PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED PROSPECTING & EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) 8798 LOCATED WEST OF UIS IN THE DAURES CONSTITUENCY, ERONGO REGION

Date: Friday, 11 November 2022

Time: (09:00 – 09:38) and (12:30 – 13:53)

Venue: (Dauredaman Traditional Authority Office) & (Xobobos Small Miners Community).

The public consultation meetings were attended by (41) people, including one environmental consultant and one archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by Mr, Leonard Mandume, the environmental consultant, by introducing the team and stating the purpose of the consultation meeting with the interested and affected parties of EPL 8798. The meeting attendance register was circulated for the attendees to sign and add their contact details so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

Mr. Mandume Leonard explained the EIA process to the attendees and the reason for their invitation to the meeting (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. Leonard further explained the importance of the required ECC and their (public's) role in the EIA process.

2.2 Presentation of Potential Project Impacts

To ensure transparency towards the public, and understanding of the proposed works by the attendees, the Environmental Consultant also presented the pre-identified potential positive & negative environmental and social impacts of the proposed project.

2.3 Public Open Discussion (Interactive Session)

Mr. Leonard provided the meeting attendees an opportunity to raise their concerns/issues and or comment on the proposed project activities. The issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 11th of November 2022

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	Commenter 1: There are some cultural significant things in the area, such as rock paintings and graves.	Mr. Mandume Leonard (ML): Noted, may you please direct us to where they are located after the meeting?
2.	Commenter 2: We are a lot here in the Xobobos community, how will the proponent employ all of us?	ML: The proponent might only take some people from the community, but not everyone.
3.	Commenter 3: Who is allowed to apply for Exclusive Prospecting Licences (EPLs) in Namibia?	ML: Anyone in Namibia has the right to apply.
4.	Commenter 4: There are active mining claims within this EPL, will the EPL holder allow us to continue operating on our claims upon his acquisition of the Environmental Clearance Certificate (ECC)?	ML: Yes, the registered mining claims, will continue with their operation and will not be disturbed by the EPL holder.
5.	Commenter 5: Why is the traditional authority making us pay more money, when our mining claim expires, who has	ML: I have no idea about how this specific traditional authority operates, but all I know is that the Ministry is the one that offers certificates for operation (ECC).

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
	more power between the traditional Authority and the Ministry?	
6.	Commenter 6: How many EPLs are here in our area, and how many EPLs can be in a specific area?	ML: I really do not know how many EPLs are around here. In one area, there can be many EPLs, for as long as there is space, and the area is not a withdrawn area.
7.	Commenter 7: How big can an EPL be?	ML: The size of the EPL depends on the applicant, how big they want it to be, and the amount of money they have to pay for the EPL at the Ministry of Mines and Energy.
8.	Commenter 5: Next time you come, you must come along with the Traditional Authority and the owner of the EPL. We want to have one meeting with all of you.	ML: Noted, I will engage them on this.
9.	Commenter 8: Why is the proponent building toilets if they do not have the ECC yet?	Mr. Eric: The proponent promised from the beginning to help out the small miners with facilities like toilets and mining equipments. Therefore, he is just fulfilling his promises, and the Xobobos community was consulted about this.
10.	Commenter 9: For the EPL to be approved what are the requirements?	ML: For the EPL to be approved it must not be in a sensitive area; like in an ecologically sensitive area and it must not cover a sensitive withdrawn area.
11.	Commenter 10: Do we have the right to say that we do not want this EPL?	ML: You have all the rights to give me any of your opinions about this Project, you are not limited.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
12.	Commenter 4: We have rock paints, ancestral graves, animals, and plants like Welwitschia in this area, which attracts tourists around here, if this EPL holder starts with his work he might destroy all that we have, therefore I am against this.	ML: Noted.
13.	Commenter 5: Can the ministry not exclude Xobobos from the EPL? We went to the traditional authority to ask them to help us withdraw or exclude Xobobos from this EPL.	ML: Noted.
14.	Commenter 11: We wrote a letter to the owner of the EPL that we do not want this EPL.	ML: Noted.
15.	Commenter 12: As you are here, you are under which company, Excel Dynamic Solutions or Century Vibe Mining and Exploration?	ML: We are under Excel Dynamic Solutions an independent consultant that is contracted by Century Vibes Mining and Exploration to undertake an Environmental Impact Assessment for this project (EPL 8798).
16.	Commenter 13: We just want Xobobos to be Excluded from the EPL that is all we are asking for.	ML: Noted

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Leonard thanked the attendees for their input through comments and for raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration, and would be addressed in the Environmental Scoping Assessment (ESA) Report and Environmental Management Plan (EMP). Mr. Leonard further informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the reporting is completed, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration for an ECC.

The meeting of the D.D TA Office was adjourned at 09h38 while the meeting of the Xobobos Small Miners Community was adjourned at 13h53.

