
FORM TECH-6

CURRICULUM VITAE (CV)

Position Title and No.	Lead Environmental Practitioner Air Quality and Noise Climate Change and Sustainable development
Name of Expert:	Tendai E. Kasinganeti (+ 11 years)
Date of Birth:	27/11/1990
Country of Citizenship/Residence	Namibian Residence (WP)

1. Education:

ACADEMIC QUALIFICATIONS		
Name of Course	Institution	Year conferred
BSc Hons. Geography and Environmental Science	Midlands State University, Zimbabwe	2012
Master of Geoinformation Science and Earth Observation (Natural Resources Management)	Namibia University of Science and Technology	2021
PhD- Natural Resources Management and Climate Change	University of Botswana-Okavango Research Institute	Ongoing

2. Other Training:

- Certificate on Going Green for Social Entrepreneurs (Young African Leaders Initiative Network, USA, 2016)
- Fundamentals of Health and Safety in the Workplace (Allison International, Ireland, 2016)
- Introduction to Ecosystem Service Valuation and Policy Design (RESMOB Namibia, 2018).
- Introduction to Carbon Reduction Measures and Becoming Green (Allison International, Ireland, 2021)

3. Employment Record:

Period	Employing organization and your title/position. Contact info for references	Country	Summary of activities performed relevant to the Assignment
April 2017 to date	Environmental & Sustainability Consultant Mr. Timo David Director: Project Management D&P Engineers and Environmental Consultants E: tdavid@dpe.com.na	Namibia	<ul style="list-style-type: none"> ▪ GIS mapping and Environmental Sensitivity mapping. ▪ Providing professional consulting services to clients in Namibia with focus on EIAs, EMPs reporting and compliance advisory. ▪ Conducting Environmental Scoping Assessments and Environmental Management Plans ▪ Application for Environmental Clearance Certificates ▪ Environmental Control for projects during construction and operation. ▪ Environmental Quarterly and Biannual reporting ▪ Environmental monitoring and compliance auditing.
January 2013 to April 2017	Environmental Planner Mr. Henry Krohne Director-Plan Africa Consulting E: pafrica@mweb.com.na	Namibia	<ul style="list-style-type: none"> ▪ Coordinating and managing Environmental Impact Assessment Studies: ▪ Environmental Reports writing. ▪ Conducting Bio-Physical studies. ▪ Stakeholder engagement and consultation ▪ Environmental Monitoring and Auditing ▪ Land use Mapping and GIS

July 2012 to December 2013	-Student intern -Junior Environmental and Spatial Consultant Mr. Anesu Mudiwa Director: NWAS Environmental Consulting E: anesu@nwas.co.zw W: www.nwas.co.zw	Zimbabwe	<ul style="list-style-type: none"> ▪ Occupational Health, Safety and Environmental Management ▪ Baseline surveys for EIA projects (Social, ecological, economic and political impact Assessment) ▪ Compiling Environmental and Social Impact Assessment Reports for different projects ▪ Public and Stakeholder consultation ▪ Environmental Compliance Auditing and Quarterly Reports ▪ Soil and water samples processing (Sample collecting, sending for lab tests and interpretation of results) ▪ Emissions testing

PROFESSIONAL SUMMARY

Erikka Mokanya is a forward thinking and results-oriented environmentalist with a Master's degree in Environmental Management specializing in sustainable development, obtained from the University of Pretoria in South Africa. She has extensive professional experience in coordinating project activities, gender mainstreaming, and applying Sustainable Land and Forest Management practices that encourages a right balance in ecosystem health, productivity, diversity and resilience. Erikka has extensive experience collaborating with communities to create and execute creative responses to environmental and socio-economic problems through the development of nature based solutions or Green Value Chains for improved ecosystem functioning and climate adaptation. In strong cooperation and partnerships with the government, non-governmental groups, and international organizations, she effectively executed her duties as a project implementation officer. She has experience working on donor-funded projects (DSL-IP Project, Green Urban Spaces, NAMares, FRACTAL) harnessing stakeholders' ideas, resources, and capabilities to deliver project outcomes on time and on budget. Erikka is passionate about creating positive environmental change that contributes to enhancing biodiversity and ecosystem functioning and improving quality of life for all.

Project management skills

- Ability to manage risks, apply critical thinking and adapt to changing circumstances
- Budgeting and monitoring expenditures
- Proving staff support and overseeing
- Delegation, prioritizing tasks, managing resources
- Report writing
- Scheduling, time management and provision of capacity development support
- Collaborative and problem solving skills
- Experience in stakeholder engagement (with wide groups), project coordination and management and client relationship management

Strategy and business development Skills

- Ability to build strategic partnerships and continue nourishing existing and new relations within the environmental sector while maintain co-ordinated positive actions for nature between resource users, policy makers, developers, government, and other stakeholders

Innovation and communication Skills

- Experience in attending industry focused events and webinars, conducting multi-stakeholder engagement, report writing and delivering presentations to a wide audience
- Ability to leverage on stakeholder's skills, develop new approaches for sustainable resource utilization for best practices, in collaboration with NGOs and other partners

- Experience in designing locally centred projects meeting the needs and respecting the rights of indigenous people
- Ability to work in a team and reach common goals

ACADEMIC QUALIFICATION

1. Namibia University of Science and Technology

MSc Environmental Engineering (Specialization – Energy Systems, September Graduation)

2. University of Pretoria, South Africa,

MSc. Environmental Management (Specialization – Sustainable Development)

