PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED PROSPECTING & EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) 7394 LOCATED NORTH-EAST OF HENTIES BAY IN THE DAURES CONSTITUENCY, ERONGO REGION

Date: Wednesday, 07 September 2022

Time: 11:42 – 13:00

Venue: Rietkuil Settlement

The public consultation meeting was attended by 9 people, including two environmental consultants and an archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the environmental consultant with an introductory of the team, who they are and the purpose as to why they are consulting affected parties of the proposed prospecting and exploration activities on EPL 7394. The meeting attendance register was then circulated for the attendees to write down their names, contact details and sign so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental Impact Assessment (EIA) or ESA and the reason that The Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), independent environmental consultants to carry out the EIA and apply for the Environmental Clearance certificate (ECC).

2.2 Explanation of what an ESA is, its Process and the Public Role in the Process

Mr Silas David explained to the attendees what the meeting was all about and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr David further explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultants also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr David provided the meeting attendees the opportunity to raise their concerns/issues and or comment on the proposed project activities. The issues and comments recorded are presented in **Table 1** below.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	Commenter 1: Where are the target points, when the exploration activities commences?	Mr Emmanuel Shilongo (ES): When the ECC is granted, due diligent needs to be conducted to determine the target point for drilling activities. This investigation occurs during the prospecting phase of the project.
2.	Commenter 2: Where is this EPL located?	Mr ES: The EPL covers part of the river of the Rietkuil settlement and extends towards the Henties Bay area within the Daures Constituency.
3.	Commenter 3: The information in this BID is very vague at least coordinates of the farmers surrounding this EPL. We have farms there and it is very important this	Mr SD: Thank you for the comment, I respect your position and your view with respect to the BID being vague. It should be noted that according to the data we have from the ministry there are no farms affecting this EPL. If there were farms covering this EPL then this information could have been presented to you. I cannot present coordinates to you if this information is not present according to the data that

	information is presented to the people and present the survey of the farms.	I have. Deemed, if I were the one who surveyed these farms that you are talking about then I could have. According to my knowledge, there are no farms affecting this EPL.
4.	<p>Commenter 4: Cattle theft is of serious concern in the area.</p> <p>It should also be noted that community members should be educated about such development.</p>	Mr SD: Noted.
5.	<p>Commenter 5: This meeting was short notice and we think this meeting should be postponed.</p> <p>People only learned about this meeting yesterday (06 September)</p> <p>So basically what you are trying to say that you are not in support of postponing this meeting? We know that you followed the right procedures.</p>	<p>Mr SD: What do you mean by the term that this meeting is short notice, because according to my knowledge this meeting is not short noticed.</p> <p>It is sad to hear about this, communication was conducted two weeks in advance with the Traditional office of Daures, giving reasons as to why we are here to introduce to the meeting and to give you an opportunity to raise your concerns.</p> <p>I am not trying to say anything, what I am saying is, it is unfortunate that communication with the community was done at short notice we are here now, we need to take cost involved in this request.</p>

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
6.	Commenter 6 : People only learned about this meeting yesterday (06 September)	Mr SD: It is sad to hear about this, communication was conducted two weeks in advance with the Traditional office of Daures, giving reasons as to why we are here to introduce to the meeting and to give you an opportunity to raise your concerns.
7.	Commenter 7: What needs to be taken into account is that there is a dispute and I think we need to postpone this meeting	Mr SD: Let us not divert away from the agenda of the meeting. With respect to the dispute, I am not in any position to comment on that.
8.	Commenter 8: The people are already here, and I think it will be best if the community have a meeting together and give their concern in writing to the consultant.	Mr SD: I support this idea and I think we have the solution, the email address is on the BIDs and contact details are there, if you may have any questions.
9.	Commenter 6: We will send in our concern through the Traditional authority to your office. Since they are the ones who brought you here and communicated with us for this meeting.	Mr SD: Thank you. I will following up on the Traditional office for your concerns.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr David thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr David informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 13h00.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	Commenter 1: Are there Nuclear fuel minerals that were found on the EPL?	Mr Silas David (SD): When an ECC is granted to the Proponent, exploration activities will commence which will determine whether the EPL has economically viable minerals present on the EPL, at the moment the EPL has potential to host Nuclear Fuel minerals.
2.	Commenter 1: With respect to the traditional perspective there are certain aspects we take into account when these types of development occurs in the area; There are small scale miner in the area and in the past these people have been forced to move away by the past	Mr. SD: Thank you for the comment and for the question, one question we need to ask ourselves are these legal small scale miners or illegal small scale miners? What happens is that an EIA needs to be conducted to ensure that these activities for small-scale miners operate in a way that it does not affect the environment. A mining claim owner can have a MC within an EPL as long there do not have the same commodity interests.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
	exploration companies. What is the Proponent going to do with?	There are MC within the EPL and nothing is going to happen. Both parties have the right to their property.
3.	Commenter 1: Rehabilitation is of great concern in the area.	Mr SD: Noted
4.	Commenter 1: Is the Proponent going to employ local people? A lot of exploration companies make promises that they are going to employ local people but end up bridging the employment agreement.	Mr SD: The proponent is likely to hire the unskilled and semi-skilled people from the vicinity of the project.
5.	Commenter 2: Why is the EPL active, was there an EIA already done for this EPL?	Mr SD: The EPL is a transfer which belonged to Valentina Haufiku giving part of the reason as to why the EPL is active.
6.	Commenter 2: When does the public consultation process end?	Mr SD: The public consultation period ends on 30 September 2022. However, communication with the I&APs will be conducted.
7.	Commenter 1: Do we need to give our concerns to the Proponent or the consultant?	Mr SD: To the consultant.
