

# APPENDIX A – PUBLIC CONSULTATION

## NOTICE OF AN ENVIRONMENTAL ASSESSMENT FOR THE PROPOSED CONSTRUCTION AND OPERATION OF OSONA II – 36 MW SOLAR PHOTOVOLTAIC POWER PLANT NEAR OKAHANDJA, OTJOZONDJUPA REGION, NAMIBIA.

Environmental Compliance Consultancy CC (ECC) hereby gives notice to the public that an application for an environmental clearance certificate in accordance with the Environmental Management Act, No. 7 of 2007 will be made for the proposed 36 MW solar PV power plant. Members of the public are invited to register as an Interested and Affected Party (IAP) and provide input into the environmental clearance certificate application process:

**Applicant:** Innosun Energy Holding (Pty) Ltd  
**Environmental Assessment Practitioner (EAP):** Environmental Compliance Consultancy  
**Location:** Otjozondjupa Region, Namibia  
**Project ID:** ECC-43-418

**Proposed Project Activity:** The Proponent, Innosun Energy Holding (Pty) Ltd intends to construct and operate a 36 megawatt (MW) solar photovoltaic (PV) power plant on farm Osona Commonage No. 65 portion 82, which will be linked to a nearby NamPower substation. The solar plant and associated infrastructure will cover an area of approximately 120 ha.

**Proposed Project Area:** Otjozondjupa Region, Namibia

**I&AP Registration:** The purpose of the registration period is to introduce the proposed project and to allow Interested and Affected Parties (I&APs) to register and comment on the Background Information Document (BID), to ensure that potential issues and concerns are brought forward so that they can be considered and assessed during the assessment process.

I&APs and stakeholders can register for the project at: <https://eccenvironmental.com/download/the-proposed-osona-ii-36mw-solar-pv-power-plant-near-okahandja-otjozondjupa-region-namibia/>

The team at ECC will maintain contact with all registered I&APs to engage and keep them informed as the ESIA process develops. ECC will also provide registered I&APs input opportunities and review periods throughout the assessment process.

**THE DUTCH REFORMED CHURCH OUTJO, NAMIBIA**

**VACANCY: MINISTER**

N.G.Kerk Outjo is located in northwest Namibia. This is a rural town with many challenges but has the potential to grow steadily, with approximately 387 confirmed and 102 baptized members as well as visitors. The community makes their living mainly from agriculture, various businesses, hunting and tourism. The oldest private school in Namibia is also based here in Outjo. We as a community pray and trust in our Lord to send us a dedicated child of God who will lead our congregation.

**The following are the most important to us as a community**

**Relationships** - we have active cell groups, care groups, farm districts, outreach and youth ministries. Within our community we are fortunate enough to have various ministries who work fulltime within the impoverished and needy areas.

**Worship & Outside Services** - these are valued as extremely important functions within our community.

**Compensation** - we trust in the Lord that we will operate and negotiate within the guidelines of the heat office of the church.

**Applications** - we hereby invite any qualified minister from our church body who may feel drawn to join our team here in Outjo to send us a CV of a maximum of three (3) pages and three (3) contactable references to [ngoutjo@iway.na](mailto:ngoutjo@iway.na) before **20 September 2022**.

Only shortlisted candidates will be contacted.

**For more information** - Lukas Holtzhausen (Chairman) + 264 81 127 2571 or the church office phone/Faks nr + 264 67 313 152, Sal nr +264 81 876 8717

*The church holds the right to not appoint an applicant*

**BANNERMANN**

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

**ENVIRONMENTAL IMPACT ASSESSMENT (SCOPING REPORT AND EIA & EMP) FOR THE ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE TEMPORARY WATER PIPELINE FROM THE ROSSING PIPELINE VIA GOANKONTES TO THE ETANGO MINE SITE DURING CONSTRUCTION**

Bannerman Mining Resources (Namibia) (Pty) Ltd hereby gives notice in terms of the Environmental Management Act, 7 of 2007 and Regulation 21 of the Environmental Impact Assessment (EIA) Regulations (January 2012), of their proposed construction of a temporary water pipeline from the Rossing pipeline to the Etango Project site area during construction (see map below).

