

maximising wildlife returns by minimising threats...

## Performance Indicators

### Management performance in 2019

Category	Performance
1 Adequate staffing	Good
2 Adequate expenditure	Good
3 Audit attendance	Good
4 NR management plan	Good
5 Zonation	Good
6 Leadership	Good
7 Display of material	Good
8 Event Book modules	Good
9 Event Book quality	Good
10 Compliance	Good
11 Game census	Good
12 Reporting & adaptive management	Good
13 Law enforcement	Good
14 Human Wildlife Conflict	Good
15 Harvesting management	Good
16 Sources of NR income	Good
17 Benefits produced	Good
18 Resource trends	Good
19 Resource targets	Good

### Key to performance indicators

Performance is assessed on a scoring system from zero (none) to a maximum of between 3 and 6 (strong/excellent) depending on the indicator.

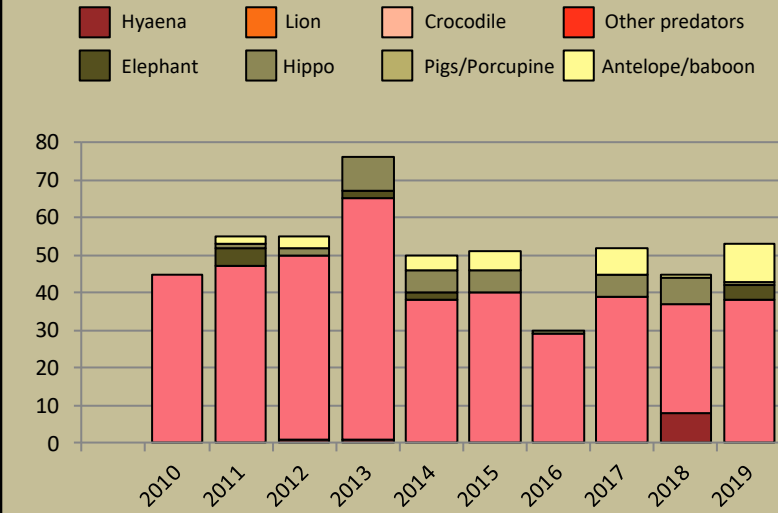

Indicators 1-17 reflect the performance of the management team in place in the conservancy and an efficient team can achieve a good rating in all 17 indicators.

Indicators 18 & 19 are influenced by external factors and are not considered a reflection of conservancy management. They indicate the current status of wildlife in the conservancy in relation to a theoretical optimal situation.

## Human wildlife conflict

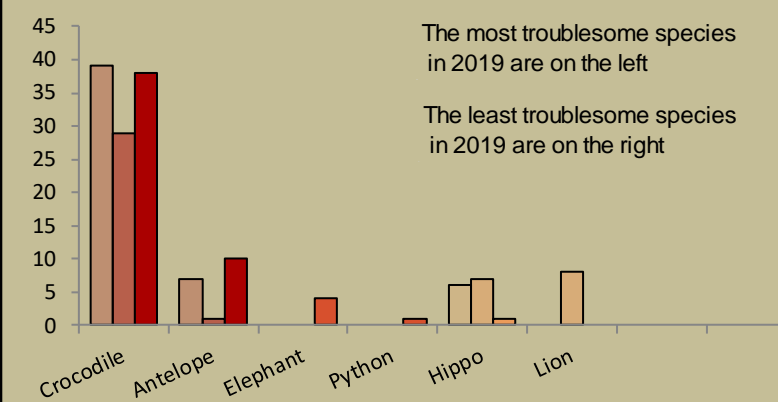

### Human wildlife conflict trend

the chart shows the total number of incidents each year, subdivided by species, grouped as herbivores and predators

### Most troublesome problem animals 2017-2019

the chart shows the number of incidents per species for the last 3 years; the darkest bar (on the right) indicates the current year for each species

