Dear Sir

**RE: RE-OPENING OF THE WINDHOEK TO GOBABIS RAILWAY LINE.**

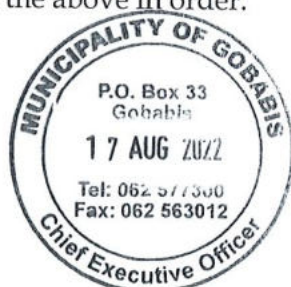

*We acknowledge receipt of your letter on the above subject matter of which the content has been noted.*

It is with pleasure to inform you that the Town Council of Gobabis appreciate your request to give guidance and directions on local governing by-laws, regulations, and environmental stipulations with regards to handling, storage, and transhipment of commodities.

The Town Council have no objections for the reopening of the railway however would want to draw your attention to the Public and Environmental Health Act that must be complied with at all times. The facilities used for warehousing of materials including dangerous goods must comply with the applicable standards (SANS) e.g. SAN 100089. The building structures should comply with all parts of SANS 10400, and all normative references.

We trust you find the above in order.

Yours sincerely

  
**S. N. EISES**
