J. MUTORWA
MINISTER OF AGRICULTURE,
WATER AND FORESTRY

Windhoek, 14 February 2013

SCHEDULE**BOUNDARY DESCRIPTION OF MUDUVA NYANGANA COMMUNITY FOREST:
KAVANGO REGION**

Muduva Nyangana Community Forest is situated in the north-eastern part of Kavango Region. The area lies within Ndiyona Constituency and belongs to the Geiriku Traditional Authority. It borders Botswana in the south-east, Khaudum National Park in the south and George Mukoya Conservancy and Community Forest in the West. The boundary of Muduva Nyangana Community Forest is defined by eleven 'Corner Points'.

Corner point A not only forms the south-western corner of Muduva Nyangana Community Forest, but at the same time defines the south-eastern corner of George Mukoya Community Forest. It lies on the northern boundary line of Khaudum National Park approximately seven kilometres to the west of the national border to Botswana. From corner point A the boundary line runs in a northerly direction along the border of George Mukoya Community Forest towards corner point B. At corner point B the boundary line sharply turns to the west and runs towards corner point C. At corner point C the boundary line sharply turns to the north and runs towards corner point D. Corner point D marks the north-eastern corner of George Mukoya Community Forest. From here, the boundary line continues in a northerly direction towards corner point E. Corner point E defines the point at which the boundary line meets the asphalt road B8 (Trans-Caprivi Highway). From here, the boundary line follows the road in the direction of Katima Mulilo towards corner point F. At corner point F the boundary line makes a long-stretched curve and follows the road B8 in a north-easterly direction towards corner point G. Corner point G marks the north-eastern corner of Muduva Nyangana Community Forest. Here, the boundary line sharply turns off the Trans-Caprivi Highway and follows a fire cutline leading in a southerly direction towards corner point H. Corner point H defines the north-eastern corner of Muduva Nyangana Conservancy. From here, the boundary line follows the fire cutline for approximately 35 kilometers towards the national border of Namibia and Botswana. Corner point I marks the point at which the boundary line of Muduva Nyangana Community Forest intersects with the national border of Namibia and Botswana. From here, the boundary line follows the national border line in a westerly direction towards corner point J. At corner point J the boundary line sharply turns to the south following the national border line towards corner point K. Corner
