maximising wildlife returns by minimising threats...

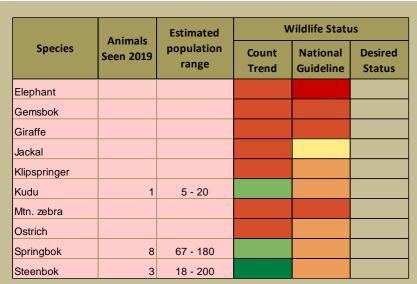

Wildlife removals – quota use and value

Trinding rolling tale 9	dota doo ana	- Taia										
Potential value estimates (N\$) for		Quota 2019		Animals actually used in 2019					Potential Po	Potential		
species are based on:Potential trophy value - the average	Species	Total	Trophy	Other Use	Trophy	Own Use & Premium	Shoot & Sell	Capture & Sale	Problem Animal	Total Use	Trophy Value N\$	Other use Value N\$
trophy value for that species in the conservancy landscape	Baboon	3	3								600	
trophy values vary depending on trophy	Caracal	2	2								2,700	
quality, international recognition of the	Cheetah	1	1								11,100	
hunting operator and the hunting area	Duiker	2	2								1,900	
Potential other use value - the average meat value for common species	Jackal	5	5								400	
meat value for common species	Klipspringer	2	2								5,500	
or	Kudu*	12	3	9							9,900	116,874
the average live sale value of each high	Ostrich	6	2	4							2,000	720
value species (indicated with an *). High value species are never used for meat	Mtn Zebra	5	2	3							6,300	3,984
Fractions of animals indicate that a quota of 1 animal was awarded with conditions i.e. a) over a period of several years and/or b) is shared with other conservancies												

monitoring numbers and trends for a healthy conservancy...

Current wildlife numbers and status

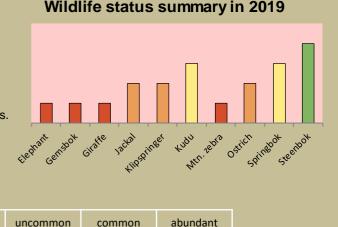

Desired Number – gives the species status in the conservancy based on what the conservancy would like to have.

dark green (abundant) - reduce a lot; light green (common) - reduce a little; yellow (uncommon) - keep numbers the same;

light orange (rare) - double numbers;

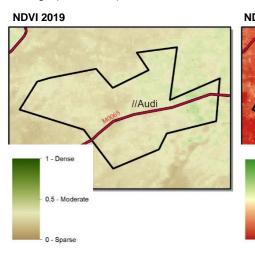

Key to wildlife status

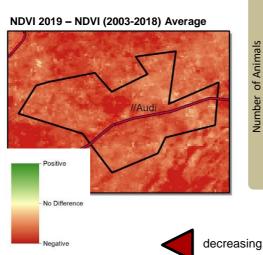

dark orange (very rare) - more than double numbers.

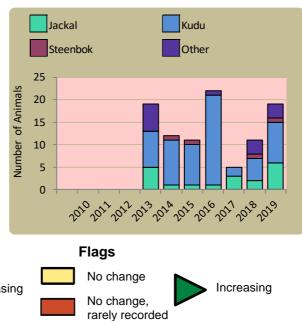

Vegetation monitoring

Green vegetation index (NDVI). Maps show vegetation cover during Feb-Apr of the current year and the difference between the current year and the long-term average (2003-2018)