3. University of Namibia, Namibia.

Hon. Fisheries and Aquatic Sciences (Specialization – Coastal Management)

4. Otjikoto Senior Secondary School: 2004 - 2008

Highest grade passed: Grade 12

WORK EXPERIENCE

November 2022 – Present

Regional Project Implementation Officer - Okavango Sub-Basin Landscape (Kavango East Region)

Ministry of Environment Forestry and Tourism - Dryland Sustainable Landscapes Impact Program,

Namibia Child Project – GEF Funded Project, Supported by FAO

- Coordinate all project activities and conduct stakeholder consultations at a landscape level
- Monitoring landscape based implementation outcomes / results through annual work plans
- Establish positive relationships with project stakeholders while building on collaborative efforts
- Assign tasks to landscape intern and manage schedule, work plan and landscape budget
- Provide administrative support to National Project Coordinator and Monitoring and Evaluation office
- Prepare annual work plans, quarterly reports and prepare project budget at a landscape level
- Provide support to the development of TORs for short-term consultants and contracts for local service provision
- Represent project at local, regional, national and international conferences
- Workshop facilitation and report writing
- Provide guidance and technical support to operational partners in implementing project related activities

November 2021 – September 2022

Project Researcher and Coordinator

University of Namibia (UNAM) - Namibia Marine Ecosystem Services for MSP in Namibia (NAMares) Project

- Coastal Ecosystem Services mapping and assessment
- Development of Sustainable Livelihood Framework for small scale fishers and shell collectors
- Marine ecosystem function education and literacy
- Project coordination and scheduling
- Stakeholder engagement, research, report writing, data collection, and analysis

September 2021 – December 2021

Urban Forestry Planner

Food and Agriculture Organization of the United Nations (FAO) – Green Urban Oasis Programme

- Conduct an urban ecosystem services assessment for the City of Windhoek (CoW)
- Conducting green urban oasis assessment for the City of Windhoek
- Collect baseline information on green spaces its management, planning, climatic information etc
- Conduct stakeholder consultations and identify urban space's social, economic, environmental, climate adaptation and mitigation benefits
- Stakeholder mapping in the target assessment city
- Identify policy and legal frameworks governing urban spaces and noting limitations for improvement
- Draft action plan for the use and management of urban spaces within the CoW
- Provide guidance on the Land Use/Land Cover and the spatial distribution of urban green spaces in CoW

March 2021 – May 2021

Project Administrative Assistant

University of Namibia (UNAM) - Future Resilience for African Cities and Lands – FRACTAL Project

- Assist project manager in coordinating project activities
- General project administration services
- Coordinate and facilitate the flow of information between FRACTAL and all relevant stakeholders and project partner (CoW)
- Workshop scheduling, co-facilitation, and logistics
- Conduct stakeholder consultation
- Research and report writing

February 2020 – December 2020

Environmental Intern

Namibia Power Corporation (NamPower) - Safety Health Environment and Wellness Section (SHEW)

- Provide environmental education and awareness (Internally and externally)
- Developing EMPs for power stations, substations, and transmission lines
- Developing environmental risk assessments
- Environmental inspections, monitoring and action plan
- Environmental compliance management
- Developing environmental aspects and impacts registers
- Running the in-house recycling program and supporting community and social responsibility initiatives
- Environmental data collection/capturing, analysis and interpretation
- Support section administrative activities

August 2019 – December 2019

Research Associate

Food and Agriculture Organization of the United Nations (FAO) – Dryland Sustainable Landscape Impact Programme – GEF Funded Project

- Perform land degradation assessment using Google earth
- Application of Collect earth software and google earth for land monitoring
- Assist the International SHARP Expert in the preparation of the survey questionnaire by contributing to locally-significant indicators
- Test the survey questionnaire and collect socio-economic data in project sites
- Report writing
- Provide support in the design of project implementation activities

November 2018 – December 2018

Regional Coordinator – Omusati Region

University of Namibia (UNAM) - National Study on Agricultural (Commercial) Land Demand and Purchase Survey

- Data collection, cleaning and management
- Consultation with key stakeholders in the region
- Team management and coordination
- Time scheduling and report writing
- Coordinate and facilitate field activities

October 2017 – February 2018

Administrative Officer

Ministry of Education – Directorate of National Examination

- Data management, report writing and filing
- Providing basic administrative support
- Scheduling meetings and minute taking
- Managing examination inventory materials
- Client service support

May 2016 – May 2017

Environmental intern

ImpactSHERQ Africa – Environmental Consultants

- Developing Environmental Management Plans
- Providing support in conducting Environmental Management System audits (ISO 14001:2004)
- Providing training on the requirements and interpretation of ISO 14001:2005 standard
- Client service provision

February 2013 – February 2014

Fisheries Inspector

Namibian Standards Institution (NSI)

- Conduct physical and organoleptic inspections on fish and other fisheries products based on guidelines
- Administrative work according to ISO 17020 requirements.
- Inspect fishing vessels and land-based fishing factories and communicate inspection results to clients
- Conduct HACCP audits on the fishing vessels and land-based fish processing factories

PROFESSIONAL DEVELOPMENT

- Hazard Identification and Risk Assessment Training, July 2020
- Accessing and interpreting climate information Training, June 2019.
- Forest Management Auditing Principles Training, September 2015.
- ISO 14001:2004, Lead Auditor Training, Environmental Management Systems, September 2015.
- ISO 14001:2015, Auditor conversion training, November 2017
