

GEOMORPHOLOGY

Data ID

Description: Major geomorphological features within the coastal zone

Chapter: Ch3 Foundations and landscapes

File name: geomorphology

File type: ArcView shapefile

Geographical area: Coastal Zone

Keywords: geomorphology
Figure 22

Notes on data, analysis and compilation, and source: Derived using the geology shapefile from the Atlas of Namibia. The geological units in combination with various images were used as a guide to develop an illustrative shapefile of coastal geomorphological features. Feature boundaries and names were created by Roger Swart.

Data quality

Positional Accuracy: Approx. 1:1000000 scale

Vector/Raster: Vector

Spatial reference

Projection: Geographic

Spheroid WGS84