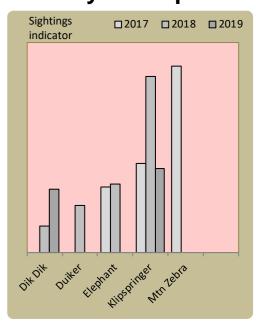

Wildlife mortalities

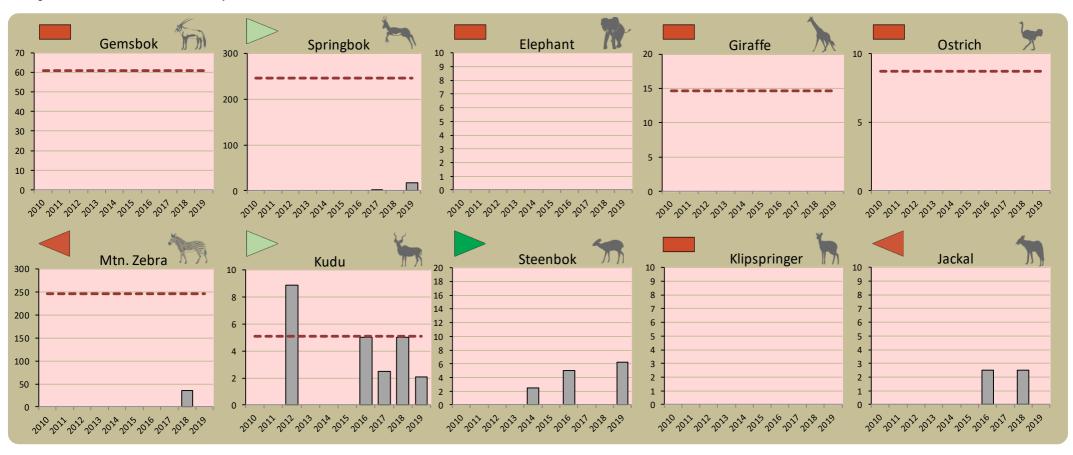

Locally rare species

Locally rare species are not found very often in the conservancy and need special conservation attention.

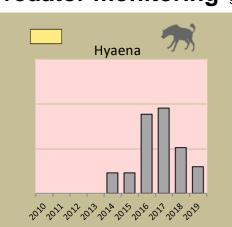

Annual game count

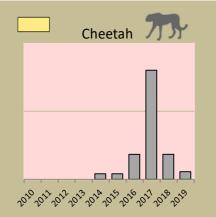

Charts show the number of animals seen each year per 100 km driven during the game count. As a point of reference the dashed horizontal line represents the combined 10 year average in Palmwag and Etendeka concessions. Status flags reflect the general count trend over the last 5 years.

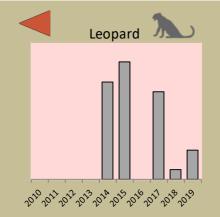

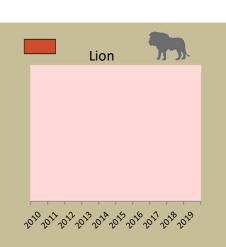

Predator monitoring

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

Enabling wise conservancy governance...

Conservancy Statistics

Date Registered:October 2006Population (2011 census):590Size (square kilometres):335Registered members:235

Key Compliance Requirements

Was an AGM held?	×
Were elections held?	×
Were benefits distributed according to the BDP?	×
Is game managed according to the GMUP?	×
Was the financial report presented and approved?	×

Conservancy Governance

Number of management committee	Male	Female	Total	
Number of management committee members	5	6	11	
Attendance at AGM				
Date of the last AGM:				
Date of the next AGM:				
Other important issues				
Budget approved?				
Work plan approved?				
Annual conservancy report approved?				

Benefit Distribution

Туре	Description	Beneficiary	Number

Employment

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	3	4	7
Number of Community Game Guards	3	4	7
Number of Community Resource Monitors			

Governance Performance Rating How well did the conservancy perform in the past year?

Performance Category	This Year	Prev. Year	Explanation of performance category					
1 Member engagement			The conservancy is adequately engaging its members					
2a Benefit planning			The conservancy developed its BDP in a transparent and participatory manner					
2b Benefit distribution			The conservancy distributes benefits to its members in a fair, transparent and equitable manner					
3 Accountability		Conservancy members are holding the management committee accountable						
4 Compliance	The conservancy is compliant with the standard operating proceedures (SOPs)							
5 Stakeholder engagement			The conservancy maintains relationships with key external stakeholders					
6 Financial management			The conservancy is effectively managing its finances
