Dear Sir

**SUBJECT: ENVIRONMENTAL CLEARANCE FOR OPERATION OF THE OTJIKOTO- TSCHUDI
66 kV TRANSMISSION LINE**

The Scoping report made a satisfactory analysis of environmental issues. The Environmental management plan contains adequate provisions for mitigating all potential impacts, especially on clearing of the operation line and possible bird collisions along sensitive areas.

This letter serves as an environmental clearance for Otjikoto – Tschudi 66kV transmission line. However, this clearance letter does not hold the Ministry of Environment and Tourism accountable for any misleading information provided, nor any adverse effects that may arise from these activities. Instead, full accountability rests with Namibia Power Corporation.

This environmental clearance is valid for a period of 3 (three) years, unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila
ENVIRONMENTAL COMMISSIONER
