CALL FOR PUBLIC PARTICIPATION/COMMENTS ENVIRONMENTAL IMPACT ASSESSMENT AND ENVIRONMENTAL MANAGEMENT PLAN TO OBTAIN AN ENVIRONMENTAL CLEARANCE FOR THE ROUTE DETERMINATION OF ROADS AND DESIGN OF ASSOCIATED PHYSICAL INFRASTRUCTURE ON PORTION 87 (A PORTION OF PORTION H) OF THE FARM BRAKWATER NO. 48, WINDHOEK

Green Earth Environmental Consultants have been appointed to attend to and complete an Environmental Impact Assessment and Environmental Management Plan (EMP) in order to obtain an Environmental Clearance Certificate as per the requirements of the Environmental Management Act (No. 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 in GG 4878 of 6 February 2012) for the route determination of roads and design of associated physical infrastructure on Portion 87 (a portion of portion H) of the Farm Brakwater No. 48 to be subdivided into 9 portions and the Remainder.

Name of proponent: BV Investments Twenty-Six CC
Project location and description: Portion 87 of the Farm Brakwater No. 48 is located east of the B1 which link Windhoek and Okahandja dual-carriage road and west of the Klein Windhoek River. It is the intention of the proponent to subdivide Portion 87 into 9 new portions and the Remainder. To provide the newly created portions with access, new public roads must be aligned and associated physical infrastructure must be designed and constructed. A locality plan of the site is displayed at the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and available at the offices of Green Earth Environmental Consultants at Bridgeview Offices, No. 4 Dr. Kwame Nkruma Avenue, Klein Windhoek.

Interested and affected parties are hereby invited to register in terms of the assessment process to give input, comments, and opinions regarding the proposed project. A public meeting will be held only if there is enough public interest. **Only I&APs that registered will be notified of the possible public meeting to be held.**

The last date for comments and/or registration is 30 November 2022.

CALL FOR PUBLIC PARTICIPATION/ COMMENTS ENVIRONMENTAL IMPACT ASSESSMENT AND ENVIRONMENTAL MANAGEMENT PLAN TO OBTAIN AN ENVIRONMENTAL CLEARANCE FOR THE ROUTE DETERMINATION OF ROADS AND DESIGN OF ASSOCIATED PHYSICAL INFRASTRUCTURE ON PORTION 87 (A PORTION OF PORTION H) OF THE FARM BRAKWATER NO. 48, WINDHOEK

Green Earth Environmental Consultants have been appointed to attend to and complete an Environmental Impact Assessment and Environmental Management Plan (EMP) to obtain an Environmental Clearance Certificate as per the requirements of the Environmental Management Act (No. 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 in GG 4878 of 6 February 2012) for the route determination of roads and design of associated physical infrastructure on Portion 87 (a portion of portion H) of the Farm Brakwater No. 48 to be subdivided into 9 portions and the Remainder.

Name of proponent: Naulkluft Electricity Investments Pty Ltd

Project location and description: It is the intention of the proponent to construct a powerline in the Sesriem Area of the Hardap Region. The powerline will be ±1.27 km long and link the Namibia Wildlife Resort Facilities at Sesriem with the existing power grid at Sossus Oasis Service Station. The line will be a 33kV overhead line with 11m high single poles with suspension insulators in HLPDC or staggered delta configuration and an A-Frame road crossing over Road C27 with average 120m spans with shorter spans to compensate for the terrain and bend points. A plan showing the proposed alignment of the power line is available at the offices of Green Earth Environmental Consultants at Bridgeview Offices, No. 4 Dr. Kwame Nkruma Avenue, Klein Windhoek. Interested and affected parties are hereby invited to register in terms of the assessment process to give input, comments, and opinions regarding the proposed project. A public meeting will be held only if there is enough public interest. **Only I&APs that registered will be notified of the possible public meeting to be held.**

The last date for comments and/or registration is 14 December 2022. Contact details for registration and further information: **Green Earth Environmental Consultants** Contact Persons: Charlie Du Toit/Carien van der Walt Tel: 0811273145 E-mail: carien@greenearthnamibia.com