### Type of damage by problem animals 2017-2019

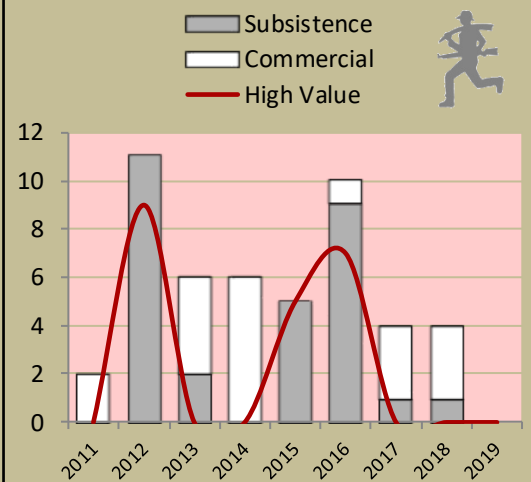

the chart shows the number of incidents per category for the last 3 years; the darkest bar (on the right) indicates the current year for each type

## Poaching

### Number of incidents per year

Commercial poaching is a serious threat to conservancy benefits. The chart shows the number of incidents per category

### Traps and firearms recovered

number of incidents per category

### Arrests and convictions

number of incidents per category

## Wildlife removals – quota use and value

### Potential value estimates (N\$) for species are based on:

• **Potential trophy value** - the average trophy value for that species in the conservancy landscape

trophy values vary depending on trophy quality, international recognition of the hunting operator and the hunting area

• **Potential other use value** - the average meat value for common species

or

the average live sale value of each high value species (indicated with an \*). High value species are never used for meat

Species	Quota 2019			Animals actually used in 2019						Potential Trophy Value N\$	Potential Other use Value N\$
	Total	Trophy	Other Use	Trophy	Own Use & Premium	Shoot & Sell	Capture & Sale	Problem Animal	Total Use		
Buffalo	15	10	5	10	4				15	79,200	6,600
Crocodile	2	2		2					2	29,300	
Elephant*	6	2	4	2	3				6	220,800	360,000
Hippo	7	4	3	4	2				7	35,500	6,600
Lechwe	2	2		2					2	20,900	

# monitoring numbers and trends for a healthy conservancy...

## Current wildlife numbers and status

Species	Animals Seen	Estimate	Wildlife Status		
			Count Trend	Landscape Status	Desired Number
B. Zebra				Dark Green	
Buffalo				Yellow	
Duiker				Light Orange	
Elephant				Yellow	
Giraffe				Light Orange	
Impala				Yellow	
Kudu				Light Orange	
Roan				Dark Orange	
Sable				Dark Orange	
Steenbok				Yellow	

**Desired Number** – gives the species status in the conservancy based on what the conservancy would like to have.

**dark green** (abundant) – reduce a lot;  
**light green** (common) – reduce a little;  
**yellow** (uncommon) – keep numbers the same;  
**light orange** (rare) – double numbers;  
**dark orange** (very rare) – more than double numbers.

### Wildlife status summary in 2019

### Key to wildlife status

### Flags

## Fixed route patrols

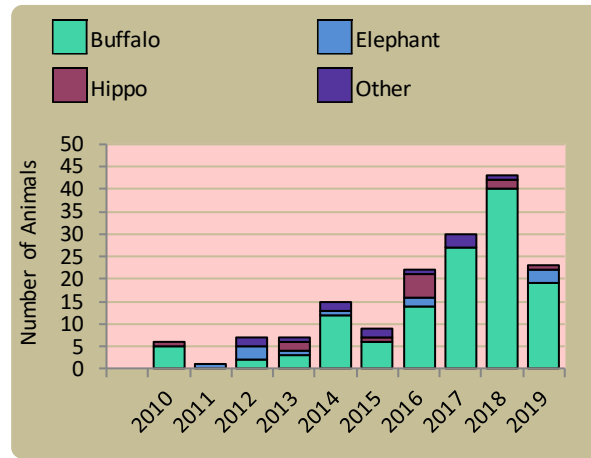

charts show the number of sightings of each species per fixed route foot patrol each year. Status flags reflect the general sightings trend over the last 5 years

