**IBAPS REGISTRATION AND COMMENTS FORM**

I request to be registered as an interested and affected party in respect of the above proposed project.

NAME:	W Pad	SURNAME:	Pad
ORGANIZATION:	Turner	EMAIL:	grental@iway.na
DESIGNATION:		Telephone:	062 570 340
Postal address and city:	Box 7 Windhoek		

Why is this project of interest to you?

I am one of the affected parties, it is of No advantage to us just a "obstacle"

Do you have any factual special knowledge, data or information on the bio-physical and/ or socio-economic setting of the concerned sites that could assist in the current Environmental Overview / Assessment process? If yes, please provide full reference(s), or the link to such reference(s), or indicate how and when you can share such data or information below.

Do you have any areas of concern or support regarding the proposed activities? If yes, please briefly list these in point form.

over and over assessment of the same area within the last 2 years  
all the companies, listed below did exactly the same before you.

I Aloe Investment (PTY) LTD (2019)

II Alton Minerals and Investment CC (2021)

III Ayen Tpitene (2022)

What are your foreseeable most practical and cost-effective impact mitigation or enhancement recommendations to minimize or maximize the issues you raised above?

My suggestion: make an ~~airborne~~ <sup>airway</sup> ~~area~~ <sup>area</sup> like for eg. DESMEX is doing in Polaris area

Should the project proceed? If NO, please give factual and substantiated reasons below. If YES, please indicate in your view how positive impacts can be realistically optimized.

# EMAIL TRAIL FOR PUBLIC CONSULTATION

## Notice to I&APs Notice to I&APs - EIA for proposed exploration activities on EPL 8786 near Witvlei & Gobabis

Omavi  
To Omavi

Fri 1/20/2023 7:48 AM

Dear Interested & Affected Party (I&APs),

We trust and hope this email finds you well.

This email serves as the official commencement of the public input/ participation process for the Environmental and Social Impact Assessment study being undertaken by OMAVI Geotechnical & Environmental Services to support the application for Environmental Clearance for the proposed prospecting activities of Base and Rare Metals, Dimension Stones, Industrial Minerals and Precious Metals on EPL 8786 in the Witvlei and Gobabis areas. You are therefore receiving this email because you have been identified as a key I&APs for this project, and we would therefore, require your valuable inputs, contributions and involvement in the design and implementation of this project.

The project proponent intends to carry out low-impact exploration (such as geological mapping, stream/soil & rock chip sampling, airborne and possibly ground geophysics, trenching and drilling) within the boundaries of EPL 8786. The said EPL is located approximately 42km northwest of Gobabis and about 18km north of Witvlei in the Omaheke Region. Farms covered by the EPL include:

- *Pack Grunental 1031,*
- *Spandau 149,*
- *Herzwalde 148,*
- *Mex 145,*
- *Deville 146,*
- *Ongava Oruea 147,*
- *Okasandu 158,*
- *Gottesgabe 159,*
- *Sudan 69,*
- *Nudom 161,*
- *Wonderboom 301,*
- *Lee Enfield 303, and*
- *Daheim 1032*

In accordance with the Environmental Management Act of 2007 and its Environmental Impact Assessment (EIA) regulations of 2012, the proposed activities are classified as Listed activities which may not be undertaken without an Environmental Clearance Certificate (ECC). Locality maps and a Background Information Document (BID) on the project are attached to this email for your consideration and review, as well as for sharing with any affected parties you may know of. The BID provides an overview of the proposed exploration activities with respect to the envisioned exploration techniques and exploration approach to be adopted. Please note that the BID is by no means an Environmental Impact Assessment report nor an Environmental Management Plan (EMP), but is rather a high-level summary of the planned project's scope. We have also included in the attached document a Comments Register form where you may populate your details to formally register as an I&AP for this project and to provide our office with any concerns, inputs or suggestions you may have on this project. Only once you have registered will we be able to add you to our database of I&APs for this project, and you shall then receive all communications and documents relating to this project going forward for your review and inputs.

In order to ensure inclusivity and transparency, and to fulfil the requirements of Section 21 to 24 of the EIA regulations, we have made provision for an open public participation period which runs until **20<sup>th</sup> February 2023** for any I&APs to register their inputs and concerns into this project.

We look forward to you registering and forwarding all valuable inputs and comments into this project.

Thank you with kind regards  
o.b.o OMAVI Geotechnical & Environmental Services

Fri 1/13/2023 2:19 PM

Good day,

We are undertaking an Environmental Impact Assessment for planned exploration activities on EPL 8786 in the same district, and would therefore like your representative to help us share the EIA related documentation with the affected farmers.

Can you please advise, at your earliest convenience, which of the farms in the attached spreadsheet are fall under your district.

For the farms that do not fall under your district, please send us the contact name and number of their district representative.

Do expect the invitation to the EIA related consultative meeting before weeks end next week.

Best regards