Name of proponent: Naulkluft Electricity Investments Pty Ltd

Project location and description: Portion 87 of the Farm Brakwater No. 48 is located east of the B1 which link Windhoek and Okahandja dual-carriage road and west of the Klein Windhoek River. It is the intention of the proponent to subdivide Portion 87 into 9 new portions and the Remainder. To provide the newly created portions with access, new public roads must be aligned and associated physical infrastructure must be designed and constructed. A locality plan of the site is displayed at the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and available at the offices of Green Earth Environmental Consultants at Bridgeview Offices, No. 4 Dr. Kwame Nkruma Avenue, Klein Windhoek. Interested and affected parties are hereby invited to register in terms of the assessment process to give input, comments, and opinions regarding the proposed project. A public meeting will be held only if there is enough public interest. **Only I&APs that registered will be notified of the possible public meeting to be held.**

29 November 2022

Farm FELDTMANSHOEK No. 818
P. O. Box 198
Grootfontein

Dear Sir/Madam,

RE: STAKEHOLDER NOTIFICATION - ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED MINERALS PROSPECTING WITHIN EXCLUSIVE PROSPECTING LICENSE (EPL) No. 8737 NEAR GROOTFONTEIN IN THE OTJOZONDJUPA REGION, NAMIBIA

Impala Environmental Consulting CC hereby gives notice on behalf of Tura Wood Trading CC ("The Proponent") about the Environmental Impact Assessment (EIA) process for the proposed exploration activities for Copper and Zinc on Exclusive Prospective License (EPL) 8737 near Grootfontein, in the Otjozondjupa Region. (Figure 1)

The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfilment of these environmental requirements, an Environmental Scoping and Assessment Report (ESAR) and Environmental Management Plan (EMP) will be submitted to the Ministry of Mines Energy (MME) and Ministry of Environment Forestry and Tourism in support of the application for an Environmental Clearance Certificate (ECC).

As the landowner and or potentially Interested Affected Party (I&AP), we hereby inform you that Tura Wood Trading CC, holds subsurface mineral rights under the EPL No. 8737. The Proponent wishes to conduct prospecting activities which entails the following:

- a) Desktop studies which include the processing and interpretation of the existing geophysical data sets;
- b) Regional field-based reconnaissance activities and if the results are positive, implement detailed site-specific field-based activities using techniques such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory testing. (*Detailed explanation contained in the ESAR*)

Should exploration yield successful results and the proponent confidently decides to proceed with mining a full environmental impact assessment and a detailed feasibility study will be carried out with appropriate site-specific specialist studies i.e., Hydrology, Biodiversity, Soil and more that are deemed necessary.

On behalf of our client, we hereby extend an invitation to you as an identified stakeholder and or I&AP for this project. You are hereby requested to register yourself as an affected party to receive the Background Information Document (BID) and the draft ESAR as well as the EMP in order to provide your input/comments/concerns regarding the proposed activities.

Registration can be done by requesting the BID dully motivated in writing with the following details: Names, Farm Name/Organization, Contact Details, and your Comments/Inputs to the following Cell: 0856630598, email: eia@impalac.com

Dear Sir/Madam,

RE: STAKEHOLDER NOTIFICATION - ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED MINERALS PROSPECTING WITHIN EXCLUSIVE PROSPECTING LICENSE (EPL) No. 8737 NEAR GROOTFONTEIN IN THE OTJOZONDJUPA REGION, NAMIBIA

Impala Environmental Consulting CC hereby gives notice on behalf of Tura Wood Trading CC ("The Proponent") about the Environmental Impact Assessment (EIA) process for the proposed exploration activities for Copper and Zinc on Exclusive Prospective License (EPL) 8737 near Grootfontein, in the Otjozondjupa Region. (Figure 1)

The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfilment of these environmental requirements, an Environmental Scoping and Assessment Report (ESAR) and Environmental Management Plan (EMP) will be submitted to the Ministry of Mines Energy (MME) and Ministry of Environment Forestry and Tourism in support of the application for an Environmental Clearance Certificate (ECC).

As the landowner and or potentially Interested Affected Party (I&AP), we hereby inform you that Tura Wood Trading CC, holds subsurface mineral rights under the EPL No. 8737. The Proponent wishes to conduct prospecting activities which entails the following:

- a) Desktop studies which include the processing and interpretation of the existing geophysical data sets;
- b) Regional field-based reconnaissance activities and if the results are positive, implement detailed site-specific field-based activities using techniques such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory testing. (*Detailed explanation contained in the ESAR*)

Should exploration yield successful results and the proponent confidently decides to proceed with mining a full environmental impact assessment and a detailed feasibility study will be carried out with appropriate site-specific specialist studies i.e., Hydrology, Biodiversity, Soil and more that are deemed necessary.

