What is your main area of interest regarding the proposed developments?

Currently, we are experiencing poor network, mute calls, and one way speech which we encounter on most cases. Slow downloading speed, we can merely open whatsapp or other application at our area.

Do you have any points of concern or support regarding the proposed projects?
If "yes", please briefly list these in point format:

YES / NO

From my point of view, good and quality network is most valuable need. If not all everyone will use mobile network to make calls, to make sent smses and to make connection. In this regard, we are so thankful to have overall connection.

Do you wish this project to proceed?

YES / NO
