Dear Mr. E.I Shivolo

I **SERAFINA NDAYANDJOMAKE NGHIYOLWA**, as official managing member hereby representing **EINEKELO INVESTMENT CC**, is hereby pleading with the Commissioner to request an extension of 6 months in the deadline for submission of our Environmental Clearance Certificate ("ECC), for our Exclusive Prospecting Licence 8390 in respect of Dimension Stone, Industrial Minerals, Base, Rare Earth Elements and Precious Metals Mineral at Bethanie and Helmeringhausen, Karas region (over a certain area shown on the map).

I have attached proof of the Application of the ECC hereinafter labeled Annexured 1. Once granted the EPL we are ready and able to commence with works, as everything from our side is ready.

We are humbly requesting the Commissioner to please grant us the extension of the EPL, we are willing and ready to commence with exploration activities and contribute the Namibian economy by creating jobs, to curb the unemployed rate of the youth in Namibia.

Yours sincerely,