## Wildlife introductions

## Wildlife mortalities

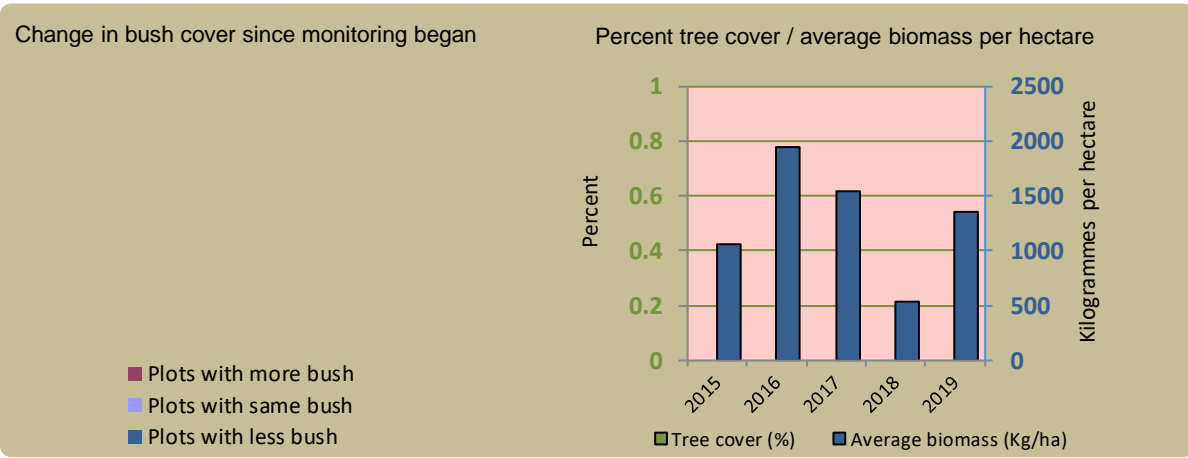

## Locally rare species

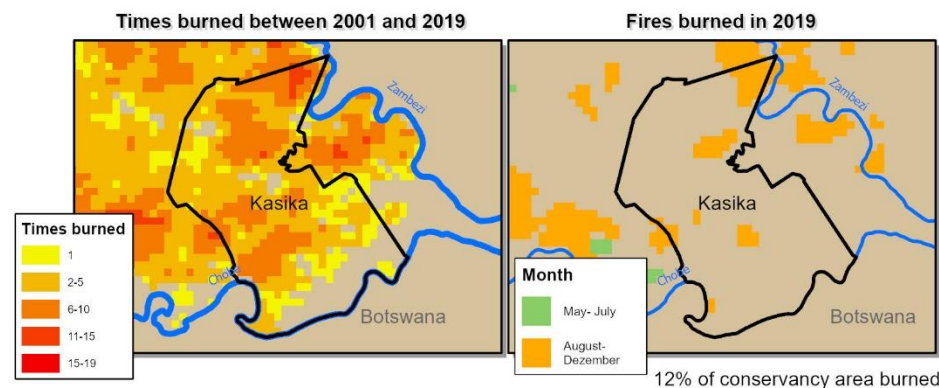

Locally rare and endangered species are not found very often in the conservancy and need special conservation attention.

