## Notices

### Legal Notice

NOTICE OF ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR:

THE PROPOSED EXPLORATION ACTIVITIES ON THE EXCLUSIVE PROSPECTING LICENCE (EPL) No. 8499 LOCATED WEST OF KARANAS, HARDAP REGION.

Under the Environmental Management Act No. 7 of 2007 and its 2012 EIA Regulations, the proposed prospecting and exploration activities on EPL 8499 require an Environmental Clearance Certificate (ECC) from the Department of Environmental Affairs and Forestry (DEAF) before commencement.

The public is hereby notified that an application for an ECC will be submitted to the Environmental Commissioner.

**Brief Project Description:** The environmental scoping process will identify potential positive and negative impacts of the proposed exploration activities on EPL 8499. The target commodities on the EPL are Base & Rare Metals, Dimension Stone, Industrial Minerals and Precious Metals.  
**Proponent:** Ainna Vilengi Kaundu

### COUNCIL'S SPECIAL CONSENT NOTICE

Take notice that Mr. Johannes Endyala, the owner of Erf 92, situated in Kalahari Street, Extension 1, Gobabis herewith inform you that he intend to apply to the Municipality of Gobabis in terms of Clause 7 of the Gobabis Town Planning Scheme for

- Council's Special Consent to operate Townhouses to be used as flats.
- Erf 92 situated in Kalahari Street, Extension 1, Gobabis is currently zoned as "Light Industrial" in terms of the Gobabis Town Planning Scheme. Sufficient onsite parking will be provided in accordance with the Gobabis Town Planning Scheme.

Further take note that this same notice is posted and will be maintained noticeably for twenty-eight (28) days on the premises of Erf 92 situated in Kalahari Street, Extension 1, Gobabis and on the Public Notice Boards of the Gobabis Municipal Council (i.e. Gobabis Municipal Head Office, Technical Office and Epako Office).

Further take note that any person objecting to the erection, proposed use of the building or proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the Gobabis Municipal Council and with the applicant in writing before (due date of 14 days after last publication date).

**Applicant:**  
**The owner of the Erf 92**  
**Mr. Johannes Endyala**

# (GOAT) rivalry set for new chapter

**ENCORE ...** Lionel Messi and Cristiano Ronaldo will face each other again in an exhibition match tomorrow.  
Twitter

A NEW chapter in the celebrated rivalry between Cristiano Ronaldo and Lionel Messi will unfold tomorrow when they meet in an exhibition match as the Portugal forward gears up for his first game in Saudi Arabia since joining Al Nassr. After a glittering career in Europe that saw him win four Champions League titles with Real Madrid and two Scudettos at Juventus, Ronaldo signed for Al Nassr, describing it as the "right

moment" to share his experience in Asia. The Saudi club is the latest stop in Ronaldo's career that began in 2002 at Sporting CP before the forward spent two spells at Manchester United, the last of which ended on a bitter note as he exited following his acrimonious split with the club. Ronaldo and Messi, who have dominated football's debate about the greatest of all time (GOAT) for the best part of 10 years, will face off on the pitch tomorrow for the first time since December 2020 when Juventus beat Barcelona 3-0. Ronaldo will lead Riyadh ST XI, a team made up of players from Al Hilal and Al Nassr, against Messi's Paris St Germain in the exhibition contest where nothing is at stake, but fans are still excited by the prospect of watching the two stars clash.

The highly anticipated showdown, which will take place at the King Fahd Stadium in Riyadh, reportedly had more than two million online ticket requests. The bidding for a VIP "Beyond Imagination" ticket to the match has already topped 10 million riyals (about NS44.7 million) in an auction that was set to end yesterday. The game has also captivated fans as it comes just over a month after Messi helped Argentina win the 2022 World Cup, the missing piece in his vast trophy collection. Ronaldo also made headlines during the tournament, becoming the first player to score in five World Cups, but he ended up in tears after Portugal were knocked out in the quarter-finals by Morocco. While tomorrow friendly will be Ronaldo's first in Saudi Arabia, the 37-year-

old's first competitive appearance will come in the Saudi Pro League on Sunday when Al Nassr host Al Ettifaq. Last month, he signed a two and a half year contract with Al Nassr, estimated by media to be worth more than 200 million euros, but has had to wait to play because of a two-match ban by England's FA for knocking a phone out of a fan's hand in April. The exhibition game will also feature other key PSG players such as Kylian Mbappe, Sergio Ramos and Neymar, while Saudi internationals Salem Al-Dawsari, who scored in the shock group-stage win over Argentina, and Saud Abdulhamid will play too. French newspaper L'Equipe reported on Monday that PSG will earn just over 10 million euros (around NS182.3 million) for the game. -SuperSport