NOTICE OF ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR: THE PROPOSED EXPLORATION ACTIVITIES ON THE EXCLUSIVE PROSPECTING LICENCE (EPL) NO. EPL 8798 LOCATED NORTHWEST OF UIS, ERONGO REGION

Under the Environmental Management Act No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations, an Environmental Clearance Certificate (ECC) application will be submitted to the Environmental commissioner. The project is a listed activity that cannot be undertaken without an ECC from the Department of Environmental Affairs and Forestry (DEAF).

Project Type & Location: The proposed prospecting & exploration of **Base and Rare Metals, Dimension Stone, Industrial Minerals, and Precious Metals** on EPL 8798. The 98 591.2639 hectares (ha) EPL is located about 60 km northwest of Uis in the Erongo Region.

Proponent: Century Vibe Mining and Exploration (Pty) Ltd.

Environmental Consultant: Excel Dynamic Solutions (Pty) Ltd. Members of the public are invited to register as Interested and Affected Parties (I&APs) in order to comment/raise concerns or receive further information on the Environmental Assessment process.

Public consultation meeting details will be communicated with all the registered I&APs in due course.

Registration requests and comments should be forwarded to Excel Dynamic Solutions (Pty) Ltd on the contact details below, before or on **11 November 2022**.

Complaints ... Fernando Alonso says the result of Alpine's appeal will dictate whether Formula 1 is going in the right direction for the future. Photo: Nampa/AFP

Franchitti calls for FIA clampdown

Four-time IndyCar champion Dario Franchitti on Monday warned that Fernando Alonso was lucky to survive a high-speed crash in Sunday's United States Grand Prix – and called for a clampdown on dangerous driving.

In the wake of double world champion Max Verstappen's emotional triumph, dedicated to team founder and co-owner Dieter Mateschitz, which clinched the constructors' title for Red Bull, much focus switched to the dangers of an incident-filled race. In particular, in a race that featured two Safety Car interventions and several high-speed duels, many seasoned observers drew attention to late defensive moves at high speed. "These late changes of direction on the straight are going to kill someone," said Franchitti, a Scot who won the IndyCar series in 2007, 2009, 2010 and 2011 and the Indianapolis 500 in 2007, 2010 and 2012.

Writing on Twitter, he added: "FIA, time to sort out this behaviour once and for all. It has bled down to junior formula too."

Franchitti referred directly to the incident on lap 22 of the 56-lap race when Aston Martin's Lance Stroll jinked ahead of his future team-mate, two-time world champion Fernando Alonso, causing the Alpine driver to hit the rear of his car.

The Spaniard was then launched airborne by Stroll's rear wheels and skewed into a frightening brush with the barriers at high speed, escaping unhurt and able to re-join the race after a pit-stop.

Stroll retired from the race and was later given a three-race grid penalty for this week's Mexican Grand Prix (30 Oct).

"Wow," said 1996 world champion Damon Hill, commenting on the crash. "Another close call there for the boys... A bit of a naughty late jink I think from Stroll."

Another former F1 driver, Giedo van der Garde, tweeted: "Too aggressive by Lance – thank god they're both alright."

In a thrilling race, there were several exciting duels that raised eyebrows

including those between the victorious Verstappen, who reprised his 2021 scrap with seven-time champion Lewis Hamilton of Mercedes, and four-time champion Sebastian Vettel, of Aston Martin, with Haas driver Kevin Magnussen.

Alonso, 41, admitted he had been frightened by his experience.

"It was not nice because when you are up in the air obviously you are not aware of where you are on track," he said.

"I felt that I was much more on the left, and obviously if you catch the lateral fence, the metallic one, then you spin in the air 360. You see this kind of accident a lot in IndyCar -- and they are quite dangerous.

"So I thought that I was ending up on that fence.... I'm happy to be here talking with you because I could surely be in the medical centre. So, I'm happy that I'm not..."

He accepted that the crash was a racing incident.

"We were lucky with the first Safety Car and then, on the restart, I tried to take Stroll's slipstream. I moved to the side, to leave the slipstream, and he also moved... It was a bit of bad luck that we didn't understand each other."

Alonso finished the race in a remarkable seventh place, but afterwards another drama unfolded when rivals Haas protested that his right-side mirror had been broken and flapped dangerously before falling off.

He was given a 30-seconds time penalty that relegated him to 15th.

Alpine responded by protesting the validity of the Haas protest as it was lodged 24 minutes after the permitted deadline.

They added that Alonso's car was deemed to be safe by the race stewards.

Team chief Otmar Szafnauer said: "It's ridiculous. It's obviously accident damage and cars are allowed to finish with accident damage – it happens all the time."

Alonso was merely glad to be alive. "It was my best race of the season," he said. "But the fear is still in my stomach. I couldn't stop thinking about it. I just wanted to finish."