## Vegetation monitoring

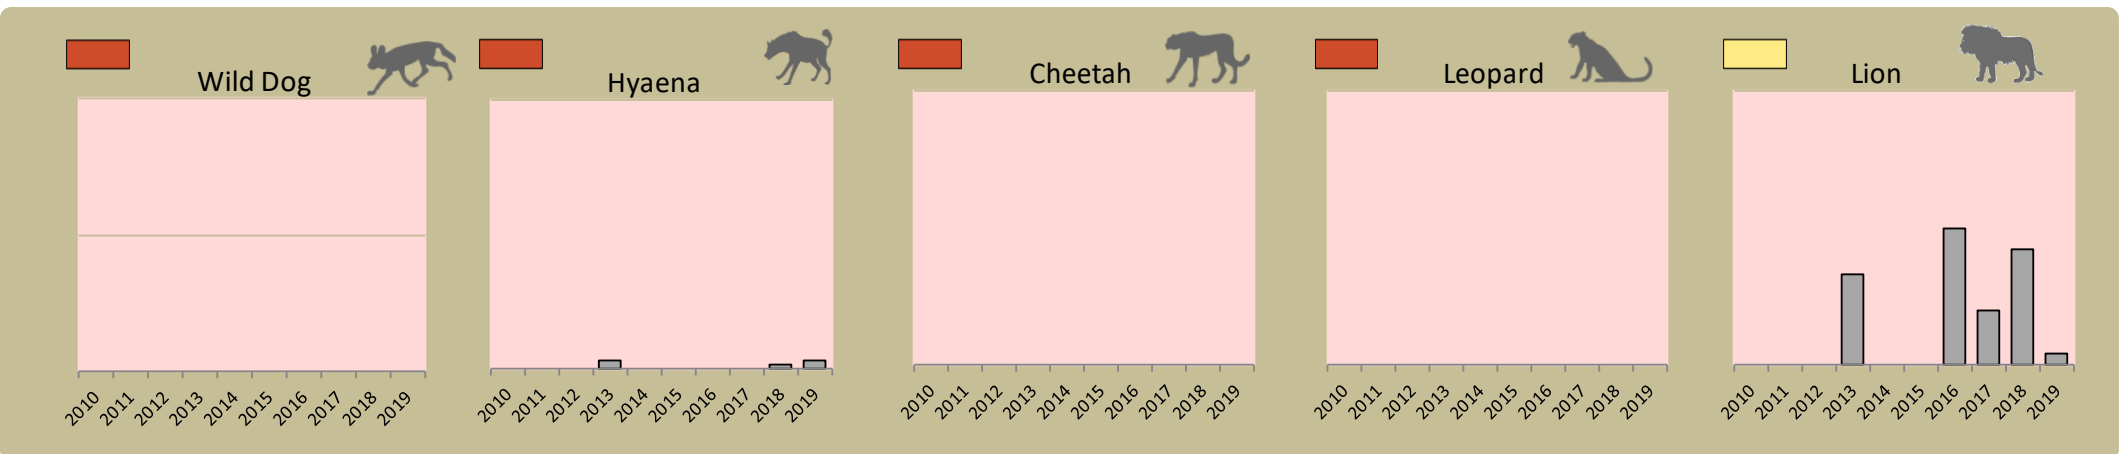

## Fire monitoring

## Predator monitoring

charts show the average number of animals seen per Event Book each year. Status flags reflect the general sightings trend over the last 5 years

Wildlife provides a wide range of benefits. Some wildlife can cause conflicts, but all wildlife is of value to tourism, trophy hunting and a healthy environment.

By using all the available information and adapting and improving activities, threats such as human wildlife conflict, poaching and other issues can be minimised.

### Enabling wise conservancy governance...

#### Conservancy Statistics

Date Registered:	December 2005
Population (2011 census):	1130
Size (square kilometres):	147
Registered members:	976

#### Key Compliance Requirements

Was an AGM held?	✓
Were elections held?	N/A
Were benefits distributed according to the BDP?	✓
Is game managed according to the GMUP?	✓
Was the financial report presented and approved?	✓

#### Conservancy Governance

	Male	Female	Total
Number of management committee members	5	8	13
Attendance at AGM	39	41	80
Date of the last AGM:	05/12/2019		
Date of the next AGM:	5/12/2020		
Other important issues			
Budget approved?	✓		
Work plan approved?	✓		
Annual conservancy report approved?			

#### Benefit Distribution

Type	Description	Beneficiary	Number
Community Devp.	Water Installation	People	316
Social Benefits	Churches	People	9
	Crash Pan		
	Funeral Cover	Households	12
	School Donations	Children	244
	Sports	People	12
	Trustees	People	4
Meat Distribution	Meat Distribution To Members	People	976
Other Benefits	Chief Allowance	People	1
	Local Ta	Children	6
	Village Tax	People	44

#### Employment

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	9	8	17
Number of Community Game Guards	8	4	12
Number of Community Resource Monitors			

#### Governance Performance Rating How well did the conservancy perform in the past year?

Performance Category	This Year	Prev. Year	Explanation of performance category
1 Member engagement	Exceptional		The conservancy is adequately engaging its members
2a Benefit planning	Exceptional		The conservancy developed its BDP in a transparent and participatory manner
2b Benefit distribution	Exceptional		The conservancy distributes benefits to its members in a fair, transparent and equitable manner
3 Accountability	Exceptional		Conservancy members are holding the management committee accountable
4 Compliance	Exceptional		The conservancy is compliant with the standard operating procedures (SOPs)
5 Stakeholder engagement	Exceptional		The conservancy maintains relationships with key external stakeholders
6 Financial management	Exceptional		The conservancy is effectively managing its finances