## VACANCY

On behalf of our client, Lufthansa InTouch we are recruiting the following Windhoek based vacancy:

DELAY IN THE PAYMENT OF YOUTH SECURITY SERVICES (YSS) GUARDS DECEMBER SALARIES

1. BACKGROUND The National Youth Service (NYS) would like to provide factual information and clarify issues concerning the delayed salary payments of YSS guards, which were due on the 15th of January 2023...

2. RELATED SALARY PAYMENTS YSS relies on remittances from its clients for income, and from which guards remuneration is paid. Up to mid-2022, the monthly pay date for YSS guards was the 10th. However, given the delays in payment of invoices by some clients, the date was changed to the 15th of each month...

3. PETITION During this event, the guards seized the opportunity to present a wholesale petition to NYS management, of which feedback was subsequently provided. In response to the demands, the guards were advised that the issues raised in their petition are matters of negotiation and legal nature, which ordinarily should and will be addressed through appropriate fora.

4. CONCLUSION NYS, on behalf of YSS, regrets the unfortunate delay of salaries occasioned by circumstances beyond our control. In the same vein, while we sympathise with our guards for the delayed salaries, YSS does not condone the illegal conduct of the guards, as it is contrary to the principles and values of the Service and in contravention of the relevant provisions of the country's labour legislation.

On the 12th of January 2023, YSS realised that the client payments received will not cover the full payroll of the guards, and as such, a notice was issued to the guards and their representative trade unions, informing them of the possible delay in the payment of salaries.

By Monday, 16 January 2023, 60% of the payroll had been collected with a remaining shortfall of 40%. Given this situation, the guards were given an option to either be paid 60% of their salaries or wait for the full salaries on the 18th of January 2023, on the commitment of the clients. The guards declined and demanded full payment immediately.

MEDIA RELEASE

Dr. Felix Murekubili, COMMISSIONER

On the morning of Tuesday, 17 January 2023, the guards gathered at the NYS Head Office, demanding to be paid their full salaries. Despite their gathering, YSS was already in motion to collect the shortfall, which was secured the same day, however same was only transferred the next day, 18th January 2023.

It should THEREFORE be noted that the guards' salaries were not paid as a result of the guards illegal industrial action, nor did YSS deliberately withhold the guards salaries as alleged and speculated. The salaries were paid on receipt of payment of invoices by the clients, which in any event would have been paid on the 18th of January, albeit the unfortunate delay.

Under the circumstances, NYS management and the Board wishes to extend their sincere apologies to paid-up clients and stakeholders, for the inconvenience caused by the illegal industrial action.

Issued by the Office of the Commissioner.

Handwritten signature and official stamp of the Commissioner.

**10 February 2023**

**PUBLIC CONSULTATION MEETING MINUTES:**

**ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED PROSPECTING & EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) No.8500 LOCATED NEAR KARANAS, HARDAP REGION.**

**Date:** Friday, 10 February 2023

**Time:** 13h30 – 14h15

**Venue:** J.W Mouton Primary School

The public consultation meeting was attended by 18 people, including one (1) Environmental Consultant and one (1) Archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS). - **Please refer to the attached attendance register.**

**1. INTRODUCTION AND WELCOMING REMARKS**

The meeting was opened by the Environmental Consultant with an introduction of the team, who they are, and why they are consulting affected parties of the proposed prospecting and exploration activities on EPL 8500. The meeting attendance register was then circulated for the attendees to write down their names, and contact details so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

**2. MEETING AGENDA AND PRESENTATION**

The agenda of the meeting included the following main points:

**2.1 Brief Description of the Project**

The Environmental Scoping Assessment (ESA) and the reason why the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESA and apply for the Environmental Clearance certificate (ECC).

## **2.2 Explanation of what an ESA is, its Process, and the Public Role in the Process**

Mr. Silas David explained to the attendees the purpose of the meeting and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. David further explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

## **2.3 Presentation of Potential Project Impacts**

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultants also presented the potential pre-identified potential positive & negative environmental and social impacts.

