based upon the listed EEO complaints. Individuals with such complaints should avail themselves of the appropriate grievance procedures, remedies for prohibited personnel practices, and/or courts for relief.

Hi Alex, hope life's good in your hot part of the world.

I'm happy to be included in the IAPs for Etango, please keep me registered and informed. Maybe the uranium rush will finally happen?!

Cheers

John

Dear Alex and Werner,

Thank you for sharing your BID for the temporary pipeline to Etango Mine during construction. As this is a relatively small (16 cm diameter) and temporary pipeline, I see little environmental risk. The only thing I would ask you to think about is the impact of the pipe on the movement of small animals such as reptiles (e.g. tortoises, chameleons) and small mammals. You say that the pipe will be above ground from point 18 to 30. Not sure if this section is 25 km or if that refers to the whole pipe from point 1 to 30. Perhaps consideration could be given to having gaps under the pipe to allow small animals to get from one side to the other. This could be easily done during construction.

Kind regards,

Chris

Dear Alex

Thanks for the BID. I've looked at it and am sure there won't be any significant impacts from the pipeline.

Best regards

Sandra

Subject: Environmental Impact Assessment for Temporary Water Pipeline via Goanikontes

Dear Mr Ewald

WITHOUT PREJUDICE

It was a pleasure to meet you. Even though my late mother was very concerned about the environmental impact of planned activities by Bannerman / Etango Project, she always spoke very highly of you.

Further to our conversation that we had and the **Environmental Impact Assessment** regarding the Temporary Pipeline via "Goanikontes", which I have considered, I would like <u>you to clarify in a written confirmation that the pipeline will not be crossing the boundaries of my property "*Brock*". All my rights are strictly reserved in this regard.</u>

I strongly believe that any mining activity should always endeavour to benefit the affected community at large, as well as restore nature in one or other way. This belief is the basis upon which the mining law of our country was compiled. Even the installation of a temporary water pipeline could be utilised to benefit the cultivation of crops / make water available for game / help reduce Prosopis Trees and plant indigenous trees/ create places to camp for the local community.

It is for this reason that I strictly reserve all my rights in regard to my property "Brock" and wish to keep my right to consult my lawyer for any proposals made by Bannerman / Etango Project

Wishing you a wonderful weekend ahead, I remain with

Kind regards

Bianca Blatt

Subject: Re:Construction water pipeline

Good afternoon Mr. Ewald

Your email received in good order. I really have nothing to add on, I know the topography of the said area. You have already briefed me sufficiently on this matter. If there are something you need to iron out, we can do it together.

Kind regards

David Masen

Subject: Construction water pipeline

Dear Mr. Masen,

Hope you are doing well? I am sorry if I have sent you so many messages regarding this topic. We are about to submit our EIA to the Ministry of Environment, Forestry and Tourism now that we have received the Archeological Report from Dr. Kinahan. From our Environmental Consultant and other stakeholders, we have really had no issues highlighted. One of the Swakop River property owners just requested that we do not cross her property with the temporary pipeline (which we did not intend to do anyway), and Dr. Brown from the Nambian Chamber of Environment just reminded us that we do need to consider the non-vertebrates and small animals that may not be able to cross the pipeline and we will take this into consideration. The section of the pipeline in the Namib Naukluft Park will be removed once construction of the mine is complete.

If there is anything else you would like to mention, I would appreciate if you could let me know. (I am at the moment in Spain with a Namibian choir – I am carrying the bags! Today is the competition and we hope we can be successful. See attached pictures)

Kind regards

Werner Ewald