Prior to implementing the proposed Project, an EIA process will be conducted. An application for environmental clearance certificate (ECC) will be submitted to the relevant Component Authority (Ministry of Agriculture, Water and Land Reform) who will review and forward the application to the Ministry of Environment, Forestry and Tourism (Environmental Commissioner) in terms of the above mentioned regulations. This advertisement forms part of the EIA public participation process.

**Applicant:** Bannerman Mining Resources (Namibia) (Pty) Ltd

**Nature and location of the proposed activity:** Permanent water supply for the Etango Project will come from NamWater in the form of desalinated water for the processing and domestic requirements. However, during the construction phase of the Etango Project, water will be sourced temporarily from the Rossing pipeline for approximately 2 years. The section from the Rossing pipeline to Farm Waterberg will be buried and left to replace the existing aging current pipeline to the farms in the Skeppel River. The remaining part will be above-ground and be removed after the permanent pipeline has been commissioned. The adjacent figure shows the location of the temporary pipeline.

The pipeline will be made of high-density polyethylene (or HDPE) plastic and will have a 150mm outside diameter. The total length of the temporary water pipeline will be approximately 25km.

**Independent Environmental Assessment Practitioner:** A. Spieser Environmental Consultants CC (ASEC) has been appointed by Bannerman as the independent Environmental Assessment Practitioner to undertake the EIA process for the proposed project.

Contact Person: **Alexandra Spieser** or **Werner Ewald**  
 Tel: 064 416 200  
 E-mail: [amspieser@yahoo.com](mailto:amspieser@yahoo.com) or [wewaia@bannermanresources-na.com](mailto:wewaia@bannermanresources-na.com)

Registration to receive notifications / information and opportunity to comment.  
 To register as an interested and affected party for the proposed Project, please submit your name and contact details to ASEC by e-mail, or by contacting Werner Ewald. A Background Information Document (BID) is available for a review and comment period from **06<sup>th</sup> September to 06<sup>th</sup> October 2022**. Electronic copies of the BID are available on request from ASEC as per above details. Focus group meetings with IAPs have already started, but further meetings will be scheduled as needed.  
 If you would like your comments to be addressed in the EIA Report please submit them to ASEC by no later than **06<sup>th</sup> October 2022**.

**USAID | NAMIBIA**

FROM THE AMERICAN PEOPLE

**THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT (USAID)**

Has the following vacancy as detailed below: -

**Please note that applications must be submitted electronically via the Electronic Recruitment Application (ERA) system, by midnight Monday September 19, 2022, to be considered.**

Interested applicants should visit the USAID Namibia Website at <http://na.usembassy.gov/embassy/jobs/> to apply for this vacancy

**Project Management Specialist – Health N\$ 752,325 – N\$1,052,274 (FSN – 12)**

**Basic Functions of the Job**

The USAID Project Management Specialist (Health) fills a key technical and management role. The position will act as a Deputy and support the USAID Health Office Director or acting Director in managing all aspects of the Health Office portfolio, provide coverage support for the Director as needed, assist in supporting the team in preparing HIV and health security deliverables, and serve as the point person for identifying, tracking and coordinating emerging risks to the health system (drought, COVID-19, food insecurity). In the absence of the Health Office Director, the Specialist will provide guidance and mentoring of the entire Health Office Staff.

Under the leadership of the USAID Project Management Specialist (Health), USAID/PEPFAR will ensure continued, meaningful engagement with the government of Namibia and other stakeholders throughout the development and implementation of risk responses to health security threats. The Specialist will help ensure that the USAID Namibia programs are effectively prepared to respond quickly to emerging risks and that program activities and resources are used to maximum benefit for the people of Namibia while ensuring that all other USAID programs are maintained.

