REPUBLIC OF NAMIBIA

ENVIRONMENTAL QUESTIONNAIRE FOR MINING CLAIMS IN NAMIBIA

BEING APPENDIX A TO THE ENVIRONMENTAL CONTRACT

1. BACKGROUND INFORMATION

- 1.1 Companies/Natural persons applying for **MINING CLAIMS** must complete this questionnaire. (Please fill in ALL questions).
- 1.2 The answers provided in this questionnaire shall be regarded as commitments which will become part of the **Environmental Contract** between the Holder and the Government of the Republic of Namibia, duly represented by the Ministry of Environment, Forestry and Tourism (MEFT) and the Ministry of Mines and Energy (MME).
- 1.3 Once the Holder has completed this questionnaire MEFT and MME will either accept/reject/request further information regarding the environmental commitments made therein. MET and MME reserve the right to add further conditions.
- 1.4 Once agreed to by all parties concerned, the completed questionnaire shall form part of the **Environmental Contract**.
- 1.5 **Please attach a map of the mining claim area and a copy of the application to register mining claims.**

2. Holder details

2.1 Name of Holder	Mateu Mulauli
2.2 Name of Mining Claim Holder (if different from 2.1)	N/A
2.3 Telephone, Fax, Cell Phone and/or E-Mail	Tel: Fax: Cell phone: +264 81 4155247
2.4 Postal Address Residential/Registered Address	PO Box 1100, Swakopmund, Namibia Erf 3652, Narraville, Wenty Moun-ton Street, Walvis Bay, Namibia
2.5 Reference Number	NEPL No: 9740 Expiry: 05 September 2023
2.6 Registered Number(s)	73708, 73709, 73710, 73711, 73712 & 73713
2.7 Location (Farm, District, Region) of mining claim(s)	Opuwo District, Kunene Region
2.8 Group(s) of Mineral(s) to be mined	Semi-Precious Stones

Number of people	Where will they live?
6	Camping at the claim area.

3. Environmental commitments

3.1 Pollution and Waste

3.1.1 What will you do with **normal litter** (e.g. Kitchen spoils, cans, bottles, paper, etc.)?

Wheelie bins will be made available at the site and it will be emptied on weekly basis at Opuwo landfill.

3.1.2 What **industrial waste** will be generated and what will you do with it (e.g. old machinery, vehicles, building rubble, batteries, paint, thinners, vehicle oil, etc.)?

No industrial waste will be generated from the envisaged project.

3.1.3 Describe what type of **toilet facilities** will be provided.

Portable toilets will be erected in the vicinity of the basecamp and it will be emptied at Opuwo sewerage pond on weekly basis.

3.2 Vehicle, earthmoving equipment, drilling and blasting

3.2.1 List the type and quantity of vehicles, earthmoving equipment, drilling equipment, and other machinery likely to be used on your mining claim (e.g. 2 x bakkies; 1 x bulldozer, etc.)

Vehicles:

Three 4X4 Toyota pick-up bakkies and one eight-ton truck will be used during the operation of the project.

Earthmoving equipment:

An 400PC excavator equipped with the exclusive highly efficient hydraulic control system will be used for excavation and loading purposes.

Drilling equipment:

A jackhammer equipped with a compressor will be used for drilling purposes.

3.2.2 Describe the environmental damage that is likely to result from the use of vehicles and machinery within the mining claim area (e.g. on the landscape in general, soil, vegetation, noise, dust, etc.).

The existing tracks will be used to access the site by vehicles and machinery, however; only plant species that will be within the targeted area will be cleared if such plant species are inevitable. A vegetation management plan will be formulated and all the protected and high valued plant species in the area will be avoided. The vehicles and earthmoving equipment will be serviced on regular basis to ensure that there is no soil contamination and if any oil leakage have been detected a drip tray will be used. All employees will be provided with the correct Personal Protect Equipment (PPE). The operation hours will be from 8h00 AM to 17H00 PM, from Monday to Friday, no work will be allowed during dusk hours.

