RE: Allocation of a piece of land to Telecom Namibia

The Linyanti Sub-Khuta has given a piece of land at the site of Linyanti village in Linyanti area to construct a tower for network, Wi-Fi and other fibers.

So, this Khuta has no objection, but to accept the development that is coming to our village and the community at large.

The traditional authority of Linyanti visited the site together with the Telecom personnel to show them the allocated site and piece of land, which they had appreciated.

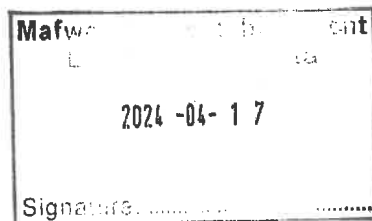

We will appreciate it if our concerns are considered by your esteemed office.

The Khuta looks forward to your prompt response.

Yours Faithfully

Dear Madam
Ref: Confirmation of public about the tower contaction sites

The above headlines bears reference to this letters

On the 19th of December 2024 the village headmen summoned the Linyanti Village Community for Corfirmation and verification of an agreement that was made in 2015 – 2024 to allow powercom to contract Telecommunication tower at Linyanti Village

The entire Linyanti community confirmed and reaffirmend that such an agreement does exist and they all would like it go ahead as agreed previously . If is for these reason that they are availing a contruction site to powercom to construct a tower.

Attached : Kindly find an attendance list with signature and cellphone numbers for the attendees of the said meeting.

Yours Faithfully
Tiyeho Munalisa
