Complaints ... Fernando Alonso says the result of Alpine's appeal will dictate whether Formula 1 is going in the right direction for the future. Photo: Nampa/AFP

Franchitti calls for FIA clampdown

Four-time IndyCar champion Dario Franchitti on Monday warned that Fernando Alonso was lucky to survive a high-speed crash in Sunday's United States Grand Prix – and called for a clampdown on dangerous driving.

In the wake of double world champion Max Verstappen's emotional triumph, dedicated to team founder and co-owner Dieter Mateschitz, which clinched the constructors' title for Red Bull, much focus switched to the dangers of an incident-filled race.

In particular, in a race that featured two Safety Car interventions and several high-speed duels, many seasoned observers drew attention to late defensive moves at high speed.

"These late changes of direction on the straight are going to kill someone," said Franchitti, a Scot who won the IndyCar series in 2007, 2009, 2010 and 2011 and the Indianapolis 500 in 2007, 2010 and 2012.

Writing on Twitter, he added: "FIA, time to sort out this behaviour once and for all. It has bled down to junior formula too."

Franchitti referred directly to the incident on lap 22 of the 56-lap race when Aston Martin's Lance Stroll jinked ahead of his future team-mate, two-time world champion Fernando Alonso, causing the Alpine driver to hit the rear of his car.

The Spaniard was then launched airborne by Stroll's rear wheels and skewed into a frightening brush with the barriers at high speed, escaping unhurt and able to re-join the race after a pit-stop.

Stroll retired from the race and was later given a three-race grid penalty for this week's Mexican Grand Prix (30 Oct).

"Wow," said 1996 world champion Damon Hill, commenting on the crash. "Another close call there for the boys... A bit of a naughty late jink I think from Stroll."

Another former F1 driver, Giedo van der Garde, tweeted: "Too aggressive by Lance – thank god they're both alright."

In a thrilling race, there were several exciting duels that raised eyebrows

including those between the victorious Verstappen, who reprised his 2021 scrap with seven-time champion Lewis Hamilton of Mercedes, and four-time champion Sebastian Vettel, of Aston Martin, with Haas driver Kevin Magnussen.

Alonso, 41, admitted he had been frightened by his experience.

"It was not nice because when you are up in the air obviously you are not aware of where you are on track," he said.

"I felt that I was much more on the left, and obviously if you catch the lateral fence, the metallic one, then you spin in the air 360. You see this kind of accident a lot in IndyCar -- and they are quite dangerous.

"So I thought that I was ending up on that fence.... I'm happy to be here talking with you because I could surely be in the medical centre. So, I'm happy that I'm not..."

He accepted that the crash was a racing incident.

"We were lucky with the first Safety Car and then, on the restart, I tried to take Stroll's slipstream. I moved to the side, to leave the slipstream, and he also moved... It was a bit of bad luck that we didn't understand each other."

Alonso finished the race in a remarkable seventh place, but afterwards another drama unfolded when rivals Haas protested that his right-side mirror had been broken and flapped dangerously before falling off.

He was given a 30-seconds time penalty that relegated him to 15th.

Alpine responded by protesting the validity of the Haas protest as it was lodged 24 minutes after the permitted deadline.

They added that Alonso's car was deemed to be safe by the race stewards.

Team chief Otmar Szafnauer said: "It's ridiculous. It's obviously accident damage and cars are allowed to finish with accident damage – it happens all the time."

Alonso was merely glad to be alive. "It was my best race of the season," he said. "But the fear is still in my stomach. I couldn't stop thinking about it. I just wanted to finish."

PUBLIC CONSULTATION MEETING MINUTES:

Environmental Scoping Assessment (ESA) Study for the Proposed Prospective and Exploration Activities on Exclusive Prospecting Licence (EPL) No. 8747 located 70 km Northeast of Otjiwarongo in Otjozondjupa Region, Namibia

Date: Wednesday, 07 November 2022

Time: 12:00 – 13:20

Venue: Khoi-Khoi guesthouse

The public consultation meeting was attended by eight (8) people, including one (1) GIS environmental consultant and one (1) archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS)
- Please refer to the attached attendance register.