On behalf of our client, we hereby extend an invitation to you as an identified stakeholder and or I&AP for this project. You are hereby requested to register yourself as an affected party to receive the Background Information Document (BID) and the draft ESAR as well as the EMP in order to provide your input/comments/concerns regarding the proposed activities.

Registration can be done by requesting the BID dully motivated in writing with the following details: Names, Farm Name/Organization, Contact Details, and your Comments/Inputs to the following Cell: 0856630598, email: eia@impalac.com

Dear Sir/Madam,

RE: STAKEHOLDER NOTIFICATION - ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED MINERALS PROSPECTING WITHIN EXCLUSIVE PROSPECTING LICENSE (EPL) No. 8737 NEAR GROOTFONTEIN IN THE OTJOZONDJUPA REGION, NAMIBIA

Impala Environmental Consulting CC hereby gives notice on behalf of Tura Wood Trading CC ("The Proponent") about the Environmental Impact Assessment (EIA) process for the proposed exploration activities for Copper and Zinc on Exclusive Prospective License (EPL) 8737 near Grootfontein, in the Otjozondjupa Region. (Figure 1)

The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfilment of these environmental requirements, an Environmental Scoping and Assessment Report (ESAR) and Environmental Management Plan (EMP) will be submitted to the Ministry of Mines Energy (MME) and Ministry of Environment Forestry and Tourism in support of the application for an Environmental Clearance Certificate (ECC).

As the landowner and or potentially Interested Affected Party (I&AP), we hereby inform you that Tura Wood Trading CC, holds subsurface mineral rights under the EPL No. 8737. The Proponent wishes to conduct prospecting activities which entails the following:

- a) Desktop studies which include the processing and interpretation of the existing geophysical data sets;
- b) Regional field-based reconnaissance activities and if the results are positive, implement detailed site-specific field-based activities using techniques such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory testing. (*Detailed explanation contained in the ESAR*)

Should exploration yield successful results and the proponent confidently decides to proceed with mining a full environmental impact assessment and a detailed feasibility study will be carried out with appropriate site-specific specialist studies i.e., Hydrology, Biodiversity, Soil and more that are deemed necessary.

On behalf of our client, we hereby extend an invitation to you as an identified stakeholder and or I&AP for this project. You are hereby requested to register yourself as an affected party to receive the Background Information Document (BID) and the draft ESAR as well as the EMP in order to provide your input/comments/concerns regarding the proposed activities.

Registration can be done by requesting the BID dully motivated in writing with the following details: Names, Farm Name/Organization, Contact Details, and your Comments/Inputs to the following Cell: 0856630598, email: eia@impalac.com

Impala Environmental Consulting CC hereby gives notice on behalf of Tura Wood Trading CC ("The Proponent") about the Environmental Impact Assessment (EIA) process for the proposed exploration activities for Copper and Zinc on Exclusive Prospective License (EPL) 8737 near Grootfontein, in the Otjozondjupa Region. (Figure 1)

The proposed prospecting activities are listed in the Environmental Management Act, 2007, (Act No. 7 of 2007) and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). In fulfilment of these environmental requirements, an Environmental Scoping and Assessment Report (ESAR) and Environmental Management Plan (EMP) will be submitted to the Ministry of Mines Energy (MME) and Ministry of Environment Forestry and Tourism in support of the application for an Environmental Clearance Certificate (ECC).

As the landowner and or potentially Interested Affected Party (I&AP), we hereby inform you that Tura Wood Trading CC, holds subsurface mineral rights under the EPL No. 8737. The Proponent wishes to conduct prospecting activities which entails the following:

- a) Desktop studies which include the processing and interpretation of the existing geophysical data sets;
- b) Regional field-based reconnaissance activities and if the results are positive, implement detailed site-specific field-based activities using techniques such as geological mapping, geophysical surveys, trenching, drilling, and sampling for laboratory testing. (*Detailed explanation contained in the ESAR*)

Should exploration yield successful results and the proponent confidently decides to proceed with mining a full environmental impact assessment and a detailed feasibility study will be carried out with appropriate site-specific specialist studies i.e., Hydrology, Biodiversity, Soil and more that are deemed necessary.

On behalf of our client, we hereby extend an invitation to you as an identified stakeholder and or I&AP for this project. You are hereby requested to register yourself as an affected party to receive the Background Information Document (BID) and the draft ESAR as well as the EMP in order to provide your input/comments/concerns regarding the proposed activities.

Registration can be done by requesting the BID dully motivated in writing with the following details: Names, Farm Name/Organization, Contact Details, and your Comments/Inputs to the following Cell: 0856630598, email: eia@impalac.com
