What is your main area of interest regarding the proposed developments?

This is a very good project to the area because it will improve the communication in this area as there is a very bad network. We normally receive SMS (texts) from communication providers from Botswana due to poor network of this area.

Do you have any points of concern or support regarding the proposed projects?
If "yes", please briefly list these in point format:

I do support as this is good for opportunity for business. Communications as there's too much inter-paragon Botswana and we get charged for international charges while we are in our area.
