

No	Name / Organisation	Questions/Comments/Inputs	Responses
1	Mrs Goases (Community Member )	Opened the meeting with the Prayer	
2	Mr Goraseb ( Interpreter)	Introduced the presence of Mr Nico Somaeb from the Kunene Regional Council, Chief Uirab from the Swartboi Traditional Authority) and Mr Horaeb from the Aodaman Traditional Authority.	
3	Mr Kalumbu (Environmental Practitioner)	Observed all protocols and thanked all the community members in attendance.  Introduced the delegation, the purpose of the public participation meeting.  Presented both the possible socio-economic and environmental impacts associated with the project.	
4	Mr Somaeb (Kunene Regional Council)	<b>Comment:</b> Welcomed the delegation and praised the efforts made to bring about development and job creation in the region.  <b>Question:</b> Will the Regional Council be informed when the project kicks off?  <b>Question:</b> The Regional Council planned to create a Community Developmental Fund, can the company contribute towards the fund once mining activities commence?	<b>Answer:</b> Yes, the regional council will constantly be informed and updated both during the exploration and mining activities. (Gideon Kalumbu)  <b>Answer:</b> Yes, the proponent wants to positively contribute toward the community development hence such initiative can be implemented and find the priority needs for community. (Gideon Kalumbu)
5	Chief Uirab ( Swartboi Traditional Authority)	<b>Comment:</b> Thanked everyone for attending the meeting despite other commitments.  <b>Question:</b> Will the local community be prioritized in terms of employment community?  <b>Question:</b> Previous mining prospects were made in the area but never materialized, will this be another white elephant project?	<b>Answer:</b> Local community members will be prioritized for employment opportunities, from the exploration to the closure stage. (Gideon Kalumbu)  <b>Answer:</b> This project is genuine and have serious investors both from Canada and China. There are already agreements signed to make sure this project materialize (Timoteus Mashuna_ Proponent)
6	Mr Fancis (Community Member)	<b>Question:</b> Can the small-scale miners also benefit with funding from the opening of this mine?	<b>Answer:</b> We can set up a different programme specifically aimed at how small-scale miners can be assisted, also as part of the corporate social programme (Timoteus Mashuna_ Proponent)
7	Mr Ganinab (Community Member)	<b>Question:</b> Will the mining activities impact on the underground water and compete with other users like farmers?	<b>Answer:</b> The proponent will apply for a water abstraction permit from the MAWLR. The permit will also indicate the volume for abstraction to ensure there is water enough for all users. The proponent will also be encouraged to recycle water and re-use of water and minimize water wastage. (Gideon Kalumbu)
8	Mr Nawaseb (Community Member)	<b>Suggestion:</b> Since there is not a strong economic activity currently happening at a town, most of the residents currently owe the town council in water bill, can the mine owner perhaps pay of the outstanding bill on behalf of the community?	<b>Answer:</b> Although we know that the opening of the mine will not entirely solve the unemployment problem at the town, we are positive that the number that would be recruited will help improve the buying power in the community. Additionally, just like the small-scale miner, each target group can submit their priority needs and how they can be assisted. Once the list of all the needs in the community are drafted, they can then be addressing accordingly by the proponent. (Gideon Kalumbu)
19	Mr Harry (Community Member )	<b>Question:</b> Does the Mining Claims fall under the Khorixas or Fransfontein area?	<b>Answer:</b> The Mining Claims falls Khorixas district; however we were advised to host the Public Participation meeting in Fransfontein which is the middle ground for 3 different Traditional Authority in the area. (Gideon Kalumbu)
10	Chief Hoareb (Aodaman Traditional Authority)	<b>Suggestion:</b> Thanked all that participated in the meeting and hopeful that the meeting will indeed bear positive fruits for the community.	
11	Mrs Goases (Community Member)	Suggestion: Closed the meeting with the prayer.

# NAMPORT Celebrates World Maritime Day

preparing themselves for future careers, as a result we view it of strategic importance that we play an integral

part in shaping the future of Namibian learners by availing resources in in line with not only our organisational goals

but Namibia's national development goals in terms of skills development in the maritime sector", Kukuri informed Confidante.

**• BY STAFF REPORTER**

**N**AMIBIA Ports Authority (NAMPORT) has invited various stakeholders to join in the World Maritime Day slated for the 29 September 2022 under the theme "New technologies for greener shipping".

"The theme reflects the need to support a green transition of the maritime sector into a sustainable future", the parastatal announced in an email communique to Confidante.

"The theme furthermore provides an opportunity to focus

on the importance of a sustainable maritime sector and the need to build back better and greener in a post pandemic world.

The purpose of the day is to appreciate the importance of maritime industry and to underline the importance of maritime security, maritime environment, safety, and shipping.

The day also marks the day of adaptation of International Maritime Organisation (IMO) convention in 1958. It was first observed in 1978.

Namport will be hosting a series of events in this regard.

These include port tours for schools and the public, boarding and viewing of navy ships, as well as career exhibitions.

According to Edith Kukuri, Public Relations Liaison Officer at Namport, as an institution the event speaks to their short and long-term goal of narrowing the skills gap in the maritime industry.

"There is an existing skills gap in terms of Namibians employed in our domestic maritime industry. When we were growing up, we were really not informed of opportunities available in this field, and as you know, learners are
