To whom it may concern

This letter serves to endorse the confirmation of the Headman of Ontananga "A" Village Mr. Alfred Kakwele ID 67011000143 for having allocated a portion of land to Power Com to erect a network Tower in that village.

It is a well-known fact that, communication is critical to information sharing within the community, which in turn is necessary for the education of the community. Erecting a Network Tower in the communal area is beneficial to the community and to the learners schooling within the area to be covered by the network.

Thus, based on the above stated reasons the Ondonga Traditional Authority has no objection in recommending the erection of the Network Tower by Power Com at Ontananga "A" Village as it will bolster community development in the region.

Thanking you for your understanding and cooperation

FRANS ENKALI

SECRETARY: ONDONGA TRADITIONAL AUTHORITY
