### **PUBLIC CONSULTATION MEETING MINUTES:**

Environmental and Social Impact Assessment for the proposed prospective and exploration activities on Exclusive Prospecting Licence (EPL) No. 9360 located near Warmbad, //Karas Region, Namibia

Date: Saturday, 05 April 2025

**Time:** 13:00 – 17:00

Venue: Farm to Farm Consultation and Velloordrift Border Post

The public consultation meeting was conducted on a farm to farm consultation basis, and also at the Velloordrift Border Post, including three (3) Consultants from Excel Dynamic Solutions (Pty) Ltd (EDS) - Please refer to the attached attendance register.

### 1. INTRODUCTION AND WELCOMING REMARKS

The farm to farm and Velloordrift border post meeting was opened by the Environmental consultant with an introduction of the project, and the reason why the affected parties are being consulted.

The meeting attendance register was circulated for the attendee to write down their names and contact details so that they could be added to the list of Interested and Affected Parties (I&APs) and receive further information on the ESIA process.

### 2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

### 2.1 Brief Description of the Project

Physical Address: Maerua Mall, 5th Floor, Windhoek

Postal Address: P.O Box 997154, Maerua Mall, Windhoek

Email: public@edsnamibia.com Web: www.edsnamibia.com

The Environmental and Social Impact Assessment (ESIA) and the reason that the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESIA and apply for the Environmental Clearance Certificate (ECC).

### 2.2 Explanation of what an ESIA is, its Process, and the Public Role in the Process

Mr. Silas David explained to the attendee the purpose of the meeting and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. David further explained that the proposed activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

### 2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

### 2.4 Public Open Discussion (Interactive Session)

Mr. David allowed the meeting attendee to raise their concerns, issues, and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 05th April 2025

Comment/	Commenter name &	Response and name of responder:
issue No.	issue/comment/question	
1.	Mrs. Nuukunde: It is important to note that	Mr. David (SD): Noted.
	when the prospecting and exploration	
	activities commences in the area, the	
	Proponent must ensure that no poaching is	
	allowed on the farms, and the farmers gates	
	must be closed at all time. Poaching is high in	
	the area.	
	Drilling during the exploration phase, drilling	
	activities must ensure that drilling activities do	
	not cause wild fire on the farms.	
	The area has high risk for illegal border	
	crossing, into south Africa and vice-versa;	
	where people attempt to use the Orange	
	River as a channel of illegal crossing. The	
	workers on-site must be made aware that	
	illegal border crossing is highly prohibited,	
	and trespassing farms is not allowed.	

Comment/	Commenter name &	Response and name of responder:
issue No.	issue/comment/question	
2.	Mr. Badenhorst: We have agricultural proposed projects on Farm Verlloordrift. Therefore, the exploration activities on our farm will affect the agricultural plan. Thus, we do not support such activities on our farm.  Animal poaching is a huge concern in the area, locally, and through illegal border crossing through the Orange River. The Proponent must take this into account, as exploration and prospecting activities in the area can increase the likelihood for animal poaching.  Drug smuggling into Namibia is a big concern and the proposed activities can increase the chances.	
3.	Mr. Strauss: Non-invasive activities will be allowed on my farms (soil sampling). However, no exploration (drilling and trenching) will be allowed on our farms.  No poaching of animals will be allowed on our farms, and the prospecting team will only be allowed to work from 08:00 – 17:00.	Mr. SD: Noted.  Mr. SD: The environmental Management Plan which will be shared with all affected and interested parties for their review and/or comments, will outline the mitigation measures of all negative impacts.

Comment/	Commenter name &	Response and name of responder:
issue No.	issue/comment/question	
	The roads within our farms are private roads,	Mr. SD: Noted.
	and if the Proponent intends to conduct	
	prospecting activities on our farms, the	
	Proponent must contribute and compensate	
	for the road maintenances.	
	One of our Farm Beenbreek have	Mr. Roland Mushi (RM): Thank you. The coordinate systems will of good use, even
	archaeological features (graves), and we can	though I will be required to take pictures of such finding for the Archaeological and
	provide you with coordinate system. EDS	Heritage Impact Assessment.
	must pass through Farm Khaais to go to farm	
	Beenbreek for the assessments.	

### FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. David thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendee that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Social Impact Assessment (ESIA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. David informed the attendee that the draft meeting minutes, ESIA Report, and Environmental Management Plan (EMP) will be shared with the parties for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESIA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The farm to farm public consultation meeting adjourned at 17h00.

the La Liga. ... Real Madrid recorded a convincing 2-0 win over Villareal in

### Villarreal to level 693 Madrid beat leaders Barca

first defeat since January with a 2-0 win over Villarreal on Saturday in La Liga.
Los Blancos lost in the Champions
League at Lille, but are still unbeaten in the Spanish topflight, and moved level with leaders Barcelona before the Junior strikes helped Rea Madridbouncebackfromtheir

to put a four-point gap between them and their third-placed opponents, who battled well but came up fractionally short in the capital.

Madrid's victory was marred by a Catalans were to visit Alaves yesterday
Valverde's deflected effort, and a
rocket from Vinicius allowed Madrid

Madrid's victory was marred by a late injury to defender Dani Carvajal, who had to be taken off a stretcher.

Madrid coach Carlo Ancelotti started Kylian Mbappe after the French striker recovered from a thigh

problem.
The former Paris Saint-Germain striker could appear only from the bench in Madrid's disappointing midweek display.

Mhappe, whom France have not selected for upcoming Nations League fixtures, was quiet at the Santiago Bernabeu as his team ground out victory with a determined, rather than incrining performance.

inspiring, performance.
The forward sent an early volley off-target from Luka Modric's corner.
Instead, it was midfielder powerhouse Valverde who broke the deadlock after 14 minutes.

The Uruguayan's drive from distance deflected off Villarreal playmaker Alex Baena, and arced beyond the reach of goalkeeper Diego

The visitors, enjoying a strong start to the season under coach Marcelino

Garcia Toral, came close when Nicolas Pepe's header clipped the top of the crossbar.

Then Thierno Barry headed over from close range.

Mbappe had one further chance, bursting into the area with his electric pace, but goalkeeper Conde managed to dispossess him with an outstretched

leg.
Villarreal appealed for a penalty
early in the second half when Aurelien Tchouameni, playing at centre-back, pulled down Barry, but the French

Baena hit the side-netting of Andriy Lunin's goal with a free-kick, nearly catching out the Ukrainian goalkeeper standing in for the injured Thibaut

Courtois.

Vinicius flashed a shot narrowly wide before his strike partner Mbappe was replaced with 20 minutes to go by Rodrygo Goes.

Brazil striker Vinicius, who is hoping to win a first Ballon d'Or later in October, netted the second with a superb effort from outside the area, which ripped into the top corner.

In stoppage time, Spanish right-back Carvajal suffered an injury while attempting to clear the ball under pressure from Yeremy Pino.

Earlier nine-man Celta Vigo earned a 1-0 win at bottom of the table Las Palmas.

The Canary Islanders were unable to record their first win of the season even after llaix Moriba and Iago Aspas' red cards for Celta, who climbed to ninth thanks to Borja Iglesias' goal.

Osasuna moved into fifth with a 1-1 draw at Getafe, while Espanyol beat Mallorca 2-1 and Rayo Vallecano