Working collaboratively with the USAID/Namibia team and the PEPFAR interagency team, the USAID Project Management Specialist (Health) will also take the lead (for USAID) in developing funding proposals related to identified risks to sustaining HIV epidemic control such as drought, food insecurity, and other emerging health security threats like COVID-19. The USAID Project Management Specialist (Health) will play an important interagency role in ensuring communication and coordination in identifying, tracking, preventing, and evaluating health security risks that could jeopardize the gains made toward HIV/AIDS epidemic control.

**FOR FURTHER INFORMATION:** The complete position description listing all the duties and responsibilities and application requirements may be obtained on our website: <https://na.usembassy.gov/embassy/jobs/>

**EQUAL EMPLOYMENT OPPORTUNITY:** USAID Namibia provides equal opportunity and fair and equitable treatment in employment to all people without regard to race, color, religion, sex, national origin, age, disability, political affiliation, marital status, or sexual orientation. The Department of State also strives to achieve equal employment opportunity in all personnel operations through continuing diversity enhancement programs.

The EEO complaint procedure is available to individuals who believe they have been denied equal opportunity based upon the listed EEO complaints. Individuals with such complaints should avail themselves of the appropriate grievance procedures, remedies for prohibited personnel practices, and/or courts for relief.

No 8, 6<sup>th</sup> Street East, Walvis Bay, Namibia  
P.O. Box 5981, Walvis Bay, Namibia  
[www.scombrus.com.na](http://www.scombrus.com.na)

Scombrus is a proudly Namibian fishing company in the Mid-water Fishery.

Scombrus Fishing (Pty) Ltd. is an established player in the Namibian Midwater Fishery with proven record of sustainable and efficient fishing operations. The company owns and operates a Midwater Freezer vessel with sufficient capacity to produce more than 25,000 tons of final product per annum. Scombrus Fishing aims to create maximum employment opportunities for Namibians and to contribute to the economic and social well-being of the Namibian nation. It is therefore our pleasure to invite suitably qualified Namibians to apply for the following positions.

**Vacancies:**

- 1) Class 1 and 2 marine navigation officers
- 2) Class 1 and 2 marine engineers
- 3) Marine electrical engineers with at least 8 years sea-going service experience
- 4) Marine refrigeration engineers with at least 8 years sea-going service experience
- 5) Trawl masters
- 6) Production managers
- 7) Ship's doctor
- 8) International sales consultant

Please note: Only short-listed candidates will be contacted.

Closing date: Friday, 30 September 2022

**Cavemafishing**

No 9, 4th Street East, Walvis Bay, Namibia  
P.O. Box 3915, Walvis Bay, Namibia  
[www.cavema.com.na](http://www.cavema.com.na)

Cavema Fishing (Pty) Ltd is an established Namibian fishing company operating in the Mid-water pelagic sector. The company was created as a joint venture between two Namibian quota holders, namely Camoposatu Investment (Pty) Ltd and Vernier Investment (Pty) Ltd, in an effort to optimize efficiencies and fishing capacity through the pooling of quota resources. The shareholding structure of the firm reflects Namibian beneficial ownership, which is in line with the national drive for industry Namibianization and demonstrates commitment towards empowering previously disadvantaged Namibians. As a proud equal opportunity employer, we would like to invite suitably qualified candidates to apply for the following vacancies:

**Vacancies:**

- 1) Class 1 and 2 marine navigation officers
- 2) Class 1 and 2 marine engineers

**A BRIGHTER OPPORTUNITY FOR YOUR TOMORROW**

**VACANCIES**

Namdeb's alluvial mining operations offer unique challenges for professionals who wish to be part of one of a world-class operation. With established open-pit, coastal and deep-sea mining operations as well as a variety of new technology-driven projects, Namdeb offers developmental opportunities unmatched at most other mining operations. We are thus challenging individuals who can think outside the box to join our dynamic team in contributing towards the development and implementation of new generation mining technology.

**Applications are invited for the following position:**

- **HEAD: SAFETY, HEALTH & OPERATIONAL RISK MANAGEMENT - Band 5**
- **Closing Date: 27 September 2022**

**The Challenge:**  
The Head: Safety, Health & Operational Risk is responsible for managing, leading, supporting, implementing and coordinating Namdeb's, Risk, Safety and Health policies, procedures, technical standards, management plans and associated processes aligned to Group standards on site. The incumbent will provide assurance to its stakeholders by monitoring, and reporting on Company Performance, Risk, Safety and Health performance on and off-site, including the Namdeb Hospital and Emergency Response through the balanced scorecard process.