## **2.4 Public Open Discussion (Interactive Session)**

Mr. David allowed the meeting attendees to raise their concerns/issues and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

**Table 1: Comments and issues raised during the public consultation meeting, 10<sup>th</sup> of February 2023**

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
1.	<b>Commenter 1:</b> Do we have the right, to deny Exploration Activities on our farms?	<b>Mr. Silas David (SD):</b> Yes, you have all the rights.
2.	<b>Commenter 1:</b> Do we have a choice of what should happen on our farms? If I object to the entrance to my farm and the law comes into play does that means the proponent will enter my farm by breaking the gate? And what is the ECC?	<b>Mr. SD:</b> Yes, you have a choice. The entrance to the farm will be an agreement between the proponent and the farm owner. The ECC stands for Environmental Clearance Certificate, which is issued to the client by the Ministry of Environment, Forestry, and Tourism.

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
3.	<b>Comment 2:</b> So, what you say is that it does not matter what we say or what we feel.	<b>Mr. SD:</b> You can object to the project is your right. For example, you can object with reasons why you don't want this project to take place or go ahead on your farm.
4.	<b>Comment 3:</b> You said that you are not going to explore in all farms. How are you going to site out the targeted areas?	<b>Mr. SD:</b> Before exploration there will be geological surveys, to determine the target site for exploration.
5.	<b>Comment 3:</b> In previous Exploration that took place in this area, people left open trenches uncovered, how will I be ensured that this exploration will cover up their trenches after their exploration?	<b>Mr. SD:</b> Thank you for the comment. We have taken note of this, and we will alert the proponent to do proper rehabilitation, upon completing of their project.
6.	<b>Comment 4:</b> Is there any job creation for us?	<b>Mr. SD:</b> Yes, there is.
7.	<b>Comment 4:</b> Is there any benefit for us as farmers?	<b>Mr. SD:</b> Yes, there is. By signing an agreement with the Proponent, to access and utilize your properties you can charge them for that.
8.	<b>Comment 5:</b> Is there an email where I can write my objections?	<b>Mr. SD:</b> Yes, you can forward them to <a href="mailto:public@edsnamibia.com">public@edsnamibia.com</a> .

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
9.	<b>Comment 6:</b> Rehabilitation must be well done because most of the people living here depend on the farms for a living.	<b>Mr. SD:</b> Noted with thanks.

### FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. David thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. David informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 14h15.

**Comments and concerns from interested and Affected parties.**

I, Theresia S Mouton, owner of Witkop No.458, hereby wish to bring to your attention the reasons for my objections in respect of the commencement of the intended exploration activities of Credula Marianna Barros as it pertains to the Exclusive Prospecting License (EPL) No. 8500. Given that Witkop No. 458 falls within the surface area over which EPL No. 8500 was granted, I have a vested interest in any potential externalities that might result from the exploration activities of the said EPL, and thus the right to raise my objection to such activities where I harbour any concerns that it could negatively impact my property. You will find a list of my concerns below, and I request that your office gives the reasons its due consideration. with regards to the commencement of the explorations of which the surface area includes Witkop No.458.

Listed below are my reasons for objecting the commencement of any exploration:

- Water supply – Witkop No.458 is known for a lack of water/low rainfall. Since an estimate cannot be given of the amount of water this exploration will require it creates deep uncertainty as to how it might impact water supply for the consumption of our farm employees, livestock, gardens and all other domesticated animals on the farm.
- Soil disturbance and prone to soil erosion.
- Air pollution.
- Livestock theft – The increase activity on the farm will create a loophole for livestock theft.
- Potential fire outbreaks – as was recently seen, the extensive damage that the fire outbreaks have caused, this exploration increases the risk of fire outbreaks and may lead to loss of lives, livestock as well as loss of habitat for the livestock and other animals that make use of the land.
- Safety hazards for humans and livestock due to hazardous waste disposal.
- Vehicular traffic safety and services infrastructure (local roads).
- Vibrations and noise associated with drilling activities.
- Environmental pollution from poor waste management,
- Archaeological or cultural heritage impact.
- Potential social nuisance and land use conflicts.
- Current road infrastructure of poor quality and may hinder accessibility to our farm.

It is also important to note that Witkop no.458 is being used for subsistence farming and this exploration might not only cause an adverse effect on the livestock but might also have dire effects on the farm owners who use these farms as a means of survival.

