One Arrested for Illegal Hunting

Maria David

A man has been arrested for contravening Act 04/1975, Section 30, related to the hunting of huntable game at Farm Hamis in the Khomas region.

According to the police weekend report, it is alleged that two suspects entered Farm Hamis and shot a kudu bull without permission. The farm workers heard the gunshot and responded by alerting the Namibian police, who acted promptly and arrested one of the suspected poachers.

The second suspect fled the scene with the hunting rifle and has not yet been apprehended.

The kudu carcass was recovered and valued at N\$6,000.