INTRODUCTION AND WELCOMING REMARKS

The meeting was officially opened by Mr. Stefanus Johannes, an Environmental Assessment Practitioner (EAP) from Excel Dynamic Solution (Pty) Ltd. Mr. Stefanus Johannes expressed gratitude to everyone in attendance for making time to attend the meeting. The meeting attendance register was circulated for the attendees to sign and add their contact details, so that they could be added to the list of interested and affected parties (I&APs).

MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

Mr. Johannes provided a short description of the planned project and its associated activities, the Environmental Scoping Assessment (ESA) process, and the reason the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent environmental consultant to carry out the EIA and apply for the Environmental Clearance Certificate (ECC).

2.3 Presentation of Potential Project Impacts

To ensure transparency and clarity for the attendees, the Environmental Consultants also presented the pre-identified potential positive & negative environmental and social impacts of the proposed project.

2.4 Public Open Discussion (Interactive Session)

Mr. Johannes provided the meeting attendees the opportunity to raise their concerns/issues or comment on the proposed project activities. The issues and comments are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 07th of November 2022

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	Commenter 1: Who is going to provide water for the exploration activities, since we only have water enough for our livestock and for domestic use?	Mr. Stefanus Johannes (SJ): Thank you for the question, I will direct the question to the proponent for feedback.
2.	Commenter 1: Animal Poaching is a concern, what are your mitigation measures to minimize the likelihood of poaching in the area?	SJ: Thank you for the question. Some of the mitigation measures that can be proposed for the proposed project in Environmental Assessment Report, is for the Proponent to ensure that the farms access are strictly controlled and No prospective and exploration is allowed to be conducted after working hours (17:00). However, stakeholders are allowed to give suggestions on this matter.
3.	Commenter 1: What is the duration of the prospective activities on the EPL?	SJ: Once The Proponent obtains an ECC (Environmental Clearance Certificate), the ECC has validity of only three (3) years where the Proponent has the right to conduct prospective and exploration activities on the EPL.
4.	Commenter 1: Once the ECC is granted, we want an agreement contract which stipulate how the operation (Prospective and exploration activities) will be conducted.	SJ: Noted.
5.	Commenter 2: We strictly not in support of people accommodated on our farms, due to past exploration companies not	SJ: Noted.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
	adhering to the terms and conditions between two parties (Farm owners and exploration company).	
6.	Commenter 2: If boreholes are to be drilled and still operate after the exploration programme has come to an end,, what will happen to those boreholes?	SJ: An agreement between the proponent and the land owner can be put in place in order to know what happens to the drilled boreholes after exploration programme has come to an end.
7.	Commenter 3: What will happen to my farm when the proponent finds good mineral deposit for mine?	SJ: An agreement between the landowner and the proponent should be put in place before exploration begins, to decide what happens to the land if there is good mineral deposit and the proponent intends to open up a mine.
8.	Commenter 1: What happens to the ancestor graves on our farms?	SJ: The National Heritage Council protects Graves and any other historical significance, they are regarded as No-Go zone areas for exploration activities.
9.	Commenter 2: How did the Proponent choose this area?	SJ: The Proponent applied the EPL at the Ministry of Mines and Energy and was granted this EPL with the specific commodities the Proponent intends to conduct exploration activities..
10.	Commenter 4: How are farmers protected on a legal perspective as some farmers do not have full knowledge of the legal framework of Exclusive Prospecting Licences ?	SJ: The Minerals (Prospecting and Mining) Act, 1992 legal document which stipulates all legal related aspects on relations to exploration activities on the farm is available for public interest on the MME website (https://www.mme.gov.na/files/publications/7e3_minerals_act_1992.pdf)

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
11.	Commenter 1: Is the proponent a Namibian citizen?	SJ: Yes.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Johannes thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns and inputs had been noted down for consideration, and for addressing in the Environmental Scoping Assessment (ESA) Report and Environmental Management Plan (EMP).

Mr. Johannes informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register. Once the review of the reporting is completed, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration for an ECC.

The meeting adjourned at 13h20.
