Ode to a mother of stars - Maria Tjihero

• CONRAD ANGULA

Maria Tjihero

DISCIPLINARIAN, strict, a strategist, loving and caring are just some of the adjectives used by Kapena Tjombonde to describe her late mother Maria Tjihero, during an exclusive interview with The Namibian on Saturday.

The respected matriarch of the famous Tjihero siblings succeeded to illness on 6 August 2022, and will be laid to rest at Okavjeva village, in the Ojjozondjupa region, on Saturday, 20 August.

Mama Maria, as she was fondly known, enjoyed a 64-year marriage with her late husband Festus Tjihero, who passed on in 2005, leaving the parenting duties of their nine-children solely in the hands of his wife.

She clearly didn't disappoint because she helped shape the lives of her children, who all grew up to become very prominent personalities and members of society.

The Tjihero siblings are: Agatha Hans Tjombonde (deceased); Deborah (played Dora in Afrikaans); Albert Hoonjo (captain of the national football team); and Joseph (played football for the national team).

Other siblings include: Jannetia (played football for the national team); Mbera (played football for the national team); and Tjibbo (played football for the national team).

Mama Maria was instrumental in over 100 Nam people being insured with plots with weekends and small livestock at Ojjozondjupa. Her purpose, we believe, was to ensure that they could sustain themselves, her death will also leave a void in their lives.

<b>Comment/ issue No.</b>	<b>Commenter name &amp; issue / comment / question</b>	<b>Response and name of responder:</b>
1.	<b>Commenter 1:</b> Will the Proponent hire people from Arandis?	<b>Mr. Silas David (SD):</b> When it comes to hiring people, the Proponent takes into consideration the level of competency (e.g. skilled, semi-skilled and general labour). As consultants, we advise the Proponent to hire at least the semi-skilled workers and general laborers locally.
	You gave an example of groundwater contamination as a potential negative impact on the proposed project. Does the Proponent have a rehabilitation plan for the proposed project?	Yes, the Proponent has a rehabilitation plan for the project, which will be carried out during the closure of the project.
	In terms of waste management as stated in the BID, the Proponent should reach an agreement with the Arandis Town Council with respect to waste disposal. Will the trucks be transporting waste to the dumpsite every day?	Waste will be disposed through an agreement with the town council on a weekly or monthly basis, or as frequent as necessary, and according to the agreement with the town council.
	In terms of plant biodiversity, what will have to the biodiversity in the EPL area?	A vegetation removal permit will need to be applied for by the Proponent as required by the Forestry Act law if there are any important plant species identified on the EPL. A permit for relocation of the important plants species would be required if they are located within the exploration target points.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
2.	<b>Commenter 2:</b> Since the EPL overlies some farms (private land), will the proponent inform the farmers that they have been granted the ECC?	Yes, the Proponent needs to inform the landowners. After an ECC is granted to the Proponent, there will need to be access agreements between the proponent and the property owner/s too.

## **FINAL REMARKS AND CONCLUSION OF THE MEETING**