**Minimum Requirements for the Position:**

- Chartered Accountant (CA), Certified Internal Auditor (CIA), B.Com (Hons) or relevant Degree in Engineering, Mining, Metallurgy and Geology, with extensive site experience and exposure to risk/safety management.
- Eight (8) to Ten (10) years' post qualification experience of which Two (2) should be in a managerial role in any of the technical disciplines, with extensive knowledge on corporate governance, risk management and internal controls.

**Technical Competencies:**

- Strong project management skills with the ability to operate within a multi-disciplinary team;
- Sound strategic & long term planning experience;
- Operational management experience at senior level of mining/processing function, with demonstrated track record of performance;
- Strong analytical, interpretation and communication skills;
- Sound understanding and experience of controls, governance and risk management principles with hands-on operational risk management experience;
- Experience in reporting to senior management and Audit Committee with the ability to influence;
- Pro-activeness and the ability to work independently;
- Ability to work under pressure with a diversified portfolio whilst meeting deadlines;
- Environmental awareness and thorough operational knowledge of mining, financial and auditing principles.

Comprehensive packages are negotiable and preference will be given to applicants from designated groups in terms of the Namibian Affirmative Action Act. Interested candidates should forward curriculum vitae with supporting documents to [hr.recruitment@namdeb.com](mailto:hr.recruitment@namdeb.com)

**Identified Stakeholder and Potentially Interested Party for:**

The proposed construction and operation of Osona II – 36 MW solar photovoltaic power plant near Okahandja, Otjozondjupa Region, Namibia.

Dear Sir or Madam:

**RE: NOTIFICATION OF ENVIRONMENTAL ASSESSMENT FOR THE PROPOSED CONSTRUCTION AND OPERATION OF OSONA II – 36 MW SOLAR PHOTOVOLTAIC POWER PLANT NEAR OKAHANDJA, OTJOZONDJUPA REGION, NAMIBIA.**

Environmental Compliance Consultancy (ECC) has been contracted by InnoSun Energy Holding (Pty) Ltd to conduct an environmental assessment and develop an environmental management plan (EMP) for the Project in terms of the Environmental Management Act, No. 7 of 2007.

This letter is intended to engage potentially Interested and Affected Parties (I&APs) for the project and provides a communication channel to ECC whilst the ESIA is ongoing. You have been identified as an interested or affected party and therefore ECC wishes to inform you of how you can interact with the ESIA.

The Proponent, InnoSun Energy Holding (Pty) Ltd intends to construct and operate a 36 megawatts (MW) solar photovoltaic (PV) power plant on farm Osona Commonage No. 65 portion 82, which will be linked to a nearby NamPower substation. The solar plant and associated infrastructure will cover an area of approximately 120 ha.

Public participation is an important part of the ESIA process, as it allows the I&APs to obtain information about the proposed project and provide feedback. Communication with the I&APs occurs at various stages throughout a project lifecycle including:

- Advertising in newspapers; public notice boards (completed);
- Distributing a Background Information Document (BID) to identified I&APs; available online at (<https://eccenvironmental.com/projects/>)
- Registered I&APs will also be informed of the available draft scoping report for a review period, during which period I&APs will have the opportunity to review the draft document and raise any issues or concerns, and

- I&APs who wish to register as such must do so on the ECC website as per the link provided below: <https://eccenvironmental.com/download/the-proposed-osona-ii-36mw-solar-pv-power-plant-near-okahandja-otjozondjupa-region-namibia/>

If you are unable to complete the registration form online, please contact us via email for assistance. [info@eccenvironmental.com](mailto:info@eccenvironmental.com)

ECC values community input and participation in our projects and we look forward to working with you as the project develops.

Should you have any questions or require additional information please do not hesitate to contact either of us.

Yours sincerely,

Stephan Bezuidenhout
