A 59-YEAR-OLD Namibian man was arrested on Friday for the alleged illegal possession of five lechwe carcasses in the Chikuzwe area of the Zambezi region.

Zambezi's regional head of the police's protected resources unit, Morgan Saisai, told *The Namibian* today that after gathering intelligence, they set up a roadblock at Chikuzwe, which led to suspect's arrest.

A case of being in possession of controlled wildlife products was registered at Katima Mulilo Police Station.
