Ode to a mother of stars - Maria Tjihero

• CONRAD ANGULA

Maria Tjihero

DISCIPLINARIAN, strict, a strategist, loving and caring are just some of the adjectives used by Kapena Tjombone to describe her late mother Maria Tjihero, during an exclusive interview with The Namibian on Saturday.

The respected matriarch of the famous Tjihero siblings succumbed to illness on 6 August 2022, and will be laid to rest at Okavango village, in the Otjozondjupa region, on Saturday, 20 August.

Mama Maria, as she was fondly known, enjoyed a 64-year marriage with her late husband Festus Tjihero, who passed on in 2005, leaving the parenting duties of their nine-children solely in the hands of his wife.

She clearly didn't disappoint because she helped shape the lives of her children, who all grew up to become very prominent personalities and members of society.

The Tjihero siblings are: Agatha Hamar (deceased); Cebrath the played rugby (deceased); Albert Hoonjo (captain of African Stars, South West Africa, Liverpool, Erica Mengo (played netball and the mother of hockey star Magroth Mengo); Alex (played rugby and netball); Jansuar (played netball); and Jansuar (played netball).

She was very protective over us, maybe overly protective sometimes, that's why she would advocate some of us, the younger ones, up to a tree so that we could go and play for our own safety and for the best of our own interest she would say.

She said her mother was a very punctual person, and everything had to be done at the right time and in the correct way. "She clearly made us used to do what we want things to be done, we need to go to school at a specific time, eat at a specific time, bath at a specific time and go to bed at a specific time. She didn't hesitate to use the sjambok.

"There was a very soft hearted, loving and caring moon hiding behind the strict and disciplinarian. She showed her kindness to people outside our family and she would fight for the rights of others, including the San community, at the place of her birth, Tjombone said.

Mama Maria was instrumental in over 100 San people being issued with plots with kraals and small livestock at Otjozondjupa, in the Otjozondjupa region, so that they could sustain themselves. Her death will also leave a void in their lives, and care for others.

NOTICE

CREATION OF NEW PORTIONS ON THE REMAINDER OF THE FARM GROOTFONTEIN TOWNLANDS NO. 814

Notice is hereby given in terms of the Urban and Regional Planning Act, 2018 that **Stubenrauch Planning Consultants cc** on behalf of the Grootfontein Municipality, the registered owner of the Remainder of the Farm Grootfontein Townlands No. 814 has applied to the Grootfontein Municipality and intends on applying to the Urban and Regional Planning Board (URPB) for the following:

(a) Subdivision of the Remainder of the Farm Grootfontein Townlands No. 814 into Portions A to O and Remainder;

(b) Rezoning of Portions A to E from "Undetermined" to "Institutional";

(c) Reservation of Portions N to O as "Street";

(d) Inclusion of the rezonings in the next Zoning Scheme to be prepared for Grootfontein.

The Remainder of the Farm Grootfontein Townlands No. 814 is located north of the Grootfontein town and directly east of the C42 Road to Tsumeb. It is currently zoned for "Undetermined" purposes in accordance with the Grootfontein Zoning Scheme.

The purpose of this application is to enable the Grootfontein Municipality to make provision for various land uses that will cater to the needs of the present and future urban population of Grootfontein, through the creation of thirteen (13) mixed land use portions located north of the Remainder of the Farm Grootfontein Townlands No. 814. Please take notice that the application, locality map and its supporting documents lie open for inspection during normal office hours at the Grootfontein Municipality (Town Planning Office) and SPC Office, 45 Feld Street; Windhoek.

Further take notice that any person objecting to the proposed application as set out above may lodge such objection together with the grounds thereof, with the Chief Executive Officer of the Grootfontein Municipality and with the applicant (SPC) in writing on or before **Friday, 09th September 2022**.

2.1 Brief Description of the Project

Mr David provided a short description of the planned project and its associated activities, the Environmental Scoping Assessment (ESA) process, and the reason the proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent environmental consultant to carry out the EIA and apply for the Environmental Clearance certificate (ECC).

2.2 Presentation of Potential Project Impacts

To ensure transparency and clarity for the attendees, the Environmental Consultants also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.3 Public Open Discussion (Interactive Session)

Mr David provided the meeting attendees the opportunity to raise their concerns/issues and or comment on the proposed project activities. The issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 09th of September 2022

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	Commenter 1: Will the Proponent hire people from Arandis?	Mr. Silas David (SD): When it comes to hiring people, the Proponent takes into consideration the level of competency (e.g. skilled, semi-skilled and general labour). As consultants, we advise the Proponent to hire at least the semi-skilled workers and general laborers locally.
	You gave an example of groundwater contamination as a potential negative impact on the proposed project. Does the Proponent have a rehabilitation plan for the proposed project?	Yes, the Proponent has a rehabilitation plan for the project, which will be carried out during the closure of the project.
	In terms of waste management as stated in the BID, the Proponent should reach an agreement with the Arandis Town Council with respect to waste disposal. Will the trucks be transporting waste to the dumpsite every day?	Waste will be disposed through an agreement with the town council on a weekly or monthly basis, or as frequent as necessary, and according to the agreement with the town council.
	In terms of plant biodiversity, what will have to the biodiversity in the EPL area?	A vegetation removal permit will need to be applied for by the Proponent as required by the Forestry Act law if there are any important plant species identified on the EPL. A permit for relocation of the important plants species would be required if they are located within the exploration target points.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
2.	Commenter 2: Since the EPL overlies some farms (private land), will the proponent inform the farmers that they have been granted the ECC?	Yes, the Proponent needs to inform the landowners. After an ECC is granted to the Proponent, there will need to be access agreements between the proponent and the property owner/s too.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr David thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr David informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 10h00.