**EPL 8500 – Karanas (Portion 1) No. 457, Groendoorn No. 362 and Albertsrus No. 722**

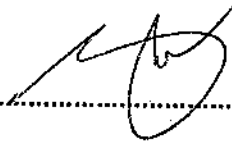

Herewith I would like to register myself Patrick Martin Beukes and my family (including my mother Wilhelmina Mouton, my wife Sonia Beukes and all our children) as interested and affected parties of the said EPL 8500 on these above-mentioned farms in the Karanas area.

It is then my question towards the registered holder(s) of the said EPL 8500 – Credula Marianna Barros, Excel Dynamic Solutions (Pty) Ltd, Ministry of Mines and Energy (Namibian Government) to find out who gives you/them jurisdiction over the Private and Collective property in the Rehoboth Gebiet, which is held in private trust (boedel) and administered in the Office of the legally elected Captain of the Rehoboth Burgher Community (Gemeente) as constituted by the Paternal Laws (Vaderlike Wette) and Baster Law book of 1872, which has been respected internationally since the colonial regimes of the Germans from 1923 and internationally signed treaties.

We place on record that a claim concerning the property (land) has been lodged against the Namibian President's Office and the High Court Judge by the legally elected Captain and no counter claim or denial has been raised or issued by Namibian Government and/or Agencies.

Therefore, any interest on any of the land, including its resources, should be negotiated between the Namibian Government and the Office of the Captain as custodian over the private and collective property of the Rehoboth Burgher Community (Gemeente).

Thus, done and signed on 08 February 2023.....

Receipt is hereby acknowledged on 10 February 2023 by .....  
..... (full name) and which content will be included in  
the minutes of the meeting, with a copy the meeting afterwards to be sent to  
pmbeukes3112@gmail.com

Signature: .....

## OBJECTION LETTER TO EPL 8500

With reference to the said EPL 8500, I, Hendrina Delina Du Plessis, owner of Farm Bordeaux no: 975 and Soetwater, Karanas East no: 457 object due to the following reasons.

We are suffering from previous exploration activities and proof to that is a very deep hole 20 meters in length and about 100 or more meters deep, is left open without any rehabilitation of the environment, no fencing and this has resulted to many animal losses over the years due to loose slippery rocky surface around the whole.

This happens four Generation back but the current ones still bears the effect and consequences.

Secondly we are getting very few rain in this area and water is a very essential need for our daily living and for our animals, if we need to give water for other activities, other than agriculture purposes and for daily living, the underground water tables will dry up and leave us with very little to survive on. This on itself will have a negative impact on our main purpose and that is to do Farming.

Also to mention is that this farms has a lot of sentimental value, because four Generations are buried on this ground.

With regards to the negative impact that was mentioned in your document, I as a Farmer cannot afford to loose some of the grazing due to pollution of Mining Activities.

I have also state my concerns with the consultants that was sent to informs us on the EPL8500 AND also shows them the Big Whole on the farm, of which they took pictures.

Thus my letter of objection to the License issue to this EPL 8500.

Kind Regards

Hendrina Delina Du Plessis

**CORNCERN AND OBJECTION OF EXCLUSIVE PROSPECTING LICENSE(EPL)No.8500**

Hereby I MARTINUS J. MOUTON, id nr 55052600135 write to register my objection to the following application for an Exploration and Prospecting Licence(EPL)No.8500 located within Karanas Farm no. 457, section 2, in the Hardap Region.

Kindly provide reason(s) why was farm Karanas no.457, section 2, be chosen to explore and prospect.

**I object to the application on the following grounds:**

Firstly farm Karanas is not a resettlement farm.

1. Farm Karanas no.457 consist of small farm scaling and pensioners try to make a living through it
2. Farm capacity extemly small and use of heavy duty machinary can demolish properties
3. Exploration and prospecting implies the use of large areas of graze field and often also signifificent deforestation,also the habitats of many animals and plants will be destroy
4. Not enough water - services already 7(seven) households plus animals
5. Residents are mostly over the age of 60ty and already struggle to support themself with small scale farming
6. There are no road to enter graze field because of size
7. Small gates are using to enter the graze field and it is not suitable for big heavy vehicles
8. Soil pollution can be a danger to humanhood and livestock
  - a.many harmful chemicals can be use on a regular base in order to extract precious

minerals from the dirt, in turn those chemicals can end up in the soil and can significantly contaminate the soil.

9. Soil will lose plenty of stability over time and landslides will become more unstable
  - a. this leads to increased chance of landslides, which can be quite harmful to the residents since those landslides can destroy many properties and the livelihood

Kind regards

*M.J. Mouton*
