CONDITIONS OF APPROVAL

1. This environmental clearance is valid for a period of 3 (three) years, from the date of issue unless withdrawn by this office
2. This certificate does not in any way hold the Ministry of Environment, Forestry and Tourism accountable for misleading information, nor any adverse effects that may arise from these activities. Instead, full accountability rests with the proponent and its consultants
3. This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project
- 4.
5. Approval is strictly for the Piloting activities on a cumulative 20 Ha area and expansion in respect to the pilot project is subject to a full environmental assessment as per the EIA Regulations of 2012.
6. All applicable and required permits must be obtained and mitigation measures stipulated in the EMP are applied particularly with respect to management of ecological impacts.
7. Strict compliance with national heritage guidelines and regulations is expected throughout the life-span of the proposed activity, therefore any new archaeological finds must be reported to the National Heritage Council for appropriate handling of such.
8. This clearance certificate is amended in terms of Section 39 (1) (a) of the Environmental Management Act, Act No. 7 of 2007, to include the following: 8.1 alteration of the waste rock dump design, and the construction and operation of an on-site incinerator for the purposes of improved waste management. 8.2 The Proposed Heap Leach Project And Retention of The Construction Water Pipeline. 8.3 The Proposed Heap Leach and Associated Activities on the Existing ML 171. 8.4 Construction of an additional explosives magazine at the Husab Mine.
