ENVIRONMENTAL IMPACT ASSESSMENT AND ENVIRONMENTAL MANAGEMENT PLAN TO OBTAIN AN **ENVIRONMENTAL** 

CLEARANCE FOR THE **REZONING OF ERF 1488, DORADO PARK (EXTENSION 1)** FROM 'PRIVATE OPEN SPACE' TO 'INSTITUTIONAL'

Green Earth Environmental Consultants have been appointed to attend to and complete an Environmental Impact Assessment and Environmental Management Plan (EMP) to obtain an Environmental Clearance Certificate as per the requirements of the Environmental Management Act (No. 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 in GG 4878 of 6 February 2012) to rezone Erf 1488, Dorado Park (Extension 1) from 'private open space' to 'institu-

Name of proponent: The International University of Management

Project location and description: Erf 1488, Dorado Park Extension 1, is located between the residential area and the Western Bypass, on the western edge of Dorado Park directly southwest of the existing premises of the International University of Management (IUM). Erf 1488 is zoned private open space and is 5,7535ha in extent. Lecture halls have been constructed on the northern corner of the erf which leaves a large portion of the erf vacant. The IUM, due to increase in demand for their services, intends to construct additional lecture halls, a multipurpose hall and administrative buildings. Erf 271, Dorado Park, which accommodates the main section of the IUM's buildings, has been build up to capacity and has insufficient space to accommodate further extensions of facilities. It is thus the intention of the Proponent to construct these additional facilities on Erf 1488, Dorado Park. To be able to do that, Erf 1488, Dorado Park (Extension 1) must be rezoned from 'private open space' to 'institutional' A locality plan of the site is displayed on the Town Planning Notice Board at the Customer Care Center, Main Municipal Offices, Rev. Michael Scott Street, Windhoek or available at the offices of Green Earth Environmental Consultants at Bridgeview Offices, No. 4 Dr. Kwame Nkruma Avenue,

Interested and affected parties are hereby invited to register in terms of comments, and opinions regarding the proposed project. A public meeting will be held only if there is enough public interest. Only I&APs that registered will be notified of the possible public meeting to be held.

The last date for comments and/or registration is 6 May 2022. Contact details for registration and further information:
