Dear Sir

Re: Urgent requesting for a network Tower in the area of Lisikili.

We the Lisikili V.D.C we are requesting your office assistance to provide us with a Network Tower in our area since we don't have any tower closer.

When making call we normally hang our phones on trees to search for network which makes it impossible for us to communicate well with our relatives, calling the police station office once we are attacked by criminals or while in danger. Sometimes we are missing calls and get messages late when we are called for jobs interviews or needed to attend the aptitude test. We as Lisikili community we agreed to offer the land for network to build on.

We are looking forward from your office

Yours Faithfully

Misika Victor
Chairperson

Mr. Rodwell Mabuku
Village Induna

Mr. Moowa Cornard
Vice Induna