3.2.3 How will you control the movement of vehicles **and machinery** in order to minimize environmental damage?

Only existing tracks will be used during the operation of the project and no new roads or tracks will be established. No off-roading will be permitted on-site and an assistant environmental officer will be appointed to ensure compliance.

3.2.4 Which routes will be used by vehicles to get to your mining claim and state whether you intend making new roads or tracks (both to your mining claim and within your mining claim)?

An existing track from the site connecting to the D3703 road which stretches from Opuwo to Orotjitombo and Omukurukaze Villages will be used to access the mining claims area.

3.2.5 Will you do any blasting on your mining claim?

Yes: _____

No: **NO**

Unsure:

3.2.6 If "yes" above, explain how you intend minimizing environmental impacts, including the safety of humans, livestock and wildlife?

N/A

3.3 Water

3.3.1 How much water do you intend using for various activities (e.g. human use, washing of equipment, washing sand/stones, dust control, gardens, etc.) and state how you intend saving water within each category of use.

Activity or category of use	Quantity of water needed per month (liters)	Water saving methods
Human consumption	125 liters per/day	Water will be used sparingly
Cleaning	100 liters per/day	Water will be reused to clean tools and equipment

3.3.2 Where will you get your water (e.g. river, own borehole, Water Affairs connection, etc.)?

Existing borehole in the area.

3.3.3 Explain how you will minimize or completely avoid polluting any water source, including underground water.

Vehicle and equipment will be service regularly to avoid any oil or fuel leakage and any oil or fuel spillage detected will be attended to as soon as possible by a professional company. No operation will take place near a water source.

3.4 Relations with neighboring communities and/or the general public

3.4.1 Are there any people living in or near your mining claim?

Yes: _____ No: Unsure: _____

3.4.2 If "yes", explain where these people live and describe their economic activities.

N/A

3.4.3 If "yes" in 3.4.1, explain what you will do to maintain a good relationship with such people.

All communication will be channeled through the traditional authority (Vita Royal House)

3.4.4 Will the activities on your mining claim restrict the movement of other people in the area (e.g. the general public, tourists, farmers, local people, etc.)?

Yes: _____ No:

3.4.5 If "yes" for 3.4.4, please explain why their movements or access will be restricted.

3.5 Protection of plants and wildlife

3.5.1 How will you ensure that your activities will not cause unnecessary damage to **plants and wildlife** in or near your mining claim) e.g. hunting, plant collecting, fishing, etc.)?

A vegetation management plan will be formulated, and an induction course on plant and wildlife conservation will be given to all employees to sensitize them on the value of wildlife and plant. Area with endemic species will be avoided and no illegal harvesting or hunting will be permitted.

3.6 Historical, archaeological and cultural heritage (e.g. Rock art, graves, monuments, fossils, sacred sites, historical buildings, etc.)

3.6.1 Are there any historical, archaeological or culturally important sites within your mining claim area?

Yes: _____ No: Unsure: _____

3.6.2 If "yes", please describe briefly.
N/A

3.6.3 If such sites are known, how will you avoid damaging them?
N/A

3.6.4 If such sites are discovered after you have started working your mining claim, would you accept new conditions to this contract so that they can be properly protected?

Yes: No: _____ Unsure: _____

3.7 Rehabilitation

3.7.1 When will you rehabilitate the environmental damage done during prospecting? (Tick the appropriate box)

I have no intention of rehabilitating any damage
On a continuous basis (i.e. simultaneous with prospecting) X

Only after all prospecting has finally been completed
I don't know

3.7.2 Describe the programme of mining from the start and the methods to rehabilitate damage.

The excavated areas will be backfilled on continuous basis.

4. Existing Damage

Describe what environmental damage exists in your mining claim area now, in other words, damage caused by someone else before you began working on the mining claim. Where possible, provide evidence such as photos, statements, etc.

No existing damage done on the environment at the moment.

I hereby declare that the information provided in this questionnaire, is to the best of my knowledge, accurate and correct, and that I'm prepared to keep to the commitments stated therein.
